Diplomatic red tape is a barrier Mrs. Harold Dahl, pretty, blond wife of Harold Dahl, American aviator whom she saved from the firing squad as a Madrid spy when she induced Spanish rebel General Francisco Franco to reprieve him, can't hurdle to rejoin him, French and U. Balanced Budget Is Promised

WASHINGTON, Oct. 22.—(UP)—President Roosevelt today promised an absolute balance of the federal budget for the 1938-39 fiscal year and called in farm and treasury aides to consider means of financing the proposed budget-disturbing corn and loan program.

The president said he would discuss the proposed corn loan program which threatens further to unbalance this year's budget with farm and treasury officials before leaving for Hyde Park tomorrow. He conferred with Secretary of Agriculture Henry A. Wallace, Secretary of Treasury Henry Morgenthau, Jr., and Acting Budget Director Daniel Bell.

Progress Made
"Our conference today was limited to financing of corn loans," Wallace said. "We made progress and hope to report to the president next week."
Farm organizations have asked for 60 cents a bushel loan. Wallace suggested a 46 cent figure. He scouted suggestions that the present \$1,500,000,000 work relief appropriation might be insufficient to care for the nation's unemployed until next July 1—a development which might add to this year's estimated deficit. He said he believed the appropriation would be sufficient.

Mr. Roosevelt would voice no hint as to whether additional taxes would be needed to achieve his 1938-39 balanced budget.

"WOMAN IN RED" IS FREED BY JURORS

NEW BRUNSWICK, N. J., Oct. 22.—(UP)—A jury acquitted Margaret Drennan today of the murder charge brought against her for killing Paul Reeves, the father of her unborn child.

The 11 men and one woman found that the 20-year-old "Woman in Red" shot Reeves, married and the father of two children, in his home on the night of last Sept. 7 in an effort to prevent a criminal attack. Thus under New Jersey law the slaying was justifiable homicide.

The jury received the case at 1:17 p. m. today after hearing defense and prosecution summations and being told by Judge Adrian Lyon of Oyer and Terminer court that "She is guiltless if she killed during an attempted attack."

HITLER IS HOST TO DUKE AND DUCHESS

BERCHTESGADEN, Oct. 22.—(UP)—The Duke and Duchess of Windsor were received by Fuehrer Adolf Hitler today.

Hitler served his visitors tea on the balcony of his summer home, Obersalzberg, overlooking the valley as far as Salzburg in the warm, sunny Asturian weather. The Windsor party drove into the Obersalzberg grounds shortly before 3 p. m. after a sight seeing trip to Koenigssee Lake.

Loyalists Routed By Rebel Forces

140,000 MEN SURRENDER TO FRANCO

HENDAYE, Franco-Spanish Frontier, Oct. 22.—(UP)—The Loyalist government's last stand in northwestern Spain collapsed today as Nationalist Generalissimo Francisco Franco proudly proclaimed that his armies had conquered all of rich Asturias province. Nearly half the entire Loyalist army of 140,000 men had surrendered.

The fate of several thousand hard-bitten Asturian "dynamiters," who swore they would fight to the death, was uncertain. They were entrenched in the vicinity of Oviedo, about 10 miles south of Oviedo, and were virtually surrounded. It was believed they would surrender rather than be annihilated.

Avoid Slaughter
To avoid any possibility of a slaughter Franco was reported to have ordered strictly Spanish troops, and not the ferocious Moors, to complete mopping up the province in the next two weeks. Franco's Moorish troops, historic enemies of the Asturians, reportedly had been ordered to police Gijon and other coastal towns. But most of them were believed to have accompanied Franco's Italian volunteers.

GAY DEFENDS WALL STREET

NEW YORK, Oct. 22.—(UP)—Charles R. Gay, president of the New York Stock Exchange, believed today that there was need for a "balanced perspective" and "dispassionate judgments" on the recent stock market decline and on any drop that might occur in the future.

Repeating indirectly to charges that Wall Street had been responsible for the slump, Gay told the American Institute of Accountants that it was the "people's own estimate of values," set, not by Wall Street but by a thousand Main Streets, that determined security prices.

Gay noted that a sharp drop in offerings of new securities accompanied the market decline, and said that this obstacle in the flow of capital into business retarded recovery.

Record 31 New Lows
The New York Stock Exchange, under the leadership of railway stocks, closed from 1 to 4 points higher yesterday. The volume was 3,340,000 shares, compared with 4,335,000 on Wednesday. Of the 1906 issues traded, 784 rose and 124 fell. Only 13 new lows were recorded, the smallest number since the 16 of October 3.

Gay declared that complete recovery will come only when government, finance and industry cooperate to foster business development and individual initiative. He also emphasized the importance of a liquid security market as an aid to productive enterprise.

SEC INVESTIGATES NEW MARKET BREAK

WASHINGTON, Oct. 22.—(UP)—The Securities and Exchange Commission was engaged today in the most intensive study of stock market mechanism in its three year "history" to determine what caused the recent market break. Although the S.E.C. continually analyzes the stock market to detect possible manipulative activities, the present study is the broadened to include not only the private operation of the exchange machinery but the effectiveness of the commission's own regulations.

A S.E.C. official stressed, however, that this did not mean the commission was contemplating any new rules or regulations.

Freshman Queen

Aleen Miller, popular young freshman at Santa Ana Junior college, has been selected "Queen of the Freshman Class." One look at the picture, and the reason for her selection is obvious.

J. C. FRESHMEN SELECT QUEEN

Queen of the freshman class! Miss Aleen Miller today claims that title at Santa Ana Junior college as a result of election held this week to determine the most popular co-ed of the freshman class.

A large majority determined Miss Miller's election early this week. She defeated Peggy Paxton and Jeanne McDonald for the title. The contest was sponsored by El Don, jaycee weekly. Vic Rowland, editor, originated and conducted the contest.

The new "Queen"—in name only—is 5 feet 2 1/2 inches tall, has brown hair and hazel eyes. She is a member of Las Meninas, women's service club. Miss Miller graduated from Santa Ana High school last year.

GUARDS SEEK KNIFE AFTER JAIL FIGHT

SAN QUENTIN PRISON, Cal., Oct. 22.—(UP)—Prison guards made an exhaustive but unsuccessful search of cells today seeking one of the two knives used in two separate stabbings last night in which one convict was wounded critically and two others were slashed.

The missing knife was used in the second fight in which Rolla Malone, 23, Tulare county forger, who claimed to be "an innocent bystander," received a four-inch gash in the abdomen. Prison physicians said he might die.

The first of the two fights started in the prison yard as hundreds of convicts were assembling for their evening meal. Guards said Antonio Brown, convicted of burglary in Alameda county, was stabbed by Juddie W. Savage, 19, of Siskiyou, sent to prison for manslaughter.

MEXICANS RELEASE 'RIOTING' STUDENTS

TIJUANA, Baja Calif., Oct. 22.—(UP)—Seven Long Beach high school students, whose asserted celebratory of a football victory, landed the jail of this resort border town last week, were homeward bound today.

The seven were released after their parents posted 2200 pesos, about \$600, to cover damage assertedly done by the students in a near riot at a resort here. The students emphatically denied participating in the rioting but Mexican authorities refused to release them from the jail until the money was posted.

RUSSIA BALKS AT PLAN TO REMOVE SOLDIERS

SEEK "RATIO" EVACUATION OF TROOPS

LONDON, Oct. 22.—(UP)—Soviet Russia was reported today to have slowed up the deliberations of the Spanish non-intervention powers by insisting on proportional withdrawal of foreign "volunteers" instead of an equal withdrawal from both sides in Spain.

Britain and France previously had agreed to the Italian demand for equal withdrawal, but Russia held to the theory that more foreigners are fighting with the Nationalists than with the Loyalists, and that therefore the withdrawal should be in ratio to the number fighting on each side.

Russia's attitude temporarily slowed up the negotiations, although it was considered likely that the objection was only nominal and that Britain, France and Italy would reach their point speedily.

The French government sent Ambassador Andre Charles Corbise.

STORM BLAMED FOR AIR CRASH

SALT LAKE CITY, Oct. 22.—(UP)—The crash of the United Airlines "Mainliner" Sunday night with the loss of 19 lives was attributed today to a sudden squall which battered the big transport plane with a 70-mile wind, causing it to drift 18 miles south of its course and strike a mountainside.

Major R. W. Schroeder, manager of operations for the company, said the storm swirled in the upper atmosphere and could not have been forecast from the ground. It probably put the pilot's radio out of commission, he said, and Pilot Earl Woodger did not know he was off his course.

At Normal Altitude
The plane's recording barograph showed Woodger took the plane to 10,000 feet immediately after taking off from Cheyenne, Wyo., a regular stop on the transcontinental flight, and held that altitude until the crash. Had he been on the regular scheduled destination, he would have been 2,000 feet clear above the mountains. The regular route is through a pass in the Uinta mountain range. To the south, the peaks jut up higher.

"Evidence indicates that the plane collided with the higher terrain approximately 17 miles south of the regular course, while in normal flying position, at normal cruising speed, and heading toward the scheduled destination. Showing that the plane was functioning properly," Schroeder said.

TWO NAZIS FACE DEATH AS RUSSIA CONTINUES "PURGE"

MOSCOW, Oct. 22.—(UP)—Two men held on espionage charges were denounced by Russian authorities today as agents of the German Nazi secret police. It was the first charge of German espionage in recent months and the first specific charge directed by Russian authorities against the Nazi secret police or Gestapo.

The suspects are Paul Zilverkor and Erwin Klein, both presumably of German nationality. They are charged with engaging in espionage and sabotage activities. Their cases have been handed over to the dreaded military tribunal of the Leningrad district which means that they may face the death penalty.

False Passport
It was alleged that Zilverkor and Klein entered the Soviet Union with false passports. The Russian secret service, it was asserted, established that Zilverkor, as a member of the Gestapo, came to the Soviet Union first in 1930 as a foreign engineer. It was alleged that Zilverkor engaged in espionage activities under the instructions of official representatives of a foreign consulate. Information which he obtained, it was asserted, was given to the Gestapo by consulate representatives.

MISSION SWALLOWS TO LEAVE TOMORROW ON ANNUAL JOURNEY

Clinging to a mysterious schedule, older than the memory of the oldest living human, the famed swallows of San Juan Capistrano mission tomorrow will begin their annual fall exodus.

The destination selected by the swallows is as much of a mystery today as it was 160 years ago when the flights first were noted.

No one knows where the swallows wing their way when they quit the adobe shelters which have been provided for them by the mission padres almost since the day the structure was first built 160 years ago.

No one knows from what point the swallows leave each spring when they return here for the summer.

Operate On Schedule
All that is known is that—operating apparently on a schedule as true as that of any transcontinental passenger train—each year on St. Joseph's Day, March 19, the swallows appear over the mission in literal clouds, and swoop to their nesting places.

And just as faithfully every October 23, San Juan Day, the swallows desert their summer nests and leave on the flight to the land of "no-one-knows-where."

Many theories have been advanced as to the winter abode of the birds. Sailors have reported having picked up exhausted swallows which dropped on the decks of ships in mid-Pacific. These birds, the sailors say, once rested, resume flight over the watery wastes.

LIKE SHAKESPEARE, TONIGHT'S COMMUNITY PLAY "QUOTABLE"

Remember the old story of the girl who said it was interesting to read Shakespeare, because it was so full of familiar quotations? Well, our guess is that in a short time that same story might apply to "First Lady," after Mr. and Mrs. Theatergoer and all the young Theatergoers see the Santa Ana Community Players' production tonight or tomorrow night in Ebell auditorium, of that famous Kaufman-Dayton comedy of Washington life. For their conversation is simply going to bristle with "familiar quotations."

They are going to adopt some, usually know. In case you are interested, we went with the intention of catching perhaps the first act to get a general idea of the plot and the work of the cast before slipping off home to get some of that rather sadly needed beauty sleep.

Did we follow this program? Well, yes, after a fashion. It was rather interesting, that first act. We saw quite an intriguing group of people in a more or less complicated situation. It seemed advisable to finger and see just how they met the difficulties that arose. We wanted to see if that dignified "Stephen Wayne" (Leslie Steffenson) and his volatile, but oh so charming wife, stood any chance of political and social advancement in the national capital where they seemed as much a part of the scene as Rock Creek Park itself.

Then too we wanted to see if "Mrs. Creevey" (Lula Brackett) could exert so much influence as she gloatingly claimed—with six million women behind her. We especially wanted to see if "Carter Hibbard" (J. Parley Smith) could overcome his weak stomach, and how well his very blonde and very ambitious wife "Irene," could match a rapier wit with that of the "White House Baby."

We wanted to see if little southern "Emmy Paige" (Betty Jane Moore) could find romance at the capital with her "Boy Senator" Keane (Frank Cooney) and (being essentially feminine) we were deeply interested in all those handsome ministers and senators and attaches that kept bobbing up all the time.

Probably you can guess what happened. We grew so enthralled with the duel of words; with the machinations of "Elsworth T. Ganning" (E. M. Sundquist), "Senator Hardwick" (Pohn Colwell) and "George Mason" (Edward M. Hall) as makers of presidents; with the complexities of Washington's social life as portrayed by those senatorial and congressional wives, Julia Hyde, Helen Wesselman, Mary Batten Steffenon, Helen Johnson, Florence Finley and Ethel Macurda and those dignitaries who were their satellites, that we lingered on. We wanted to watch the "Baroness" (Earl Fraser) and "Senator Ortega" (Earl Fraser) and "M. Protopopov" (Earl Fraser).

One prominent man in the Russian movie industry was involved along with Boris Zeitlin, Russia's ace news reel photographer, another photographer, and a police operative.

\$200,000 Thorn

W. C. Fields, the movie comedian with a penchant for trouble, is about to have \$200,000 more worth of annoyance on his hands if Carlotta Nonti, his dark-haired secretary, above, files the suit for that sum, as she has announced. The former film dancer accuses Fields of breaking a cane over her head in a midnight altercation several weeks ago, in which police were called to his fashionable Bel Air home.

Japanese Apologize After Raid

SHANGHAI, Oct. 22.—(UP)—The Japanese juggernaut appeared to be mired today in waves of Chinese counter attacks on the Shanghai front in mid-China, while threatened with annihilation by guerrilla outflanking maneuvers in the north in Shansi Province.

While the Japanese high command sought ineffectually to stem the Chinese hordes near the Wusung Creek area and the Tarang sector, north of Shanghai, it again made apologies for Japanese air bombings after two persons were killed and 29 injured in the International Settlement.

All of the casualties were Chinese or Indians but a United States Marine, Sgt. John Coleman, was burned severely on the hands beating out the flames burning the clothing of a wounded Chinese woman. United States authorities protested strongly and Japanese officials promised to warn their pilots.

Start Counter Drive
In the north, Wei Li-Huang, known as General "100 Victory," after permitting three Japanese columns to penetrate into Shansi Province, far from their bases, was moving in fast with a counter offensive designed to cut them off from supplies.

General Wei has an estimated 2 and 1 advantage in man power with about 200,000 regulars. In addition he has a colorful collection of peasant partisans, armed for the most part with outmoded weapons, but experts at guerrilla warfare.

G-MEN BRING END TO BANKER'S FUN

DES MOINES, Ia., Oct. 22.—(UP)—William C. Kurrie, accused of financing a glittering social career with \$400,000 of his bank's money, was held for federal grand jury action today.

He was placed under \$50,000 bond by U. S. Court Commissioner J. P. Hornish at Keokuk. The letter in which Kurrie's employer said he admitted pocketing \$400,000 which customers brought to him for deposit may be repudiated, it was reported.

Kurrie's arrest shocked Burlington society. Kurrie was one of its most popular sportsmen. He maintained a stable of polo ponies and riding horses.

Berkeley Savant Wins \$2500 Prize

SCHENECTADY, N. Y., Oct. 22.—(UP)—Presentation of the Cyrus B. Comstock prize of \$2500 to Dr. Ernest O. Lawrence, professor of physics at the University of California, will be made Tuesday, it was announced today.

BUTCHERS WILL KEEP SHOPS OPEN

In defiance of union regulations, which had been observed in the city and outlying communities during the last several weeks, all local and suburban markets in Santa Ana have adopted a policy of keeping open until 8 p. m. daily and until a late hour on Saturdays—and apparently are assured of success.

This was conclusively shown today in a survey conducted by The Register following a report of a decision reached at a meeting here last night of meat cutters and market proprietors.

Blames Union
"The union was in the wrong in the first place and they know it," declared W. A. Patterson, operator of the Patterson markets, 1202 N. Main street and 1030 South Main street, when questioned concerning the latest action of market proprietors and workers, which recently had created a turbulent situation among local union officials and meat cutters. "As long as I and other meat market proprietors pay the union scale or equivalent, Patterson declared, 'we have the right to stay open as long as we wish.'"

This latest development was considered by all persons involved to be the anti-climax of a campaign on the part of the union to close the meat markets at 6 p. m. daily, and at 8 p. m. on Saturdays, and on all Sundays and holidays.

"Sell" Papers
The affair reached what some regarded as a dramatic climax when two union members appeared in front of the Main Drive-In Market at Chestnut and Main streets recently, and sold papers which carried the scare-head: "Unfair!"

BORAH OPPOSES CROP CONTROL

MERIDIAN, Ida., Oct. 22.—(UP)—The veteran William E. Borah, former chairman of the Senate foreign relations committee, was preparing today to oppose the administration's crop control program in the special session of Congress next month.

He told a crowd of farmers at Pomona Grange in this little farming community of his native state last night that "as soon as this country advertises that it is going to reduce acreage in any world commodity, it excites other nations to increase their acreage, which other nations are now doing."

He assailed the theory of attempting to maintain prices by controlling crop production, and assailed Secretary of Agriculture Wallace as a man "too candid to effectively discuss a reduction scheme."

The Republican Senator did not mention the program by name, but he left no doubt that he was referring to the Pope-McGill bill which would set up an even normal granary, based on a system of controlling acreage and imposing market quotas on the five major crops.

Using cotton as an example, Borah said since the United States had begun cotton reduction and control, foreign nations had increased their cotton production more than 10,000,000 bales.

HOMES DECLARED TO BE U. S. SAFEGUARD

PITTSBURGH, Oct. 22.—(UP)—A contented people, housed in good homes, is the best safeguard America can have against the encroaching "isms" of Europe, Joseph J. Greenberg, of Philadelphia, today told the 30th annual convention of the National Association of Real Estate boards.

"A small fraction of the money spent for armaments in the last 20 years could renovate and rebuild every ailing or inadequate home in America," Greenberg told the 1500 delegates.

STATION POWER INCREASED

WASHINGTON, Oct. 22.—(UP)—The federal communications commission today authorized for the Oceanside, Calif. police department an increase of power of station KADJ, to 50 watts. The commission also authorized the state of California department of motor vehicles, Sacramento, Calif., station KADJ, an increase of power from one kilowatt to one kilowatt night and two and one-half kilowatts day.

DRAMATIC ORDER SHALTS RETREAT

CHINESE FIELD HEADQUARTERS, North Shansi Province, Oct. 22.—(UP)—Generalissimo Chiang Kai-Shek's order to Chinese troops to "withdraw no farther" halted the spectacular Japanese offensive in Shansi province, it was revealed today.

The dictator's dramatic message was sent to General "100 Victory" Wei Li-Huang, commander of the Chinese forces in Shansi province. Its effect was immediate.

Wei swiftly reorganized the Shansi fronts. He moved heavy artillery to the front in coordinated the aerial arms, instigated guerrilla warfare and started a counter-offensive which now is bearing fruit.

All Chinese forces in Shansi province are under direct supervision of Wei who is as cool as a Shansi winter wind and efficient. He has fought in almost every section of China from Fukien to Shansi where he battled the Communists who now are his allies.

ERROL FLYNN WON'T FLY, SAYS DIRECTOR

CHICO, Cal., Oct. 22.—(UP)—Errol Flynn's ambition to become a flyer was cut short today by irate Director William Keighly.

On location here to film scenes for the Adventures of Robin Hood, Flynn, star of the picture, and Patricia Knowles, who plays Will Scarlett, were whiling away their spare time, Keighly discovered, executing fancy maneuvers in a rented plane.

The asghat director promptly "grounded" both actors.

Flynn, who had signed for a course of lessons at the local airport, admitted his aerial knowledge was limited to riding in transcontinental planes. Knowles recently completed a course in flying at Burbank.

WANTED: \$202.89, FOR CHEST DRIVE

Expectation that the Santa Ana Community Chest fund drive would go over the top by Monday was expressed today by J. B. Tucker, president of the Chest. Tucker said that the Chest is just \$202.89 under the approximately \$34,000 goal set for this year.

All persons who have not yet sent in their donations to the community welfare group were urged to do so immediately by Tucker, who said directors of the group hope to have the entire quota secured by Monday. Chest headquarters have been removed from the Elks club to the Spurgeon building.

BLAME NEW DRUG AS SIX MORE USERS DIE

MOUNT OLIVE, Miss., Oct. 22.—(UP)—Six more deaths were attributed today to an elixir of sulfanilamide, banned by the federal food and drug administration after first deaths were reported at Tulsa, Okla.

Dr. A. S. Calhoun, Covington county health officer, said that six of 12 persons treated with the elixir in this county had died since September 29.

The six who survived appear to be cured of their ailments, Dr. Calhoun said. He was not the attending physician in any of the cases. Two more deaths in adjacent Simpson county also were caused by the elixir, according to reports here.

Chinese Bandits Hold Missionary

PEIPING, China, Oct. 22.—(UP)—The Rev. Gerald A. Donovan of Pittsburgh, a missionary of the Maryknoll Fathers, is being held by Chinese bandits for \$50,000 ransom, it was disclosed today.

An altar boy who was captured with Father Donovan in Fushan, Manchuria, three weeks ago was released by the bandits and brought a note demanding the ransom. He said the priest was well but lacks proper food.

More than \$185,000,000 is spent annually by the London county council; this being more than three times the figure for a quarter of a century ago.

BUTCHERS DEFY UNION EDICTS

(Continued From Page 1)

Charles Clark, proprietor of the latter market, defied the union. He kept open. Then a union member filed a charge of assault against him. He was to answer to this, but the charge was withdrawn and the case dismissed.

Verify Order

Manager at least two Safeway Markets, those at Washington and Main and Bishop and Main, and other drive-in markets, verified the first reports that came to The Register. They concurred with Patterson's statement, and residents of Santa Ana and vicinity appeared assured today that the business houses would be open at 9 o'clock.

Steve Davidson, business agent of the Meat Cutters' union, was out of the city and could not be reached by The Register for a statement concerning the attitude of the union.

DEATH BLOW JUSTIFIED

ST. JOSEPH, Mo., Oct. 22.—(UP)—The right to hit a man in defense of a dog—even when the blow results in death—was upheld here in the acquittal of Fred Mack, Negro, charged with manslaughter in connection with the death of Bart McAmery, 82. Mack allegedly struck McAmery a death blow when the elderly man beat Mack's dog for nipping his heels.

Court Frees One Of Garr Brothers

SHELBYVILLE, Ky., Oct. 22.—(UP)—By a directed verdict, Jack Garr, the unarmed member of the group that shot Brig. Gen. Henry H. Denhardt here Sept. 20, was freed on a charge of murder today.

Judge Charles C. Marshall made the ruling as attorneys began summation. The court's ruling leaves the jury to decide on the guilt or innocence of only Roy Garr, Dr. E. S. Garr, the third brother charged with the slaying, is not on trial at this term. He is in a hospital.

NAVY PLANS MASS FLIGHT TO CANAL

SAN DIEGO, Cal., Oct. 22.—(UP)—The largest mass flight of U. S. naval planes in history, over one of the longest distances ever attempted, today was tentatively set for December 8.

On that date—weather conditions being suitable—Lieut. Comdr. B. E. Grow, will take off from San Diego harbor in command of a squadron of 14 of the Navy's huge patrol bombers and head for Coco Solo, Canal Zone.

Twelve of the planes, the largest number heretofore to ever attempt such a long distance mass hop, are assigned to VP-2 squadron. The other two planes are assigned as spares to VP-3 squadron, which already is in the Canal Zone, having made the more than 3000-mile flight non-stop during the summer.

Doomed City Falls
France's campaign in Asturias Province lasted exactly 56 days. The area is the roughest in all Spain and the Asturian resistance was determined.

A front 30 miles long closed in on the doomed city and early yesterday it capitulated after wild disorders within the defenders' ranks. The Nationalists quickly occupied it, then pressed on to Aviles, 13 miles west, to close up the last means of escape for Loyalists still in the field.

The campaign in Asturias Province was considered ended except for the cleanup of inland mountain regions and capture of the Loyalist remnants entrenched near Oviedo.

COURT VERDICT REVERSED

SACRAMENTO, Cal., Oct. 22.—(UP)—The third district court of appeal today reversed a Merced county superior court perjury conviction against Eugene F. Planer. The appeals court said the lower court erred in its judgment and in denying a new trial motion. The charge arose from a civil lawsuit.

FARM BOY GETS NINE MONTHS IN BURGLARY CASE

Charles Gibson, Arkansas farm boy, who wandered to California when the family crops were led to the livestock and only three bales of cotton remained for the humans, today was given a jail sentence of nine months for his complicity in a recent burglary at Fullerton.

Judge James L. Allen gave Gibson the sentence, in connection with three years probation, after a long grilling. The 20-year-old youth will be returned to his father's custody in Arkansas when the jail term is finished.

He left home, he said, after the peanuts and grain crops had been fed to the horses and cows, and food for the family was scarce. In California he got into bad company, it was said, and had little work. An ice cream parlor in Fullerton was entered and some loot taken. Gibson was with the crowd. He was apprehended with the others. They were held in Los Angeles on forged charges, but he was released there, and prosecuted in this county.

NYA BAND CONCERT SET FOR TOMORROW

T. Dunstan Collins, director of the National Youth Administration band today announced the program for the weekly concert scheduled for 2 p. m. tomorrow in Birch Park. The first half of the program will include: "Bombasto"; overture "Bohemian." In the second half the band will play: "Washington Grays"; overture, "Jolly Robbers"; selection, "The Firefly" and march, "Basses on a Rampage." The program will close with "The Star Spangled Banner."

The band will play tonight for the Santa Ana-Glendale Junior college football game at the Municipal bowl.

KENNETH D. SLOOP APPOINTED AIDE BY COMMISSIONER TUBBS

Appointment of Kenneth D. Sloop as deputy county agricultural commissioner was announced today by Commissioner D. W. Tubbs.

Sloop has worked intermittently in the agricultural department since 1925, beginning as an employee in the county insectary at Anaheim, and later acting as district agricultural inspector in the West Anaheim district.

Long Experience
He resigned that position to complete his studies in entomology at the University of California, returning to county employment in 1935. Since January 1 of this year he has been field entomologist for the Los Angeles county agricultural commissioner's office.

In commenting on the appointment here, Tubbs stated that because of Sloop's wide training and long experience with the work in Orange county, he considered it fortunate that his services could be obtained.

The world's production of cotton amounted to 23,600,000 bales in 1935.

Arraignment Delayed

W. V. Russell, arraigned today before Superior Judge James L. Allen on a charge of failure to provide for a minor child, was granted postponement of his arraignment until December 17, providing he pay \$40 per month support money through the welfare department. Attorney Robbie Anderson, Anaheim, represented him.

DENIAL FILED IN LOVE PIRACY CASE

Harry D. Zimmer, Anaheim rancher, today filed answer in superior court, making a general denial of the love piracy accusation against him, in the \$30,000 damage suit filed by Orley Wright of Orange. Wright charged alienation of the affections of his wife, Evelyn Wright, alleging that Zimmer lured her away from him October 1, 1935.

Zimmer filed answer through Attorneys S. B. Kaufman and Robbie Anderson of Anaheim.

escu" (John Tessmann) who danced attendance on her. We wanted to watch the Chinese ambassador Robert Speed, and those dashing young secretaries, Arthur Chapman and Dr. William Leck—and all the rest. And then Presto! The whole thing had reached a satisfactory conclusion—the play was over and we had stayed to the very end!

It was certainly worth it. And if those mining stocks shares ever amount to anything, we're going to move to Washington. We're going to have a perfectly trained house staff like Avery Johnson and Mayland Simms—Oh, how they can butte! And we're going to meet the White House Baby and the Chief Justice and his wife, and all the Creeveys and the Baroness and her admirers, and those dashing young attaches and ambassadors, and of course, the charming wives of the congressmen and all the politicians that a nation's capital attracts. But if we never get to Washington, at least we can see "First Lady" all over again tonight—and maybe tomorrow night too if the seats aren't all sold. But we'll wager dollars to doughnuts there'll not be any too many seats left.

SARGENT FAILS TO CONVINCE JURORS

Neal Sargent's defense of himself in superior court, where he acted as his own attorney at his trial on a charge of burglary, failed to save him from conviction of second-degree burglary, the verdict being returned yesterday in Judge H. G. Ames' court.

Sargent was found guilty in connection with burglary of the Asher jewelry store in Santa Ana, where a window was broken and jewelry taken.

BEACH CYCLIST BADLY HURT

Dale Hibler, seven-year-old bicyclist, Route 1, Box 99-A, Huntington Beach, suffered possible skull fracture yesterday afternoon when he rode from a private driveway at Huntington Beach boulevard and Garfield avenue, Huntington Beach, and his bicycle collided with a car operated by Miss L. E. Thornburg, 54, Route 3, Box 249, Orange.

Miss Thornburg drove her car up a bank along the roadway in trying to avoid the collision, California Highway Officer George Peterkin was informed. Dale, taken home, complained of head pains and sleepiness, indicating he may have suffered fracture of the skull.

INMAN TO FACE CHARGE HERE OF MULCTING POOR

Eighty-five-year-old Frank Inman, who said he came from El Dorado county in northern California, was branded as an alleged "racketeer" today, after his arrest on a petty theft charge. He assertedly "racketeered" upon the unemployed.

Going to a local employment agency, the aged man inquired for "two truck men who are married." Stewart Burnett, 615 East First street, stepped forward and Inman agreed to hire him, according to Assistant Chief Harry Fink and Detective Lieutenant Charles Wolford.

"I need \$2 to wire home for money," Inman was quoted as saying, asking Burnett for the \$2. Burnett had only a \$5 bill and gave it to Inman for the wire. Inman assertedly climbed on a bus and left for Oceanside.

Santa Ana police, called by Burnett, contacted Oceanside police who arrested Inman several hours later. Inman was brought back to Santa Ana and booked at county jail. According to allegations, Inman worked the same "racket" on several other unsuspecting men.

KELLY RE-ENTERS BUSINESS IN S. A.

After a long absence from the city, W. J. Kelly, formerly with the Kelly Roofing Co., Ltd., has returned to Santa Ana and is re-entering the roofing business. He will be connected with the Orange County Weather-proofing Co., 1109 South Main street.

Kelly has been in Oregon for some time and was connected with the Timbercraft Shingle corporation. Returning to Santa Ana, he said he is "glad to be back in his home town again and happy to have the opportunity to re-enter the same business that he has been engaged in for the past 20 years."

According to computations, 1855 pounds of food are consumed during one year by each adult in the United States.

'Guinea Pig' in Cancer War

To give medical scientists an opportunity to study cancer from its inception, Dr. Matias Duque, 68, former Director of Public Health in Cuba, volunteered for the role of human guinea pig. Dr. de Grandia of Havana, above inoculates him with cancerous tissue, confident Duque, left, will develop the dread disease.

C. OF C. MAKES TWO PROPOSALS IN CONNECTION WITH MOVING

No decision as to the lease of the Santa Ana Chamber of Commerce on its present location in the courthouse annex was reached yesterday at a conference between committees representing the chamber and the board of supervisors.

The supervisors have indicated that they will not renew the chamber's lease on the present site occupied by the chamber of commerce owned building which it now occupies.

Propose Addition
In view of the refusal to renew the lease, the chamber, through the special committee, has proposed that, in order to give the county additional space for expansion of the welfare department, the chamber of commerce building be purchased by the county or moved forward on the property to make room for an addition to the annex.

At a luncheon conference yesterday in Daniger's cafe tentative proposals and counter-offers were

made but no action taken on any of the suggestions. It was indicated that no action would be taken until the committee representing the chamber of commerce had conferred with directors of that organization and the supervisors' committee had parleyed with other members of the board.

Members of the chamber of commerce committee attending yesterday's luncheon meeting were: Frank Was, chairman; President Rex Kennedy, Secretary Howard Wood, J. P. Baumgartner and Stanley Goode. The supervisors were represented by Supervisors Steele Finley, N. E. West and Harry Riley.

MRS. NOONAN, 53, DIES IN HOSPITAL

Mrs. Minnie Noonan, 53, resident of Santa Ana for the past eight years, died early today at the Orange County Hospital after a long illness. Funeral services will be held at 10 a. m. Monday from the Brown and Wagner Colonial chapel. Further arrangements will be announced later.

She is survived by one daughter, Mrs. C. W. Wilson and a granddaughter, Darleen Wilson, both of Santa Ana; four sisters, Mrs. J. C. Scholler, Mrs. Roy Manning, Mrs. Harry Long and Mrs. K. Hinkle, all of Ohio and three brothers, William Harry and Lawrence Hockenberger, also residents of Ohio.

Australia has only two persons with incomes of \$140,000 or more; only one-third of the populace pay income taxes, the average yearly income among the payers being about \$450.

YOUTH HELD IN \$100 GEM THEFT

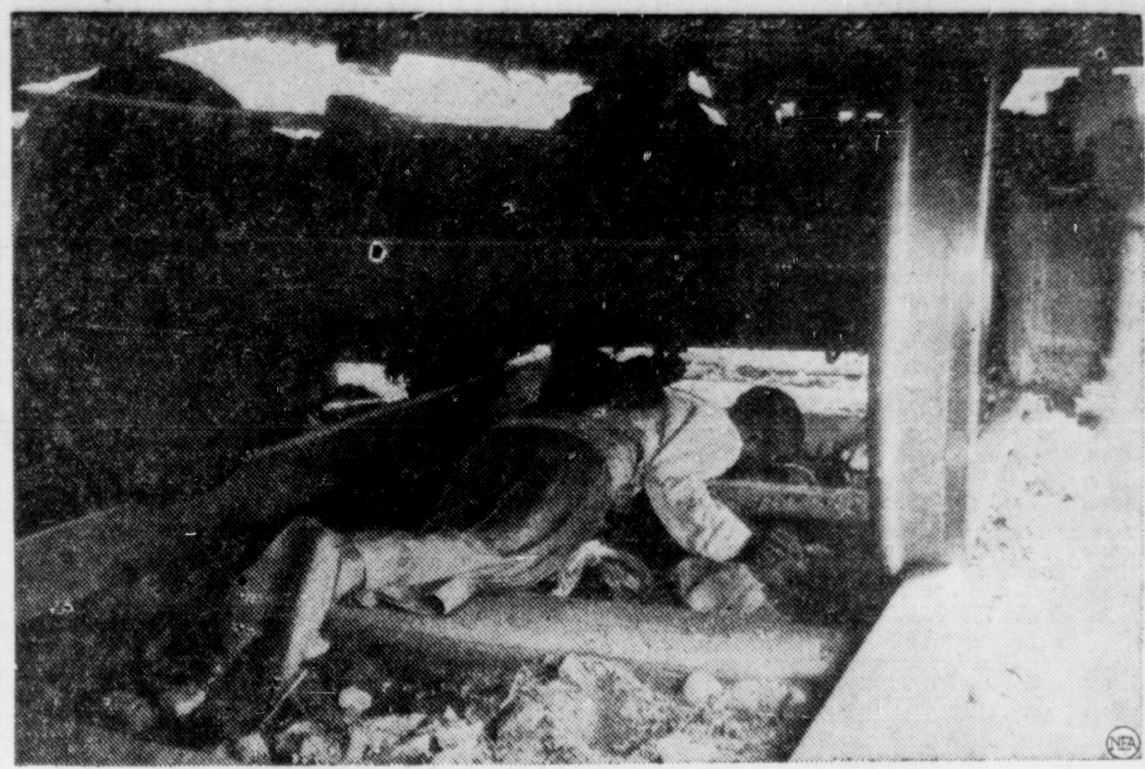

Assertedly confessing he walked out with a \$100 pearl breast pin during employment at the home of James H. Simms, 1345 Santiago street, recently, Benjamin Lopez, 18, of 1032 1-2 Custer street, gave himself up yesterday afternoon and was arrested by Detective Sergeant Hunter Leach.

The pin, dragon shaped with large pearl, emerald and seed pearls, was recovered from a Los Angeles pawn shop where Lopez said he pawned it. Lopez went to the probation department of the county where he confessed, according to officials. He will be arraigned before City Judge J. G. Mitchell today.

POLICE AUTOS VULNERABLE

ELYRIA, O.—(UP)—Police cruiser cars are as vulnerable as private automobiles, it seems. Service Director I. D. Faxon ordered the city's three police cars into a garage to have their fenders hammered out, after complaints from Mayor Leonard Smith about their battered appearance.

Death Finds His Hiding Place

That same searching death found the hiding place of this Chinese peasant. Frantically taking shelter under a train in the yards during the Japanese raid on Soochow, he was killed with scores of others when the station was bombed mercilessly.

DRIVERS BLAME SPEED AND FOG

Too much speed and too much fog caused accidents here last night, local police declared today. Coming towards Santa Ana on Santa Ana boulevard, Lester H. Moon, 718 Kilson drive, failed to make the turn into Main street at 1:20 a. m. today and crashed his car into the El Portal service station of Herbert Krahling, it was reported.

The car and a gasoline pump were smashed. Officers Burnette Lane and Francis Norton investigated. Merchant Patrolman Gilbert Wagner guarded the pump until an attendant arrived on the scene.

During the heavy fog, about 11:15 p. m. yesterday, a car driven by William G. Gilmore, 1312 Martha Lane, pulling away from a curb on First street, and one driven by Adeline Kimball, 921 West Fifth, collided. The cars were damaged but none was injured. Mesdames L. A. Parsons, Everett Hunter, H. Hildebrand and Mary Snyder were with Mrs. Kimball.

Grained woodwork should be cleaned with a cloth dipped in turpentine, not soap and water.

JAYSEE DEAN GIVES VIEW ON FRATERNITIES

Efforts of off-campus social fraternities to bolster their membership with Santa Ana Junior college students was today meeting with opposition from members of the Jaysee administration who desire to confine student activities to campus organizations. It was learned from Calvin C. Flint, dean of men, "It has come to our attention that several social fraternities are urging junior college students to join and we would like parents to know that any student affiliating with those groups will be barred from active participation in college affairs here," Flint disclosed. "This will include all fields of college endeavor such as campus publica-

tions, club activities, and athletic competition."

Director D. K. Hammond reiterated the stand of the college administration today in regard to outside social organizations when he said there were a sufficient number of campus groups in all fields to occupy student time without their having to go off-campus to seek fraternity affiliation.

"We have found that the fraternity groups are controlled by men who have been out of college for several years and have more money to spend for entertainment than do the students," Director Hammond said.

"This works a hardship on any campus person joining such organizations as they are not in a position to afford the expensive dances and social functions in which they are called upon to participate," the director stated.

"Attention of parents is called to the situation so they may understand that the junior college is not assuming any responsibility for the action of fraternity groups which are not under faculty supervision," Dean of Men Flint said this morning.

Troops in Saddle at R. I. Track

Calling plans to reopen Narragansett Park Race Track near Pawtucket, R. I., an act of rebellion, Governor Robert E. Quinn called out the 300 national guardsmen to block the 15-day fall race meet when the courts refused injunctions to close the plant. Soldiers are seen on duty above at the entrance to the track, Walter O'Hara's management of which has been under the governor's fire since mid-summer.

Ken Murray SAYS:

HOLLYWOOD, Oct. 22.—Well, I guess the busybodies couldn't find anything more to regulate in the lives of human beings, so now they've turned to dogs. Did you see where they're going to pass a bill that'll make New York a dogless city by 1957? Now ain't that something!

They'd bar dogs from Manhattan, but let the flea circus on 42nd street operate!

Well, the dog is man's best friend and Uncle Ken is a friend of the dogs. In fact, some folks even call me Uncle Kennel. I have been mauled by shepherd dogs, trailed by police dogs, aired by airdales, snapped at by chows, covered with hair by spaniels, growled at by Bostonians, rescued by St. Bernards, lost in the greyhounds, been licked by dachshunds and been presented with puppies. In fact, in the dog world, I've had everything happen to me except hydrophobia.

So laugh: I am 3000 miles away, but I'm making faces at those New York reformers for a scurvy idea like a dogless city. Let 'em abolish lamp posts if they want to, but hands off the dogs!

Police News

Sheriff's officers were called yesterday to help hunt a Traveler bicycle stolen from East McClay street, where Donald Torrez, 915 East Pine, owner, was picking oranges, and had parked it.

Failing to appear in Santa Ana city court at the prescribed time Ralph G. Holmberg, 18, Garden Grove, was arrested yesterday and haled into court. He paid a \$5 fine and was released.

Savino Barrera, 36, and David Diaz, 34, both of Mexico, were jailed here yesterday afternoon by Immigration Officer Franklin Davis and charged with illegal entry into the United States.

After a man appeared at the Casuley home, 730 East Third street, agreed to work, was given dinner and then left without working, police were called to investigate. Mrs. Casuley thought the man might return later to commit petty theft.

Spotting a stolen automobile by its license number at 3:15 a. m. today, Officers C. V. Adams and Clyde Fowler gave chase, traveling 60 miles per hour along West First street, but were unable to overtake the car, due to the fog. The car had been reported stolen over the Southern California police systems, from San Diego.

MONTGOMERY WARD SETS SALES MARK

In a telegram received today from Frank H. Folsom and R. H. Fogler, vice presidents of the Montgomery Ward and Company organization, Frank Hurst, manager of the Santa Ana store, and his staff were congratulated on their part in making last Saturday the greatest day for retail sales in the history of the company.

In the telegram to Hurst, the company officials said:

"You'll be delighted to know last Saturday's retail sales were largest any single day in company's history, demonstrating public's appreciation real values and service. The management is confident that you will make tomorrow a new all time high. Congratulations to you and your organization."

BOURBONS HEAR TALK BY FARLEY

Approximately 100 Democrats from all sections of Orange county attended the banquet and reception tendered Postmaster General James A. Farley last night at the Biltmore Bowl.

The Orange county delegation was headed by B. Z. McKinney, chairman of the Orange County Democratic Central committee; Martell Thompson, secretary of the committee; State Senator Harry Westover and Assemblyman Clyde Watson, all of whom were on the reception committee.

Members of the Orange county delegation said they were elated when they learned that Congressman Harry Sheppard, representing this district, had been selected as one of the 11 honor guests to sit at the speakers' table with the guest of honor.

GOOD-BYE OLD WASHBOARD!

I'M THROUGH WITH SCRUBBING CLOTHES FOREVER!

I TELL YOU MARY BRONSON IS CRAZY! I SAW HER THROWING AWAY A PERFECTLY GOOD WASHBOARD!

WHY NOT? MINE WENT INTO THE SCRAP HEAP TOO... WHEN I DISCOVERED "NO-SCRUB" OXYDOL!

OXYDOL? HUMPH! NONE OF YOUR HARSH, GRANULATED SOAPS FOR ME. I DON'T WANT MY HANDS AND CLOTHES RUINED!

BUT OXYDOL'S A NEW, SAFE KIND MADE BY THE IVORY SOAP PEOPLE—IT'S AS SAFE AS CAN BE

...AND YOU SAY OXYDOL SOAKS WHITE CLOTHES 4 TO 5 SHADES WHITER—WITHOUT HARD RUBBING OR BOILING?

THAT'S RIGHT! MY WIFE SAYS IT'S A MIRACLE HOW SUCH A FAST SOAP CAN BE SO SAFE!

WHAT DID I TELL YOU!

NEXT MONDAY MORNING LOOK! WHITE AS SNOW AFTER ONLY 15 MINUTES SOAKING! AND I DIDN'T EVEN TOUCH THE WASHBOARD.

...AND WAIT UNTIL YOU SEE HOW BRIGHT YOUR COLORED THINGS COME, HOW SOFT IT LEAVES YOUR HANDS!

I GUESS IT'S CURTAINS FOR ME.

11 O'CLOCK—WASHING ALL FINISHED!

NOW—DO YOU STILL THINK MARY BRONSON WAS SUCH A FOOL FOR THROWING HER WASHBOARD AWAY?

DON'T RUB IT IN, DARLING! MY ONLY REGRET IS THAT I DIDN'T DISCOVER OXYDOL LONG AGO!

BANISH WASHDAY DRUDGERY, BACKACHES WITH THIS SAFE, NEW "NO-SCRUB" SOAP

Oxydol is the laundry soap of tomorrow—brought to you today! A soap so revolutionary in conception, so astonishing in results that it is the wonder of all who try it!

Developed at a cost of over \$1,000,000 by the makers of Oxydol, it is a way to single soap has ever been known before.

(1) Soaks out dirt in 15 minutes, without scrubbing or boiling. Even "extra-dirty" spots wash snowy white with a few quick rubs between the fingers.

(2) Cuts washing time 25% to 40% in tub or machine.

(3) Gets white clothes 4 to 5 shades whiter, as proved by scientific Tintometer tests.

(4) So safe that every washable color comes out sparkling, brilliant, fresh! And hands stay soft and white.

Oxydol is economical, too. Tests show that it will go 1/4 to 1/2 again as far as even the latest soap flakes. And, cup for cup, Oxydol gives 25% to 60% more suds than the 3 other leading granulated soaps on the market today!

Give Oxydol a trial! See for yourself how much easier and faster your washing job goes—how much whiter your clothes come out. Get a package now! Procter & Gamble.

S. A. DEMOLAYS ATTEND PARLEY

Santa Ana's chapter of the Order of DeMolay was represented at the public investiture of the Legion of Honor, Honorary Legion of Honor and Cross of Honor, held in the Scottish Rite Cathedral in Pasadena.

Santa Anans attending the function were Gregg Watson, Francis Davis and Abe Bergseter, advisors to the local chapter; Clyde Files, Master; Councilor; John Schrier, John Hall, Shelley Horton and Paul Nielsen.

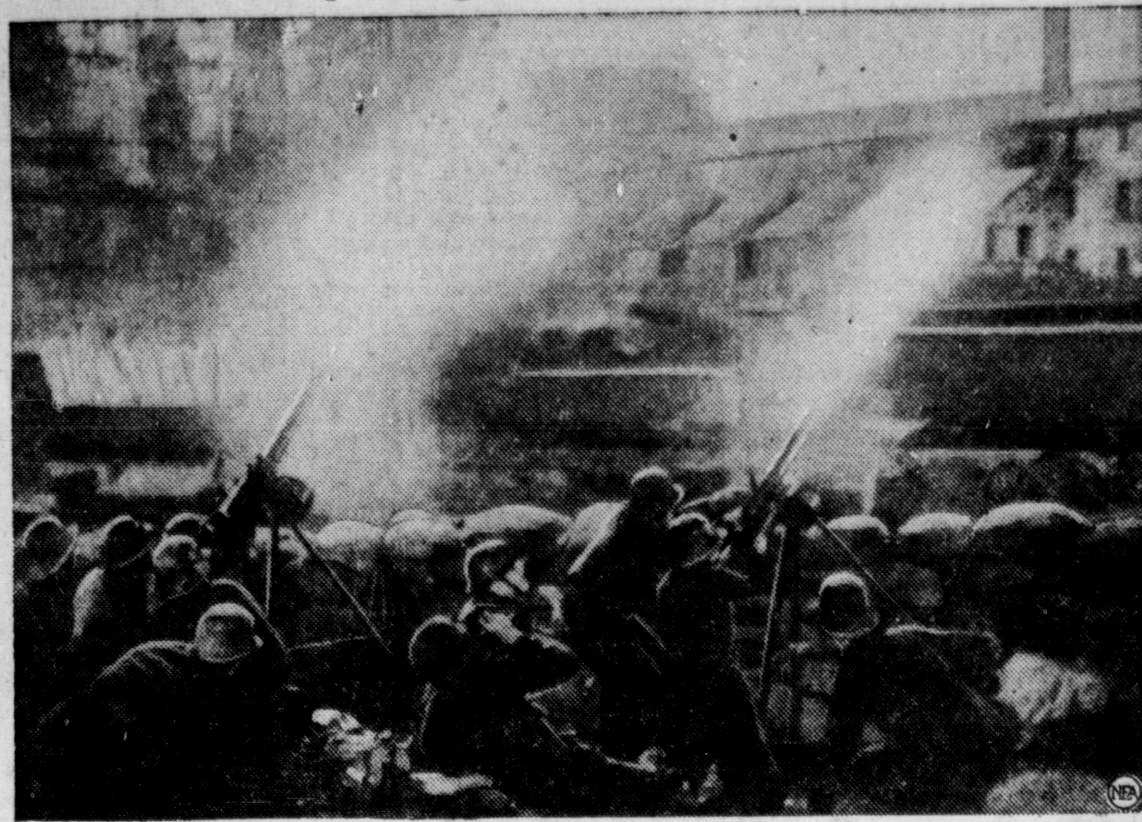

Frank S. Land, founder of the Order of DeMolay, presided at the investiture, conferring the Legion of Honor on Lester Wheldon, Francis Bloy, Kenneth Niles, radio announcer and Chester Lauch and Norrit Goff. Lauch and Goff are nationally known as Lum and Abner of radio fame.

The Founder's Cross, the highest honor offered by the organization, was conferred upon Charles Emory Wright and Walt Disney.

CLUB TOLD OF PLANS

FULLERTON, Oct. 22.—Capt. Francis Miller, of Los Angeles, who arrived with the 40th division of the California National Guard, spoke of a recent tour of inspection of many of the principal airplane factories at the dinner meeting of the 20-30 club Wednesday evening at Kibel's cafe. The recent transport crashes were included in the talk.

Exploding Steel for Jap Raiders

Guns blazing fiercely to fill the air with exploding steel, this Chinese anti-aircraft unit was photographed in the very act of repulsing Japanese air raiders, whose bombs were aimed at the gun nest.

The Malay Peninsula has many extreme in size among its animal life: insects range from 13 inches in length to others so small that they cannot be seen by the naked eye, and animals range from the elephant to the smallest known animal, a tiny variety of bat.

WEATHER HALTS TRAFFIC

TROY, N. Y., (UP)—The weather halted traffic on the Congress street bridge when heat expanded the steel on the west draw, preventing it from closing. An acetylene torch cut the jammed parts, making them fit, and traffic was resumed.

CRAIGHEAD PLANS INITIAL RECITAL

David Craighead, Santa Ana boy organist and pupil of Alan A. Revill is giving his first recital at 8 o'clock tonight in the Melrose Abbey chapel. Craighead will be assisted by Charlotte Stafford, violinist, pupil of Vladimir Lenski.

Craighead will open the recital, playing "The Great Fugue in G Minor" by Bach. Miss Stafford will play several groups of violin solos, accompanied at the organ by Craighead, and the organist will close the program playing "Adeste Fideles" and "Carrillon de Westminster," by Vierne. He also will play two groups of organ selections with violin accompaniments by Miss Stafford.

MIDWAY CITY

MIDWAY CITY, Oct. 22.—Mrs. R. P. Meairs entertained Tuesday, Mrs. Nita McKay, of Pomona.

Mrs. Illamae Anshutz, of Redondo Beach, spent Wednesday in the home of her parents, Mr. and Mrs. Ed L. Hensley, joining the Colorado relatives who are house guests of the Hensleys.

Eddie Freeman, of Midway City, has made the "A" football team of Huntington Beach High school.

Mrs. Ed L. Hensley presented two trumpet solos at the high school meeting Tuesday evening, while Orion Bebermeyer, also of Midway City, led the community singing. Attending from here were Messrs. and Mesdames Meairs, Al Reboin, Adams, Gail Braybrooks, William Fraser and Claude Harlow; Miss Cora Henderson, Mr. and Mrs. Orion Bebermeyer, Mrs. Hensley, Mrs. Pearl Heil, Mr. and Mrs. Ned Clinton, Mrs. Elmer Jones.

DRIVER FINED \$150 ON DRINKING COUNT

Felipe Colin, of Glorietta, yesterday entered a plea of guilty to the charge of driving while intoxicated and was fined \$150 by Judge J. G. Mitchell, in city court. Christopher Hobbs, also charged with driving while drunk, asked to have time to make his plea and was granted a 24 hours stay of trial by Judge Mitchell.

Speeders fined were: A. G. Odgard, Los Angeles, \$8; C. A. Shives, 1331 North Custer street, \$8; Mrs. Esther W. Oelrich, Anaheim, \$6; Lester M. Hahn, Orange, \$10; Jess R. Fuller, 721 East Second street, \$6; and Milburn A. Violette, Long Beach, \$8.

"Humane Bits"

By FLORENCE A. ROBINSON

Wasn't the American Legion Dog Show a doggy affair? Yes, indeed, in more ways than one.

Many dogs, many prizes, but perhaps the most popular dogs were the long legged, silky haired hounds of Afghanistan.

Among these fascinating creatures was a gentle lassie owned by Mrs. Jack Oakie of movie fame. However, this dog was not the Afghan hound just received by Mrs. Oakie from India. That dog is still somewhat under the weather, so to speak, following his 10,000 mile voyage to America.

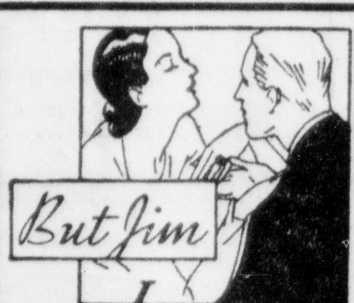

Mrs. Caroline Hall Richmond of Westwood Village, showed the only Afghan hound born in Afghanistan and now in this country. She is Fatima, a beautifully colored faun to golden beige creature with black mask and black tipped ears and tail. And with a lineage behind her that puts her name in any blue book of dogdom.

Mrs. Richmond, who is as interesting as the dogs she adores, showed several other Afghan hounds and told interested listeners how the hounds are used in India and Afghanistan to track leopards and other wild beasts. They are very speedy and tease their prey until the hunter arrives for the kill. After viewing and fondling these gentle and almost fragile looking dogs it seems to me paradoxical that they could be used for tracking down such wild beasts.

Bird lovers of Europe are mourning the death in Bavaria of Dr. Heinrich Lumpe, "Father of the European Birds," a title bestowed upon him on World Animal Protection day in 1933. Dr. Lumpe was born in Bavaria in 1859, and started as an iron merchant, but devoted the greater part of his time to the interest of wild birds. He created a propaganda of mercy and founded a bird sanctuary which became famous.

The above brings to mind a tiny statement from police records of Los Angeles, to-wit, that 12 children in the city of Los Angeles were killed last year by air guns and rifles in the hands of other children.

If you won't give the birds a chance for life please think of your children. They don't realize just what grief to the feathered world they bring with guns and rifles, but they certainly should be able to understand without much argument the awfulness of a tragedy that might bring death or severe injury to themselves or a playmate. Won't you remember this when you are listening to Junior's "please" for a gun around Christmas time?

LATE NEWS OF ORANGE AND VICINITY

BRIDGE PARTY SPONSORED BY CLUB SECTION

ORANGE, Oct. 22.—A bridge tea was given by a group of four hostesses at the Woman's clubhouse yesterday afternoon when the Junior Matrons' section held a social session. The hostesses were Mrs. Earl Elson, Mrs. Kenneth A. King, Mrs. Victor Rees and Miss Marguerite Loesch. Mrs. Donald Marsh presided at a business meeting held before the bridge play. Mrs. Sheldon Swenson made high score and was awarded an attractive prize.

Tea was served at the close of the afternoon. The tea table, spread with a lace cloth, was centered with a large cream pottery bowl lined with turquoise blue and filled with cream and scarlet blossoms of the vine. "Banners of Spain." Four pale yellow tapers in cream holders were set in a square around the centerpiece. Open faced sandwiches, little cakes and candies reflected the color theme chosen. A lovely silver tea service completed the table appointments. A number of new members were introduced and these were Mrs.

Dr. Scholl's Zino-pads

Raymond Terry, Mrs. Sheldon Swenson, Mrs. Joe Wilson Jr., Mrs. Lehr Bauer, Mrs. Seth Muench, Mrs. Hollis Hardy, Mrs. Jack Morris and Mrs. Edwin Gulick. Guests were Mrs. Arthur Lemke, of Olive; Mrs. George Elliott, house guest of Mrs. Thomas Bratty, Mrs. Carl Paul and Mrs. Thomas Clark.

Members present other than the hostesses were Mesdames Donald Marsh, K. E. Watson Jr., A. R. Benson, Fred Bewley, Thomas Bratty, Alex Chastain, James Donegan, Noral Evans, Glen Feldner, Louis Flitschen, Paul Muench, Paul K. Nelson, Herbert Nelson, J. Russell Parks, George Everett Peterson, Gordon K. Richmond, Paul Rumph, Ralph Shannon and H. C. Stevens.

Replace Records In City Office

ORANGE, Oct. 22.—Records dating back to 1888 together with city records since that time have been replaced on shelves in the vault in the treasurer's office following their removal while additional steel shelves were placed in the vault.

The records were brought to the vault from the building now occupied by the Watson Drug store in 1921, which was used as the city hall. The civic center was located in a number of other buildings, the quarters of the Huff jewelry store and the building now occupied by the Orange Mortgage company being included in the list.

A rasp-like organ with which it can bore through the shells of oysters to devour them is a characteristic of the sea whelk.

G-MAN URGES CO-OPERATION IN CRIME WAR

ORANGE, Oct. 22.—Elementary school teachers of Orange county, meeting at the Orange Woman's clubhouse last night, were urged by J. H. Hanson to so train their pupils that they will not become entangled with criminals. Hanson, in charge of department of justice office for Southern California, declared that all law-abiding citizens should co-operate with officers in lessening crime.

Hanson told a number of stories relating to famous criminal cases in which his department has been engaged. He related how the Boettcher kidnapers had been captured.

About 135 were present at the dinner and a program of music was given. Miss Grace Marie Sorenson sang two solos, with Mrs. Margaret Ockles as her accompanist, and Fred Bewley, two solos, with Miss Rachel Williams as his accompanist.

Group singing was led by Mrs. Bess Murphy and Miss Clara Spellman of Newport Beach, representing the Public School Music Teachers' association. C. Addison Van Loenen, of Laguna Beach, presided.

ORANGE, Oct. 22.—The Boy Scout troop, sponsored by the Elks lodge met last night at the quarters in the Elks building provided for them by the lodge to hear a talk on "First Aid," given by Thomas Towns, Orange police officer. Towns, who was a Boy Scout as a youth and who served as assistant scoutmaster of a troop here some years ago, demonstrated the uses of the first aid kit carried by police officers.

Towns showed how bleeding may be stopped and told his young listeners not to move injured persons who may have broken ribs or other broken bones in road accidents. Injuries in the home were discussed and Towns warned against turning on lights while standing in a bath tub touching live wires.

At the next meeting the fire department is to demonstrate the use of the pulmotor to the boys. Towns is to return at a later date and give a talk on more advanced first aid. C. A. Kirk is scoutmaster of the troop. A number of new members were received.

Plans are under way for a camping trip to Red-River October 30 and 31. Dale Proffitt and a committee are to make out the food list.

Lutheran Club Meets in Olive

OLIVE, Oct. 22.—Mrs. Emil Lemke and Mrs. Robert Lemke entertained the Get-Together club of St. Paul's Lutheran church at the parish hall Wednesday afternoon. A new feature was inaugurated when a half hour was given to an educational feature. Mrs. Harold Mieger and Mrs. George Lemke presented the first lesson on "Symbolism in the Christian Church." The Get-Together club will have charge of publicity for the Lutheran church, which begins its fifth nation-wide broadcast Sunday afternoon at 1:30 o'clock with Dr. Walter A. Maier, of Concordia seminary, St. Louis as the speaker. The program will be broadcast over the Mutual system. The local committee is composed of Mesdames August Heinemann, George Boehner, Fred Kianer and O. Burd.

After the business meeting jello salad, buns and coffee were served to the following members: Mesdames Ben Lemke, August Heinemann, Henry Timken, George Boehner, Fred Kianer, John Ellinghausen, Fred Kianer, O. Burd, E. H. Kreidt, Walter Timme, Arthur Paschall, William F. Paulus, Herman Wischnack, William Gollin, Ray Meirhoff, Mathilda Harms, Herbert Meierhoff, August Kahlen, Walter Otto, Harold Mieger, Olive Lemke and Miss Frieda Schaa.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

LEADERS FOR CAMPAIGN OF YMCA SELECTED

ORANGE, Oct. 22.—At a meeting held yesterday, heads of divisions for the coming Y.M.C.A. campaign were named and some of the details for the event were completed. The workers on the campaign for \$5000 will be led by W. W. Perry, who has been named director, and J. T. McInnis and L. L. Williams, who have been designated as majors.

The campaign is to open officially on November 2 following an annual dinner at the Woman's clubhouse the evening previous. There are to be 60 workers engaged in conducting the campaign, with five teams in each division. One woman's team will be included in each division, according to Sheldon Swenson, Y. M. C. A. secretary. The women's teams will be sponsored by the Y. W. C. A. under the leadership of Mrs. C. A. Robinson.

A breakfast for the workers is planned for October 23 at 7 a. m. At the annual meeting on November 1, reports of committees and of the "Y" secretary will be read.

Donegan Wins Contest Of Toastmasters

ORANGE, Oct. 22.—First place in a speaking contest conducted at the regular session of the Toastmasters' club at the Sunshine broiler last night went to James Donegan, who spoke on "Opportunity" and second place to C. W. Armstrong, whose topic was "Knocks and Knockers." George H. Franzen served as toastmaster and R. W. Hull presided.

Theron Willis spoke on "How Do You Want To Die?" and Hollis Showalter on "Manipulating the Stock Market." Henry Bosch gave a report of a recent meeting held at Los Angeles and called by the district deputy governor, H. R. Howard.

Critics were E. P. Ehlen, Ross Atherton, James Goode, Karl Bosch and J. A. Porter. General critic was Tom Clark and dictionary critic, Jack Morris. Plans were made for a membership drive. One new member, Paul K. Nelson, was welcomed into the organization.

As far back as 3500 B. C. Babylonians had maps which were based on land surveys and which were used for purposes of taxation.

Students To Give Play November 5

ORANGE, Oct. 22.—The junior class play of Orange Union High school will be presented in the auditorium at 8 p. m. November 5, it is announced. The play is "Babs" taken from a story by Mary Roberts Rinehart. Vivian Beattie has the title role. Miss Shirley Haines, dramatic teacher is directing. Lester Paulus is class president. Tickets for the production are on sale.

Mrs. Paul Stoner Forum Hostess

EL MODENA, Oct. 22.—Mrs. Paul Stoner was hostess to members of the Young Women's forum this week when she entertained at her home at El Modena, with Miss Hattie Arends as co-hostess. Miss Hattie Nobs, Orange Union High school teacher, was the speaker, telling of a summer trip to Switzerland. Miss Helen Myer was program chairman. Mrs. George Eilers presided. Refreshments were served on individual trays gaily decorated in Halloween colors.

The table from which the course was served held a centerpiece of fall fruits, bright colored gourds and pumpkins and orange candles. Present were Mesdames Juanita Woodward, Paul Stoner, John Deck, George Eilers and Alice Johnson and the Misses Virginia Adams, Eileen McCollum, Marian Linnert, Catherine Frankforter, Helen Myer, Edna Bargsten, Margaret Westover, Barbara Connely, Lenore Lutz, Ruth Stoner and Hattie Arends.

MINERALS ARE DESCRIBED FOR ROTARY GROUP

ORANGE, Oct. 22.—More kinds of minerals are to be found in California than in any other part of the United States, C. O. Sanford, mining engineer of Los Angeles, told members of the Orange Rotary club at the American Legion clubhouse yesterday. In this state, he said, there are 400 kinds of minerals while there are but 150 kinds in all the other states of the union.

The greater part of the deposits are found in Southern California, said Sanford, and in San Bernardino county are 38 minerals which are found no other place in the world. The most common mineral, said the speaker, is magnitized black sand.

The most important mineral found in the state is petroleum which overshadows everything else, with cement coming next, he said. Limestone, the speaker pointed out, has been used and known in every age, while cement, a combination of limestone, gypsum and other minerals was used by the Romans and people before them.

One of the greatest tungsten mines in the world is near Randburg, it was brought out during a period of time when the geologist answered questions. He stated that an engineer friend had taken pictures of the pitch blend deposit in Red Rock canyon and that films were fogged, indicating the presence of some radio active element.

Asked about gold in the graphite deposit near Big Bear in which Mark Hart of Orange has an interest, Sanford stated that gold often is found in graphite deposits.

VITAMIN A SUGHT IN FISH LONDON, (UP)—Four scientists have been cooperating in a search for vitamin A in freshwater fish. After examining specimens of liver oil from 20 catches, including salmon, pike and sturgeon, they reported that these freshwater fish may be supposed to produce a different type of vitamin A from that found in sea fish.

OLD GAELIC BOOK LOST SYDNEY, N. S. W., (UP)—For 15 months Father Fogarty, of Ireland, has searched without success in Victoria and New South Wales for the 7th century vellum manuscript in Gaelic of the Book of Clonagh. He was commissioned by the National Library of Dublin.

Flames Destroy Barn, Two Horses

HANSEN, Oct. 22.—Fire yesterday afternoon destroyed a barn, shed, farm implements, two horses, 20 tons of hay and furniture valued at \$650, at the ranch of Mrs. Agnes Gattjen near Linglin and Hansen boulevards, four and a half miles west of Anaheim. The state fire department of Orange was called but the flames had made too much headway when they arrived to save the barn. A baled hay near the house, were saved from the flames through work of the department.

FOR TODAY'S STOP AND GO CHANGE TO THIS FAST-FLOWING TOUGH-BODIED MOTOR OIL

Shell Research
Produces
New-type Motor Oil
for Stop-and-Go
Driving

A revolutionary finding! "Reduce starting wear," said auto engineers, "and you'll reduce the source of up to 75% of today's engine wear." And so, after long, costly research, Shell engineers produced this new-type motor oil—Golden Shell.

FAST-FLOWING—Golden Shell puts a wear-reducing oil film between each part in your engine the instant you start.

TOUGH-BODIED—Golden Shell withstands the high temperatures of steady running—does not break down into sludge and carbon.

You can't buy safer lubrication! Don't delay! Protect your engine with the oil made especially for stop-and-go driving. There is a Shell dealer in your neighborhood.

PUBLIC ASKED TO PARTICIPATE IN GUARD FETE

"Open House" will feature the regular meeting of Company L, 185th Infantry, California National Guard, in the Armory building, Monday night beginning at 8 p. m., it was announced today as program plans were completed.

Purpose of the "open house" of the Santa Ana guardsmen is to let the public know what the local men are learning and what they can do and to entertain the public.

Plan Demonstration
According to Private Wally Grigg, member of the company, having a membership of 55 men, the program begins with forming of the company in the armory. Then, the manual of arms will be given, inspection and demonstration made. At 8:20, a comedy skit with radio station background will be given—the players, Lieut. Philip Crittenden, Sergeant Jason Hodge and Privates Willard Axworthy, Ernest Brockert, All Wright and Wally Grigg. Between the end of the skit and showing motion pictures of 1937 summer encampment activities at San Luis Obispo, Lieut. Emmett

Ghoul Stole Body for Ransom

Before the funeral flowers had withered on the grave of Hayden Pope at Streetville, Ont., a ghoul dug open and removed Pope's body, leaving a note in the empty coffin, shown above at right, demanding \$100 ransom for the body's return. Horror and grief at the desecration of their son's grave are written on the faces of the father, A. E. Pope, village blacksmith, and the mother, shown at left. The body was found later in a ditch.

A. Rink will speak briefly on "What the National Guard Is and Does."

Drill By Squad

Other events: 9 p. m., demonstration of squad drill by picked squad; 9:15, demonstrations and explanations of weapons and other equipment and 10, refreshments, coffee and doughnuts.

Capt. Robert L. Kellogg and Lieutenants Rink and Crittenden will be in charge of the program with those in charge of equipment, as follows: Serg. Sam Teel, automatic 20-shot, rapid-fire rifle; Lieut. Rink, regulation rifle; Serg. Ted Pennix, gas masks, and Lieut. Crittenden, tents, army packs and other equipment.

ENTREPRENEUR CAUGHT

ELKO, Nev.—(UP)—Numerous children present in an Elko theater without the ceremony of passing the box office puzzled John Rowberry, manager. He hid behind a curtain until the lights were turned off and found a 12-year-old boy admitting his pals through an exit door—for 5 cents each.

SCOUTS PLAN TO ATTEND CHURCH

Arrangement for church services during the 12th Region Sea Scout Rendezvous to be held at Newport Harbor, Nov. 26, 27 and 28 have been completed, according to Harrison White, Orange county scout executive who is directing arrangements for the affair.

For the Catholic members of the Sea Scout organization, mass will be celebrated at 9 a. m. at the Catholic church near the Sea Scout base. For Protestant members of the organization a non-denominational service will be conducted at the same hour at the base.

To Show Ability

During the first two days of the Rendezvous, the various ships participating will compete in events planned to demonstrate pilots training in boat handling, seamanship, and marine affairs. The Sunday program will be devoted to church services, free swimming and unfinished activities in the morning and the awarding of pennant and other trophies for the various events.

All activities will be against time and pennants will be awarded to ships on the basis of their rating. The prize this year, according to White, will be the perpetual loving cup. This cup was won at the first annual Rendezvous by the "Islander" ship of Santa Monica and at present is jointly held by the "Alamitos" and "Viking" ships of Long Beach.

SANTA ANA MAN INVENTS TRAP TO ATTRACT AND KILL INSECTS

If a man builds a better mouse trap the world beats a path to his door—but if he builds an insect trap he sends it to the United States patent office in Washington, D. C.

Word was received here today that Yoshito Kolke of Santa Ana has just been granted a patent on a trap that attracts and kills insects. Application for the grant was made in August 1936, according to information at the patent office. The device was approved recently by examiners as to four claims of originality and improvement.

The device consists of a conical member surrounding a lamp. Openings in the cone attract the insects to the light. The high temperature within kills them and they fall into a trough at the base of the device.

Kolke has made no assignment of the commercial rights, according to the patent office report.

EVANGELIST WILL END WORK SUNDAY

Evangelist Virginia Brandt Berg, who has been conducting meetings at the Alliance Tabernacle for the past five weeks, will conduct her final service Sunday night, according to the Rev. C. D. Hicks, pastor of the church.

According to the Rev. Hicks, this is the second revival campaign conducted for the local church by Mr. and Mrs. Berg and

KELLOGG POST TO ENTERTAIN TODAY

Members of Ernest F. Kellogg Post, Veterans of Foreign Wars and the post's auxiliary, will be hosts to veterans and their friends at 6:30 p. m. today at a covered dish dinner and dance. The party will be held in the post quarters in K. P. hall, corner of Fifth and Broadway.

According to Mrs. Esther Hendrickson, chairman of the auxiliary committee in charge of details for the dinner, the affair will be a "Hard Times" party and guests are requested to wear old clothes. Following the dinner there will be dancing.

Members of the committee assisting Mrs. Hendrickson are: Mesdames Fae Rowe, Phoebe Hyatt, Joan Miller and Mrs. Fritcher.

The series of meetings just ending "have established a new attendance record for the church." The first series of services conducted by the Bergs was eight years ago.

Sunday morning, Mrs. Berg will talk on "Every Day Religion." Sunday night her topic will be "The Last Chance."

WOMAN'S ROLE IN WORLD IS TOPIC OF CLUB

With "Women" as topic, Toastmaster Duane Armstrong introduced seven speakers last night before an audience of El Camino toastmasters. Robert Farrar won first place and Malcolm Macurda second.

Farrar, with the sub-topic "Woman—Goddess, Saint or Devil," discarded the final word and spoke of women as leaders generally. Macurda told of the life history and achievements and triumphs over obstacles of Madame Curie, co-discoverer with her husband of radium.

Phases Are Varied

Other speakers taking various phases of the general subject were John Maxwell, Charles Calkins, T. D. MacBird, Richard Farnsworth and Ted Blanding. Maxwell paid tribute to the endeavors and stamina of women in wartime; Calkins to their political power. The latter thought they would in time rule the world. MacBird said he doubted that women advanced the progress of the world by giving time outside the home, and Farnsworth spoke without praise of women drivers, urging the advantage of female likenesses as stop signals are likely to receive more attention.

Criticism was led by Robert Hockaday, those appointed by him

New Relief For RHEUMATIC PAIN

Special - Today and Saturday Only

25c

Today—and Saturday only—an amazing offer is being made to every person in Santa Ana and vicinity who suffers from the agony of rheumatism, neuralgia and neuritis. The famous medicine—RUX Compound—which has given absolute proof of its great power in relieving rheumatic pain, is to be introduced locally. In order to demonstrate its power right here in Santa Ana, an introductory treatment is offered for only 25c today and Saturday, to anyone who brings the coupon below.

The Secret of RUX

For centuries, rheumatic pain has been one of the world's most destructive plagues. This disease has actually crippled more people than all the wars of history, and

only now is medical science finding out how to relieve this awful suffering.

This remarkable formula—RUX Compound—is the private prescription of a physician in the United States Army, who saw for himself during the World War all the wretched, hopeless misery caused by rheumatic pain. He determined to go beneath the SURFACE SYMPTOMS and find out how to treat the pain itself.

What RUX Will Do for You

Within four minutes after you take a dose of RUX it will begin to be absorbed into your blood stream. GERMANY DETERMINED TO BE FIRST IN AIR; NAZIS LAUNCH INTENSIVE CAMPAIGN TO GAIN SUPREMACY IN CIVILIAN, MILITARY AVIATION

BY MILTON BRONNER

LONDON, Oct. 22.—Still determined to be first in civilian aircraft as well as in military aviation, the Germans are pushing steadily ahead with their reconstructed Zeppelin LZ 130 as well as with the giant plane, the JU 90, so big that the Germans simply call it "Der Grosse Dessauer"—"The Big Dessauer"—because it is being constructed at the Junker works in Dessau.

The LZ 130 was very far on the road to completion when the destruction by explosion and fire of the Hindenburg in New Jersey some time ago led the Germans to pause. It had been disastrously proved that airships lifted by hydrogen gas were far too dangerous. But soon word came to Friedrichshafen to go full speed ahead. The reason was that the American government announced that for the first time in history it would permit the sale of helium gas to foreign countries, provided that it was used strictly for civilian aircraft.

Aftermath of Disaster

As Germany is the only foreign country engaged in building big airships, Germany was naturally the country which benefitted. But the use of helium rather than hydrogen necessitated immediate changes in the LZ 130. Helium is so much heavier than hydrogen that it was necessary to lighten the ship when loaded by 17 tons. The framework and fittings of the ship had already been made of the lightest material possible consistent with strength and safety. So the builders had to sacrifice the payload the ship could carry in the shape of passengers, mails and freight.

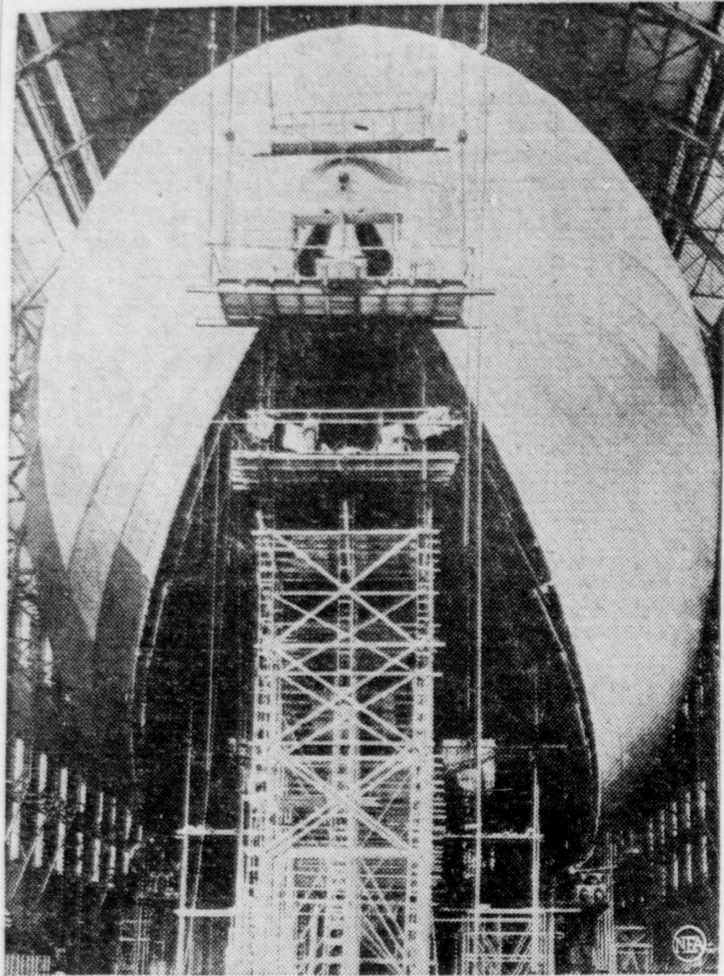

Altered Kitchen Lighter

It had been planned to carry 72 passengers in the LZ 130. This sum has now been cut to 40, the passengers being accommodated in 20 two-bed cabins. The main dining room and lounges for passengers are built now in the shape of a horseshoe. The bend of the horseshoe is the dining saloon. The sides are the lounges, equipped with big windows from which the guests have an unobstructed view as they sail along. Near this is a smoking room for the guests. The electric machinery has now been placed more forward in the ship. The kitchen was originally to have used electricity in heating food. To save weight, the cooking will now be done through a clever use of the hot exhaust gases from the Diesel motor engines.

As the ship will carry fewer passengers than originally planned and as helium costs a good deal more than hydrogen, the fares will have to be raised accordingly. Another item of cost is the transport of helium. It will have to be shipped by rail from Amarillo, Tex., to Houston, where a number of small ships will have to take their precious load to Germany. It is now expected that the LZ 130 will be ready for its test flights next spring.

Reich's Biggest Transport

"The Big Dessauer" airplane is the largest ever constructed in Germany for passenger service by the Lufthansa. It has a wing

span of 115 feet, is 32 feet long and is 21.50 feet high. Its weight, loaded, will be 20 tons. It has four engines from 800 to 1,100 horsepower each and its top speed is 250 miles per hour. Its ceiling is 21,000 feet.

In the fore part of the ship, back of the compartment in which the control officers are housed, is a kitchen. Then comes accommodations for passengers. The exact number has not yet been fixed. The space for passengers will be divided into cabins containing four passengers each, the cabins being bigger than those on the well known D-Zug trains in Germany. There will be an arrangement for air-conditioning and also a reading lamp for each passenger. In the rear, there will be two big wash rooms and storage for valises and freight.

Huge Transport Built By Germany

Germany's bid for supremacy in commercial aviation is the huge JU 90, above, 40-passenger, 4-motored plane, largest transport built in the Reich.

HAIR GOES INTO RUGS

BERLIN, (UP)—Every hair, no matter what length it is, cut clipped or shaven from a Nazi head during the next year, will go into the manufacture of carpets, felt and roofing material. This is Germany's latest plan for conserving raw materials.

Frances Willard

Peggy Paul was elected president and Louise Denyon vice president of the eighth grade Girl Reserves at this week's meeting. Other officers elected were: Rosemary Anderson, secretary; Mona Mae Rinehardt, treasurer and Marjorie Adams, inter-club counsel.

The girls held a pot luck supper at Jack Fisher park Wednesday. They also plan to have a Halloween party in the cafeteria, the date to be announced later.

An assembly was presented for parents of the Mexican pupils Friday in the Willard auditorium, under the supervision of Mrs. Anita Stewart and Miss Fanny Steel. In the eighth grade girls' music class, directed by Miss Esther Jean Davis, opened the program.

Edna Tate, Mabel Franke, Crystal Rudd, Alice Lopez, Eloise Romero and Helen Holzgrafe participated in a Spanish dance while Lola Marie Harmon gave a tap dance.

Musical numbers included two saxophone numbers by Reginald

Costello, two piano solos by Aurora Cardona, a song by Ramona Lara and a vocal duet by Gomerinda Reynoso and Eva Pimental.

"The American Is the Greatest Organizer," was the title of a panel presented by Clarence Harvey, chairman, Ted Finster, Virginia Jordan, Paul Higashi, Betty Jo Froeschle and Dexter Ball in the social science class Tuesday. A lively discussion of the subject was followed by current events.

Natalie Nelson and Virginia Jordan exhibited a collection of cotton material, plants and pods, Friday for the benefit of the ninth grade section 11 clothing class. Eleanor Taylor gave a talk on the use of wool.

Miss Wylis Anderson's home room 113 again was victorious in the P-T. A membership drive which closed Friday with 22 memberships, including five fathers, 12 mothers and five teachers.

Mrs. Vivian Meeks' home room 209 was second with 17 members, followed very closely by Mr. Schmid and Miss Fanny Steel's

home rooms 207 and 208, which tied with 13 members.

WESTMINSTER

Frances Jean Smith and Francis Geddes, members of the affirmative, were victorious over Mary Jo Haskell, Howard Bedford, in Miss Veda Ball's 13 social studies group. The subject of the debate was "Resolved the Woman's Place is in the Home."

Kenneth Lloyd was elected leader of the Bob White patrol at the regular meeting of troop 33 Monday, October 4 at the scout house located at 1315 1-2 North Cycamore.

Kenneth, taking the place of Roger Low, appointed Howard Bedford to the position of scribe for the patrol. Roger is now organizing a patrol of his own, with all new members being turned over to him. After the election, the troop made ropes, splicing them and crownin them.

The Halloween dance, to be held in the Y.M.C.A. Oct. 29, will be for Girl Reserves only. Beatrice Holman, president of the club stated today after short business meeting of the ninth grade Girl Reserves held Wednesday, October 13 in room 105.

Miss Wylis Anderson, leader announced to the IV block 8 p.m. October 14, that girls wishing to attend the Girl Reserve parties who are not members of the club, will be required to attend three meetings preceding the occasion.

"Camay will help your skin to a
Glamorous Beauty"
SAYS THIS CHARMING PENNSYLVANIA BRIDE

PHILADELPHIA, PA.

I was simply in seventh heaven the first week I tried Camay because its gentle, creamy lather made my skin so smooth. Skin takes on a glamorous beauty if you always use Camay!

Sincerely,
(Signed) ELSA HUGHES
(Mrs. Stanley C. Hughes, Jr.)

September 9, 1937

ONE CHARM that never fails—a beautiful complexion! *Everybody* loves the girl with soft, smooth skin!

"It's easy to make skin lovelier if you just know how," says Mrs. Hughes. "Using Camay regularly quickly taught me that. It's amazing what a difference this nice soap makes!"

Smooth as the pearls she wears, clear as her deep blue eyes—that's Mrs. Hughes' complexion! That kind of skin is positive proof that Camay brings results!

More and more girls are using Camay simply because they've learned this: No soap has the soft, caressing lather Camay has. Thousands of tiny beauty bubbles in every cake mean Camay goes down deeper to the pores. Camay gets skin thoroughly clean!

No other well-known beauty soap is milder than Camay. Actual tests, made again and again, on every type of skin show that Camay

is definitely, provably milder than all other leading beauty soaps. That's why even sensitive skins keep lovely under Camay care!

No other leading beauty soap is better than Camay, yet even girls on thrifty budgets can easily afford to buy it. Why don't you try this fine complexion care? Get half a dozen cakes today. Notice how Camay leaves your skin feeling softer, smoother!

Do Bears Have New Wonder Team? Trojans To See!

Cramps Stay 'Way From My Leg

Like Babe Ruth's belly-aches, Ambrose Schindler's now famous leg cramps are felt around the world. If the Trojan quarterback (above) is able to play a full game tomorrow, S. C. MIGHT stop the mighty Golden Bears of California.

2:15, KFI—USC vs. California.

SAN FRANCISCO—The University of California's modern version of a "wonder team" meets Southern California at Berkeley tomorrow in the major football game of the week on the coast.

Southern California, led by Ambrose Schindler, its scintillating quarterback, is expected to furnish the first real opposition for the Bears this year and to give a definite indication of whether California has any right to its present ranking as one of the two or three best in the nation.

A victory by California would indicate that Pacific Coast football experts are correct in tabbing the team as the West's probable representative in the annual East-West New Year's Day game at Pasadena.

Vic Bottari, offensive star of the Bears, has been in the hospital recovering from a severe cold but is expected to see plenty of action against the Trojans.

In another outstanding coast conference game, Stanford meets Washington, last year's Rose Bowl contestant, in Seattle. Before he took his squad north, Coach "Tiny" Thornhill of Stanford, predicted a win for his team.

Thornhill said he would start Coffis, Ledebor, Groves and Aluiza in the backfield although Quarterback Bill Paulman, injured in the Oregon game, may play part-time.

The Stanford eleven's final practice was devoted mostly toward forming a defense against the accurate passes of Fritz Waskowitz, Washington captain, who gave his team a tie with Washington State with a long throw to Miller last Saturday at Pullman.

Oregon State and Oregon renew their annual football feud in Eugene and Washington State and U. C. L. A. meet in Los Angeles in other coast conference games.

Most important games outside the conference will find St. Mary's a favorite to defeat Idaho in San Francisco today and Santa Clara favored over Loyola in Los Angeles Sunday.

HORNED FROGS FACE FORDHAM

NEW YORK—Texas Christian's football team, flanked with a 40-piece swing band and 100 rosters, arrived today to play Fordham in one of Saturday's outstanding inter-sectional games.

After receiving the official welcome of Mayor LaGuardia, the Horned Frogs took a final light workout at the Polo Grounds.

It will be the debut for a Texas Christian eleven in the east, and the game is expected to attract a crowd of nearly 40,000. The Frogs' chances appear to rest upon rugged little Davey O'Brien, their quarterback, who has played the full 60 minutes in every game this year.

Successor to "Sluggin'" Sam Baugh, O'Brien has completed 40 out of 104 attempted passes for a total gain of 353 yards. He also has lugged the ball 230 yards in 80 tries from scrimmage, and has done the kicking since Ward Wilkinson was injured.

The Ark cafe led at half-time, 15-11.

Next Thursday night, the Woolen Mills meets the Advent Christians of the Santa Ana Y.M.C.A. league.

Wilson's Dairy quintet served notice on rest of the Y.M.C.A. league in last night's curtain-raiser that it will be a contender. Last night the Dairy men scored an easy 36-16 victory over the Barr Lumber company.

L. S. U. Would Like Bid To Rose Bowl

BY HENRY McLEMORE
(United Press Staff Correspondent)

NASHVILLE, Tenn. — The Louisiana State University football team can't quietly into Nashville today for a game with Vanderbilt Saturday.

The word "quietly" is the key word in the above sentence. That particular adverb probably never has before been used in connection with the arrival of the boys from the bayou. It is like linking "slow-footed" with Jesse Owens, "suave" with Man Mountain Dean, or "swarthy" with Donald Budge.

Usually the first thing to get off a Louisiana State football special train is a 400-pound, adequately striped, tail-switching tiger. The team has a mascot, and he has traveled so much that if his upper berth isn't properly made up he refuses to tip the porter. Usually a band follows the tiger. Not an ordinary college band, by any means, but the largest, loudest and the most gaudily dressed of all college bands.

Back of the tiger and the band (in case these haven't caught the attention of the spectators) troops anywhere from 4000 to 7000 students, yelling at the top of their lungs. Last, and probably least, comes the football team.

Were he still alive, Huey P. Long, the original "Kingfish," would have preceded the tiger in the train.

Huey had a way of rewarding those who served him obediently, and it is thought that if Huey had lived the tiger today would be holding a rather important political office. But now that the great showman who instituted all this

COOKMEN FACE TOUGH FOE OF WEST DIVISION

After two games away from home, Santa Ana's Dons return to the Municipal Bowl tonight at 8 o'clock to take on Glendale a strong challenger from the Western division of the Southern California Junior College conference.

This non-league encounter, filling a "bye" date in the Eastern division schedule for Santa Ana, promises a wild night of wide-open football with the Dons rather expected to "go rugby" after a week under the wing of Ernest (Sir Reginald) Butterworth.

After practice yesterday, Coach Bill Cook intimated that he would start a team of reserves, holding out until the second quarter the so-called reserves, who were tied and outplayed at San Bernardino last Friday night.

Wilson at Quarterback

This means that fleet Bill Wilson of Oceanside, "find" of the Chaffey game, will start at quarterback ahead of Oliver McCarter and Blas Mercurio. Harold Tucker, Cal Callaway and Dick Saunders replace Mac Beall, Charles Mueller and Les McLennan in the other three backfield positions.

On the line Carroll Joy and Bill Semmacher would get the call over Erwin Youel and John Joseph at the end spots. Merle Griset and Chet Riley would open instead of Bob Paul and "Rusty" Roquet at tackles. Maxie Moore (or Bill Twist) and Jerry Nesmith would take over the guard posts of Dick Tauber and Joe Crawford.

At center Elmer Casey would replace Danny Boyd.

Glendale's coach, "Sad" Sam Tension, and other observers warn that Glendale has a much better team than its uncertain record indicates. As they did last year, the Vaqueros expect to give the Dons all they want. In '36, the teams played 0-0 for three quarters before Santa Ana lowered the boom for two touchdowns in the last period.

With 11 lettermen answering the call early in September along with a bumper crop of freshmen, Glendale boasted one of the brightest outlooks in the Southern section weeks ago. However, injuries and "failure to click" has played a major role in the team's inconsistency thus far. They lost to San Bernardino 13-0 in a hard fought game, then took a 20-0 cuffling from the Trojan freshmen. They emerged from this defeat to knock over La Verne college varsity 8-0 but slumped again to lose their opening Western conference game to Santa Monica, 7-0. The Dons manhandled Curt Youel's Santa Monics here several weeks ago, 32-0.

S. A. Heavily Favored

Comparative scores indicate that the Dons should rate at least as two-touchdown favorites.

The Glendale personnel:

Left End: Art Cruickshank, rangy letterman and outstanding end on the squad.

Left Tackle: Bob Hamill, freshman reserve for the injured Bill Clement, who was all-Western conference tackle in 1936.

Left Guard: Ray Belnap, letterman.

Center: Jerry Bentley, freshman from Glendale high.

Right Guard: Bob Ramsey, a 60-minute player and letterman transfer from Santa Monica Jay-see.

Right Tackle: Merrill Duncan, playing his first year of football.

Right End: Bill Nettles, letterman, has a twin brother named Wayne who plays second string left end.

Quarterback: Al LaChasse, a letterman, hampered by an elbow injury.

Left Halfback: Ray Terry, an excellent blocker.

Right Halfback: George Welles, letterman from Hoover high.

Fullback: Ted Andrews, letterman and a line plunger of no mean ability. Does punting for the Vaqueros.

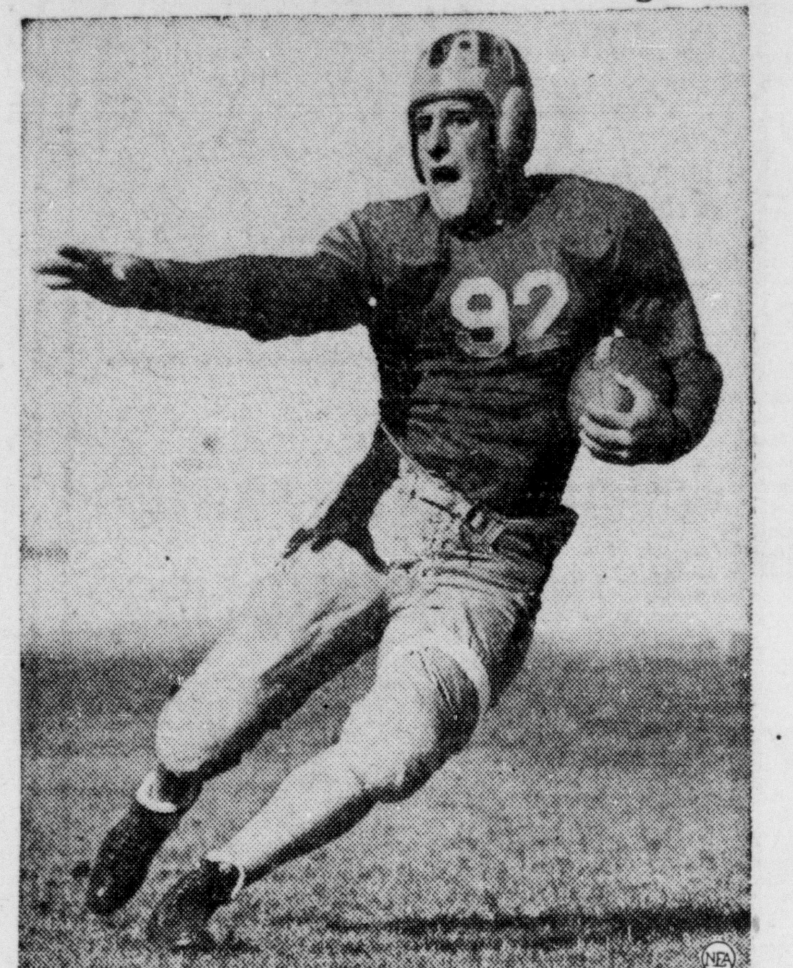

Tonight's lineups, listed below, do show Glendale's numbers because Glendale will issue its players new jerseys at game-time.

'Horseman Harry' Is Wisconsin's Saviour

By WILLARD R. SMITH
(United Press Staff Correspondent)

MADISON, Wis.—Reverse English has been put on that old question "what's happened to football at Wisconsin?"

Almost ever since the Badgers won their last Western conference championship 25 years ago, football fans on the Wisconsin campus have asked the question. Today they are cheerfully silent.

The question now is being asked by Wisconsin's opposition and others who have seen the school go through the first half of its season without defeat.

If they don't have speed, possibly that is the answer to their self questioning.

Again, maybe it is Billy Schmitz, a light but illusive sparkplug half-back sophomore who was a Madison high school star. Or it may be four other fellows by the name of Benz, Gavre, Pohl, Weiss or any others you pick from his roster of players.

Above all, they must have unusual enthusiasm to match "Horseman Harry," to who this week takes his team to Pittsburgh—the city which 15 years ago first saw the Notre Dame backfield unit of Miller, Layden, Crowley and Stuhldreher who gained fame as the Four Horsemen.

Speed, deception and power—basic principles of the Notre Dame system which he demonstrated at its best in 1923, 1924 and 1925, are the factors which he is developing in Wisconsin football today with a squad of 49 players, all but six of whom are from this state. His ability to radiate enthusiasm and rekindle it in those with whom he works is a basic factor in his personal efforts.

To erase this, Stuhldreher toured all Wisconsin. He spoke two, three and even four times a day; sat up nights with alumni and prospective students. Tired he widened his travels from coast to coast.

This year, Wisconsin had more candidates for football. Students shed sophistication which had held them speechless in the stadium and again are shouting themselves hoarse. Boys are coming to Wisconsin because they want to play football under such conditions and under such a personality.

Cougars Primed For Battle With Bruins

LOS ANGELES — U. C. L. A.'s Cougar and Bruin feature aerial football eleven has a large order on tap for Saturday afternoon when it lines up against a rejuvenated Washington State team at the Coliseum.

The invaders have apparently found themselves after a somewhat spotty beginning in the 1937 campaign. Starting unimpressively against a stubborn Gonzaga outfit which forced them to a scoreless tie, Coach "Babe" Hollingberry's Cougars next turned on Idaho, walloping the Vandals 13 to 0. Followed a trip to Berkeley which proved disastrous to the northers. They returned home smarting under a 27-0 licking administered by the title-bound Golden Bears. That Hollingberry did a good job of firing up his cohorts became evident last Saturday when the Cougars banded their way to a 7 to 7 tie with Washington.

This week, it didn't take U. C. L. A.'s Coach Bill Spaulding long to put two and two together and wind up with the notion that the boys from Pullman will be primed for a top-notch performance on their second appearance in the sunny state.

The Bruins have an old score to settle with Washington State. In fact it's a year old—a matter of 32 points to 7 in favor of the Cougars in 1936. On top of that, U. C. L. A. will be making its first showing before local followers since its triumphant opening-game victory over Oregon, Sept. 24.

On tour, the Bruins dropped a loosely-played 12 to 7 decision to Stanford and last Saturday tied the fast-stepping Oregon State team 7 to 7 in Corvallis.

Trailing most of the way, the Santa Ana Woolen Mills basketball team came from behind in the second half last night to capture its first game of the season, 29-27, from the Ark cafe quintet of Long Beach. They played on the Y.M.C.A. floor.

With only three minutes to go the teams were tied at 25-25. Baskets by Len Lockhart and Tom Lacy put the Santa Anas ahead with enough to stave off a parting goal by Kent of the cafemen.

The Ark cafe led at half-time, 15-11.

Next Thursday night, the Woolen Mills meets the Advent Christians of the Santa Ana Y.M.C.A. league.

Wilson's Dairy quintet served notice on rest of the Y.M.C.A. league in last night's curtain-raiser that it will be a contender. Last night the Dairy men scored an easy 36-16 victory over the Barr Lumber company.

JUNIOR COLLEGE TO PLAY BASKETBALL GAMES AT TUSTIN

Football-minded through the vicissitudes of its junior college, Santa Ana will become basketball-conscious too this winter of Coach Blanchard Beatty has his way.

Trouble so far has been that the Dons have had no place to play where they could handle a large crowd for their conference contests, neither the Y.M.C.A. nor Andrews gym (high school) being suitable.

Now Beatty has verbally contracted for the use of Stanley gymnasium at Tustin high school, where between 500 and 700 can be seated comfortably and, in the case of major games, extra seats could be brought in to almost that capacity.

The proposed set-up would fall through only if it interferes in any way with Tustin's high school educational program. However, Coach Beatty was given the assurance of Principal J. W. Means that he will back the junior college in their efforts to secure the floor for Santa Ana's home games on Saturday nights.

The Tustin gym is one of the finest in the county, with spacious seating arrangement. Also it is close for the Santa Ana fans and there is adequate parking space.

It should make for a better Don basketball team and with better than average prospects. Coach Beatty is looking forward to one of the best seasons in Don history. Already Beatty has landed on the U.S.C. frosh schedule. Santa Ana will play the frosh in a preliminary to one of the Pacific Coast conference games February 11 or 12.

Pomona-Riverside Conflict May Clarify Jaysee Jumble

EASTERN JAYSEE CONFERENCE
Pomona 2 0 0 1.000
Riverside 1 0 0 1.000
Santa Ana 1 0 1 .750
Fullerton 1 0 1 .500
San Bernardino 0 0 1 .000
Citrus 0 2 0 .000
Chaffey 0 2 0 .000

*The games count half-a-game won and half-a-game lost.

Chaffey at Citrus; San Bernardino at Fullerton; Riverside at Pomona; Glendale at Santa Ana (non-conference).

The Eastern division's only two "perfect record" football teams, Pomona and Riverside, hook up at Pomona tonight in a conflict that should clarify somewhat the junior college jumble.

Pomona leads the conference with victories over Citrus and Chaffey. Riverside, idle in the league last week, beat Fullerton in its debut two weeks ago. The "team to beat" for the championship may emerge from their set-to.

Both boys are three-falls with the Coleman Detton middieweight classic scheduled to a finish. Champion Parelli and Dunn are billed for a 45-minute joust.

A one-fall to a finish match on the all middieweight and light-heavyweight program features Juan Del Rio, Mexican madcap and Young Stecher in a rematch. Pat McGill, clever Irishman, opposes "Iron Mike" Works in the one-fall, 30-minute opener.

Feminine fans will be admitted free to any section of the arena when accompanied by an escort who pays the regular admission fee. Promoter S. A. Sampson announced.

Fullerton—If the hunches of Wendell Pickens' Yellowjackets materialize, there will be no need for a rematch between Bill Cook's Santa Ana Dons and San Bernardino's powerful Indians.

Fullerton has hopes of jolting Doug Smythe's aggregation out of the picture here tonight.

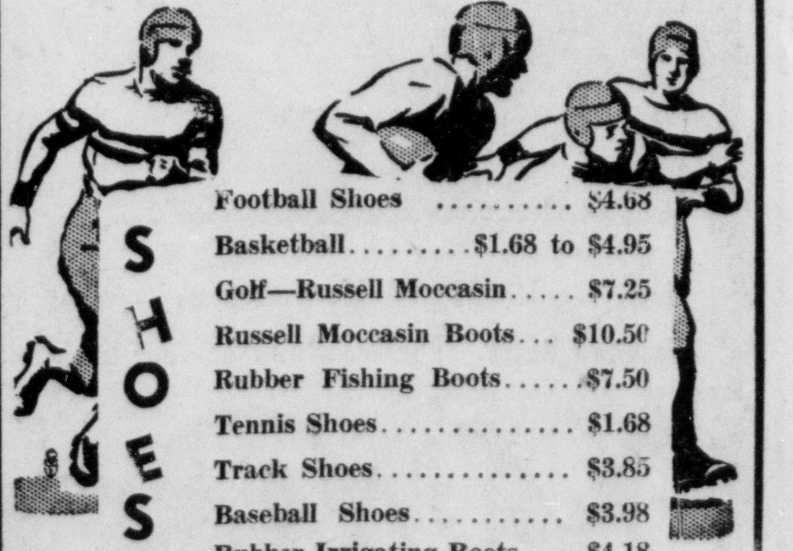

Forward passes, laterals and other razzle-dazzle plays gave assurance that the youthful mentor plans to "open up" in an effort to turn back the team that outplayed the Dons last week and beat Fullerton by one point—7 to 6—last year.

Aubrey Minter, half-pint Negro back, is Fullerton's main threat. He has been throwing bullet passes with deadly precision all week. Another factor in the "Jackies" favor is the return of "Buck" Newsome, husky fullback, to 1936 form.

Pickens' purge last week weakened the team somewhat, but a spirit and determination will offset this loss. Injuries, however, have cut deep into the Jacket roster and the squad now numbers less than thirty men.

SAINT SOPHS GIVE REDLANDS 32-0 WAXING

"Pinky" Greene's undefeated sophomore eleven of Santa Ana high school looked like a champion-ship-bound machine at Poly field yesterday when it routed Redlands "Little Terriers" with the greatest of ease, 32-0.

It was the second Citrus Belt league triumph for the "Baby Saints" who turned back Chaffey last week, 13-0.

Alternating teams by quarters, the Santa Anas piled up five touchdowns and had another (on an intercepted pass by Halfback Burnett) nullified by a penalty.

The Saint sops scored twice in the first quarter, Bobbie Musick going over both times and kicking goal once. His first touchdown closed a march of 60 yards; the second was good for 44. Ralph Barnes tailed in the second quarter on a 35-yard drive and made a nice catch of a pass in the last quarter for the final score, running some 40 yards after taking the ball over his shoulder at top speed. In between, Bill Brown, an end, took a 27-yard pass and stepped across for the fourth touchdown. Orozco plunged over the extra point.

The lineup:
Santa Ana (32) (0) Redlands
Brundage, LE..... Menos
Tatum, LT..... LaDue
Pollard, LG..... Lyons
Shallenberger, C..... Signor
Gill, RT..... Break
Jacobs, RB..... Barker
Burke, RE..... Hicks
Ross Barnes, Q..... Sherman
Harvey, LH..... Sanchez
Burnett, RB..... Kinead
Musick, P..... Kinead
Santa Ana substitutes: Brown, Moreno, LT-Meyer, Valente, LT-Ty, Gilron, C-Sayer, Waddell, RT-Woodford, Quintana, RT-Morgan, Deane, Taylor, RE-Wilber, Q-Hubb, Cleary, LH-Ralph Barnes, Granados, RH-Edwards, Shairez, F-Orozco, Sheriff.

Notre Dame may rapidly be taking the No. 1 position in the Purple League, as is claimed on its home grounds, and as a result, the Irish still appear to have enough to repel Navy at South Bend.

Dartmouth will make it close, but Harvard continues to elude and should prevail at Cambridge.

Colgate is striking back after the Cornell disaster, but I suspect that Duke will pack too many guns at Hamilton.

Pittsburgh took a lot out of Fordham, no doubt, yet Texas Christian is likely to find Alex Wojciechowiec—you sneeze it, or

The PAYOFF

BY HARRY GRAYSON
(Sports Editor, NEA Service)

NEW YORK—Perhaps it is the suspicion that a remarkable Cornell crew must suffer a letdown somewhere along the route, but I have a hunch that Yale will check the phenomenal comeback drive of the Big Red in the New Haven Bowl tomorrow.

Yale, yes Yale, a bit quailish maybe, but Yale.

There are other reasons for liking Yale, too. The Bulldog matches Cornell in manpower. Last year's guards are battling to hold their jobs, which gives you an idea of the line. Pass receivers for the 190-pound, All-America back, Clint Frank, and the Blue will stir up plenty of trouble for all hands.

The Cornell club can't help but feel pretty cocky and Princeton, and a chipped vertebra has placed the splendid back, George Peck, on the sidelines.

Switching across the continent we will obtain additional evidence as to whether the current California Bears can be mentioned in the same breath with the Berkeley wonder team of 1920. The Bruins rate an edge over Southern California, with corking backs like Johnny Meek, Sam Chapman and Vic Bottari, but the Trojans travel north with Amby Schindler and the impetus acquired by nosing out Ohio State.

Ohio State's stronger line should repulse Northwestern in Columbus, and the Buckeyes remember last fall, when they were edged at Evanston by failure to convert after a touchdown. That's one of the Scarlets' bad habits—inability to tack on that extra point.

DOWNFALL OF 6 UNBEATEN GRID ELEVEN SEEN

BY HENRY SUPER
(United Press Staff Correspondent)

NEW YORK—Six teams, which have been all-conquering this season, will be defeated in tomorrow's gridiron battles, United Press sport writers predicted today.

Two of them—Vanderbilt and Western Reserve—should be defeated by eleven which will remain in the ranks of the unbeaten and untied. The other four likely to lose are Dartmouth, Wisconsin, Northwestern and Lafayette.

Pittsburgh over Wisconsin—Panthro have too much power.

Harvard over Dartmouth—Dartmouth still an unknown quantity.

Boston U. over Western Reserve—Boston's backs keep it undefeated.

N. Y. U. over Lafayette—Lafayette falls from the perfect ranks.

TAMMANY TIGER, UP A TREE WITH POLITICAL PLUMS SCARCE, MAY STARVE FOR LACK OF PATRONAGE; MAY DIE - FOREVER - IN VOTE

BY GEORGE MORRIS

NEW YORK, Oct. 22.—"Jimmy" Walker, then the Mayor of New York, stretched himself easily in his private Pullman car. It was in Rochester in September, 1928. The Democrats had gathered there to select their candidates for the state ticket. Jimmy was to be the chief orator.

"Whom am I to nominate?" he asked his secretaries who had preceded him to the convention city. "Franklin D. Roosevelt!" Jimmy gave a start of surprise. Whether Jimmy was a prophet will probably be known after Nov. 2. With grave doubt being entertained as to whether Tammany can elect its mayoralty candidate, all politically minded are asking: "Can Tammany survive, another four years with a hostile mayor in the City Hall?"

Tammany's obsequies have been forecast so often that the question is not novel, but the answer this time is new. It is NO.

Although Tammany has weathered many adversities, someone in the past had happened along in the nick of time to throw a lifeline to the sinking Tiger. And Tammany came back more arrogant than ever. But it never was asked to stay out of office and thereby prevented from feeding at the political crib for eight long years, which will be the case if it is licked in November. It will have nothing to offer anybody that will make it an object to be in Tammany if the anti-Tammany ticket triumphs this year. Without patronage a party is sunk.

Back in Power

Tammany returned to power after the reform administrations of 1901-1902 and 1913-1917. The first, under Seth Low, was so unpopular from the outset, that it was laughed at. Low, a well-intentioned man, was no politician. He was dominated by Theodore Roosevelt, then president, whose chief concern was to make the New York Republican organization potent. Roosevelt influenced Low so that the recognized Tom Platt, the Easy Boss, of the G. O. P. In addition Low gave valuable patronage to the independent Democrats who had supported him. They used these political sinews to ingratiate themselves in Tammany, and to give themselves a better standing in the Democratic organization.

The Mitchell regime was pro-Catholic, and was accused of being anti-Catholic. It initiated an investigation of Catholic charities. Nuns were dragged before inquisitors. The telephones of priests were tapped. Consequently when 1917 rolled around there was little doubt but that Tammany would again be in charge of the destinies of New York City.

That happened and for 16 years the Tiger fed himself fat. He had an orgy, defying public opinion. The Tiger snarled at mention of reform, becoming a bloated, defiant and self-sufficient animal. Wasn't Al Smith the governor? He was of Tammany. But a day came when Al Smith was no longer in the governor's office. Instead Franklin D. Roosevelt was there and he showed no sympathy with the scandals that were breaking in New York City. He refused to take the map for Tammany. And then came the dark days, and the lean ones, too.

During its former lapses from power and affluence Tammany had carefully nursed what had been its chief nucleus—the thousands who had looked to its district bosses for relief. But in his

own relief program President Roosevelt has taken over what had been Tammany's greatest asset—the poor. Whereas they had turned in other years to Tammany for succor, now they know

Above are two of the men giving the orders, Christopher Sullivan at left, boss of the organization, and Jeremiah T. Mahoney, Tammany's candidate for mayor. They are shown in their recent photo together.

that relief comes from Washington, and is dispensed by the foes of Tammany.

Wait For Plums
Tammany has existed and subsisted on patronage. That was why the Tammany clubs had such

some of the plums. But if Tammany goes down to defeat again and therefore has nothing by which to reward the organization which has managed to struggle along since 1933 despite an opposing administration, it will start to

crumble. None will see any future in an organization that cannot get favors in the police courts, and which has no standing with the Democratic administrations at Washington and Albany.

Election Is Surprise

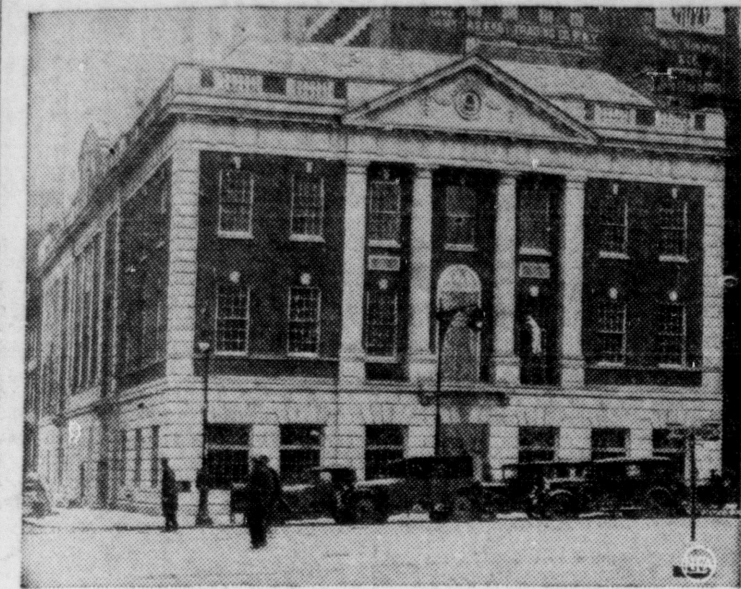

Tammany entered the 1937 mayoralty campaign split into three factions. Because of the support of former Gov. Smith, Congressman Christopher D. Sullivan had been elected leader. His election came as a surprise and the other two factions, headed by former Mayor Walker, cried they had been double-crossed in an agreement, which was repudiated by Sullivan immediately after he became the boss. Sullivan has been a congressman for more than 25 years. But his only bid for fame is his record for absenteeism.

Smith, whose influence in Tammany had been diminishing, urged the nomination of an anti-New Deal mayoralty candidate. He contended that La Guardia would get all the liberal vote, and the only chance the democrats had of beating him was to win the Republicans over to the Tammany candidate.

The majority of Tammany, acting on Smith's plea, supported U. S. Senator Royal S. Copeland, foe of President Roosevelt and champion of the economic royalists. The New Deal leaders got behind

Jeremiah T. Mahoney, a Tammany district leader, who is concededly unpopular with his colleagues. Mahoney had been a judge, but left the bench to practice law, at Walker, but his public and private life has been above reproach.

On Red Issue
Standing as the champion of

which he has been most successful. The President, Mahoney snowed Copeland under in the primaries and is now engaged in a bitter

campaign to be elected mayor. His only opponent is La Guardia, who is running once more as a non-political candidate, with the supposed support of the inept Republicans, and the other anti-Tammany groups. La Guardia's administration has been without a scandal.

Mahoney is making his campaign on the Red issue, accusing La Guardia of being a Communist. Until John L. Lewis declared for La Guardia it looked like a walk-over for him. Now there is a division in the labor ranks, which prior to that were presenting a united front for him. Although the election is in doubt, La Guardia prevails a favorite at the prohibitive betting odds of 5 to 2, with no Tammany money in sight.

**DEVOTEES OF FINE ARTS TO
GIVE RECEPTION HERE SUNDAY,
COMPLIMENTING MRS. SIDES**

BY ELEANOR YOUNG ELLIOTT

So many different angles seem to develop with regard to the reception to be staged Sunday afternoon at 2:30 o'clock in Bowers Memorial museum complimenting Dorothy Smith Sides, that Santa Ana admirers of the artistic gifts of Mrs. Sides, feel that an afternoon will be all too short in which to enjoy the various features.

For one thing, the artist will bring with her the originals of the new book, "The California Missions," recently off the press. These will be shown together with copies of the book, as Father Joseph Thompson of Los Angeles talks on "The History of the Missions."

"Pearls of Rosary"
Father Joseph, as he is affectionately known among his parishioners, is pastor of St. Joseph's church in Los Angeles, and has made a lifetime study of the Missions that have been called "The pearls of Father Serra's rosary."

His ancestry is such as to give him far more than an ordinary interest in the subject, for he is the great-grandson of Dona Concepcion Sepulveda, sister of Don Jose Sepulveda, so prominent in Orange county's early history and that of the Southland. He is also the great-grandson of Don Jose de la Guerra, and a grandson of Captain Alpheus B. Thompson whose brother Captain Francis Thompson was immortalized in Dana's "Two Years Before the Mast."

In addition to these two special honor guests, Santa Anans will be privileged to meet Maier-Krieg and see his fine portrait bust in rose stone of Madame Helena Modjeska, now on display at the museum. Aside from interest felt in this portrait bust because of the sense of personal pride that Orange county has in the fact that the great Polish tragedienne chose

this land for her home, the portrait will attract a world of interest as a splendidly conceived work of art and one which suggests the strength and powers of the artist. One of Maier-Krieg's portrait heads of Bachmann won him first place in the sculptures division of the 54th annual exhibition of the San Francisco Art association.

Mrs. Sides, chief guest of honor, has won a firm place in this community to meet her again and see her most recent accomplishments. Her training was gained at Florence, Italy where she studied miniature painting and textile designing, and at Paris where she centered her studies on design and history.

BIRTHDAY CELEBRATED

WINTERSBURG, Oct. 22.—Bruce Tanner entertained at a party Thursday in observance of his birthday, schoolmates being the invited guests. Halloween games were played and refreshments of ice cream, cake, cookies and punch were served.

Those invited included Betty McClann, Lorene Rogers, James Stinson, Ted Bennett, Nadine Bailey, Elenore Lawyer, Ailene Taylor, Lorraine Taylor, Marilyn Leue, Lois Kelley, Helen and Frieda Albrecht.

The pendulum, thermometer, and telescope were invented by Galileo, who was born on Feb. 15, 1564.

**SPEAKER SAYS
TELEVISION IS
FAR IN FUTURE**

Television, despite the fact that we hear rumors of it being "just around the corner," will not be here at least for the next five years.

This was the statement of Harry James, now of Los Angeles, well known humorist, lecturer and radio authority, at the weekly meeting of the Santa Ana Lions club at the Masonic temple yesterday afternoon.

Tells of Inroads
"There are at present, only four wave bands available for the sending of television and the government will not license those bands for commercial use," James said.

"The inroads that extensive use of television would make not only in the motion-picture industry but in radio and the newspapers and all forms of advertising would kill all those industries in short order."

"If the public can sit at home and not only hear but see the great artists and the important news stories there is little likelihood of getting the public to attend a movie or an opera," James declared.

Tribute to Backs
Proceeding his formal remarks on television, James entertained the club with humorous stories and demonstrations of how sound effects are made in radio broadcasting.

Perry Schrock opened the meeting with a tribute to the late J. M. Backs, a member of the Lions club.

Kenneth Workman, radio singer of Los Angeles, sang the hymn "Our Father" in memory of Backs. He was accompanied by Mrs. Lulu Brackett.

Harry Brackett was program chairman for the day.

Emulate Crinoline Era at Party

No matter how dignified their several occupations, Santa Ana Business and Professional Women sometimes turn to frivolity as they did at the Halloween party where these pictures were taken.

Rest assured they will NOT appear in these costumes at the district convalesce in Riverside tomorrow and Sunday. In the upper group from left to right, the Godey's Lady's Book characters are Hazel Northcross, Blanche Brown, Mabel Cole and Effie White, deploring the trend of the younger generation. Below are Lula B. Finney, Genevieve Humiston, Olivia Clark and Harriet Whidden, hostess committee for the party.

**WEDDING CELEBRANTS GIVEN
WARNING ON SPEED DANGERS**

Blissful brides and grooms and hilarious attendants are welcome to have their post-marital parades through Santa Ana when they wish to, but a serious traffic hazard is created when members of the party chase one another while driving automobiles, according to Assistant Chief Harry Fink of the Santa Ana police department, today. He asked celebrants to co-operate with city officials in their safety campaign.

Danger Stressed
"Although Santa Ana is not troubled very often by these parties, when she is, traffic dangers are increased greatly," Officer Fink declared. "We are making every effort to bring more safety to Santa Ana thoroughfares and when motorists in such groups chase one another or when they speed they would accept the leadership of scout troops."

Asks For Contacts
"Many of these men do not realize that they would be of value and many of them do not feel that they have had the experience in handling boys that would make them of value to the movement. If these men would contact me I believe that, in a short time, I could convince them that they would be of value to the community, to the youth of the community, and at the same time, gain a vast amount of personal satisfaction in doing a worthwhile work."

Santa Ana Lutherans and members of other church denominations will be interested to know that Dr. Walter A. Maier, Ph. D., nationally known Lutheran theologian, will begin a new series of broadcasts on the Lutheran hour over coast-to-coast network of the Mutual Broadcasting system Sunday at 1:30 p. m.

Communism Denounced
In four previous series of Lutheran hour talks, Dr. Maier has attracted widespread attention by his vigorous denunciation of anti-Christian influences, atheism and communism, and by his uncompromising advocacy of fundamental religious life based on the scriptures. His talks have been marked by sharp criticism of religious opportunists who amend their doctrines and revise their spiritual viewpoints to conform to new social theories.

A graduate of Boston University, Concordia seminary, St. Louis, and Harvard, Dr. Maier also has been distinguished for his books and tracts on religious and religious-social topics. He is a member of the faculty of Concordia seminary, the chief theological seminary of the Lutheran Synod of Missouri, Ohio and other states, being professor of Hebrew and Old Testament interpretation.

91,000 Letters Received
More than 91,000 letters were received from the Lutheran hour audience last fall, including thousands of "problem" letters received direct by Dr. Maier in response to his offer of personal spiritual advice for listeners who had no church affiliation.

OCEANVIEW
OCEANVIEW, Oct. 22.—Mrs. Rose Lambert, mother of Mrs. Hugh St. John, has sold her home in Los Angeles and has come to Oceanview to make her home with the St. John family.

Mr. and Mrs. John Peterson had as recent house guests, Los Angeles guests, Mr. and Mrs. Fred Howe, brother-in-law and sister of Mrs. Peterson, and a friend, Mrs. F. Dunham.

Mr. and Mrs. F. Noelner had as recent guests, their son-in-law and daughter, Mr. and Mrs. Noller, of Los Angeles.

Mr. and Mrs. R. R. Rogers motored to Wasco recently to visit eastern relatives.

Betty Stacy, a new resident of Boulevard Gardens, has enrolled in the seventh grade, and Shirley Greenwood of Hill's dairy, in the eighth grade.

Ben Daniels and members of the party of relatives who are with them for several weeks, motored to Glendale Tuesday.

Miss Hilliard, of Orange, is a visitor in the home of her brother-in-law and sister, Mr. and Mrs. Clarence Breeding.

Among Oceanview people who attended the first meeting of the High School P-T-A. Tuesday evening were Mr. and Mrs. Clarence Groves, Mr. and Mrs. C. E. Worthing, Mr. and Mrs. George Harding, Mr. and Mrs. Hoepfner, Mr. and Mrs. V. Heil, Mr. and Mrs. Ray McCormick, Mr. and Mrs. J. A. Murdy.

Mrs. Jake Grana was co-hostess with her daughter, Mrs. George Stanley, at her home at Anaheim at a party given for the daughter of the home, Miss Yvonne Stanley, who entertained 26 young high school friends.

Not only does the speed create danger to the celebrants and other, disinterested motorists, but the fact that attention of the celebrants is distracted because of their happy mood and because they are seeking to escape or follow closely, other members of their party is a contributing factor to lack of safety," Officer Fink said.

**MISSIONARY TO
END LECTURES**

Discoveries of recent years in the field of American archeology have enforced an entire revision of scientific conception of the ancient peoples of America, it was declared today by Elder Velt, missionary lecturer.

Velt has pictures of stone monuments of Central America having hieroglyphic inscriptions and figures which today are interpreted so accurately that authorities agree that the historic beginning of the Maya civilization in Central America was August 6, 613 B. C.

The lecturer showed comparisons of the Maya hieroglyphic inscriptions with those of Egypt to prove that the ancient people had used Egyptian characters in their phonetic system of writing. According to Velt, the ancients were Hebrews who had learned their arts and sciences while in bondage there.

Lectures which are being given at the Reorganized Church of Jesus Christ of Latter Day Saints, Fifth and Flower streets, will be concluded Sunday evening, when Elder Velt will leave for Arizona.

and each will supply silk souvenir badges and hot coffee.

"After the basket dinner hour, a joint program for the three states will be held, including community singing and brief talks," Parsons reported. "Each state will take part in the program in some way, and Presidents Edward Lawless, Avery M. Blount and M. W. Wilson will speak briefly."

Serving Refreshments

Striking an original note in party plans complimentary to Miss Helen Demetriou and her approaching wedding to Paul Johnson, was the gift shower at which Mrs. Paul Reynolds and Mrs. Lee Hasenjaeger entertained last night in the Reynolds home, 1428 North Barton street.

They arranged for an evening of bridge as introduction to shower features, distributing tally cards in flower design to match the delicate blue and rose tones of the floral decorations. The some pretty colors were combined in wrappings for the prizes presented by Miss Alysse Majors, Mrs. Paul Soest and Mrs. Mildred Corbett in the order of their scoring.

Following bridge play, the hostesses made some pretext to get their honor guest in another room, and during her absence, a typical "Mother Hubbard's Cupboard" was set to place in the living room. Its clever placards were designed by Paul Reynolds, whose artistic gifts are familiar to all his friends. Within the cupboard shelves, Miss Demetriou found a generous assortment of fancy goodies with which to stock the pantry of her future home.

After all the gifts had been divested of their colorful tissues and ribbons, guests found an even merrier interval awaiting them. For to each one was presented a gay gingham apron with instructions as to her part in the succeeding refreshment hour. Some found pleasure in spreading dainties with all-white linens, matched by white china, others arranged the little bowls of pink and blue blossoms to center each table, while various members of the group found that they were to aid in serving the delectable chicken and noodles of the first course, followed by an angel food pie that all declared lived up to its name. Mrs. A. J. Hasenjaeger, mother of one hostess and of the husband of the other, and their aunt, Mrs. A. Combs, had assisted the young matrons in planning and preparing the menu. This, coupled with the manner of serving, furthered the evening's enjoyment.

On the guest list of Mrs. Reynolds and Mrs. Hasenjaeger were their sister, Miss May Hasenjaeger and their honoree's sister, Miss Valerie Demetriou, joined in complimenting the bride-elect by the Misses Florence Turner, Mary Jean Dubois, Alice Lamb, Emma Bingham of Pomona, Betty Helm, Helen Eleanore Wimer, Verna Helm of Los Angeles, Betty Vance, Alma McClain, Virginia Golden, Mesdames George Winters, Paul Soest, Kenneth Crawford, Lucius Conkey, Robert Edwards, Carleton Smith, Allen Carstenson, Clyde Higgins, Mildred Corbett and Dean Benton.

ARRIVE FROM IOWA

When Mr. and Mrs. Walter B. Raugh of Des Moines, Ia., visited in Southern California last year, they were so delighted with the country that they have come here to live, and are guests for the present in the home of Dr. and Mrs. J. M. Raugh and Mrs. Maude A. Miller, 721 South Birch street.

The recent arrivals stopped in Goshen, Ind., to visit with their son-in-law and daughter, Mr. and Mrs. Fay Bowman en route to California, making the remainder of the trip via the Southern route.

Mr. Raugh is a brother of Dr. Raugh and of Mrs. Miller. Joining the family group Wednesday were their sisters, Mrs. Ella Miller of Los Angeles and Mrs. E. E. Martin of Glendale who spent the day in the Raugh home.

Spirit Of Hallowe'en Adds
To Comus Club Festivity

So expressive of the gayety and color of the season were decorations for last night's Comus club party at Santa Ana Country club that members were agreed nothing could be more appropriate than that the appointments should serve for another dance Saturday night. Merrymakers on that occasion will be Country club members, whose committee joined with Comus hosts in planning the charming setting.

Although last night's dinner dance was a formal affair, the nature of the decorations lent just the desired amount of geniality and informality to the occasion. Tiny orange and black crepe paper skirts fringed the candlesticks from which rose slim tapers to light dinner tables. Bowls of African marigolds and Mexican sunflowers flamed on the tables, over which were canopied black and orange streamers, with balloons in great clusters.

Witches and skeletons peered from the most unexpected places, and the Hallowe'en atmosphere and its cornstalk setting proved most intriguing. Lee Mann's orchestra provided music for dancing. Hosts were Mr. and Mrs. Ernest Gould, Mr. and Mrs. Le Roy Burns, Mr. and Mrs. William Penn and Dr. and Mrs. Lawrence Cameron. Mrs. Gould was charming in deep blue velvet with striking white velvet trimming; Mrs. Penn chose black crepe, as did Mrs. Cameron, whose gown was embroidered in gold beads.

Seventy couples were greeted. Many were the lovely frocks which made their appearance as guests arrived, many of the group coming in small parties which had met for pre-dance socials. Mrs. Paul Hagan's brunet beauty was enhanced by her gown of green chiffon velvet, with wide belt embroidered in beads. Blonde Mrs. Edward Hall was lovely in black crepe with sequin jacket. Mrs. Clyde Hill's vividness was given setting in a blue taffeta frock; Mrs. Frank Briggs wore white satin.

Mrs. John Swanke was in black net; Mrs. Leland Finley, black crepe with fascinating sleeves beaded in red and green; Mrs. Charles Givens, rust taffeta; Mrs. Joseph Daniger, brown net; Mrs. Chester Horton, blue crepe with sequins and interesting red velvet sash; Mrs. Elton McCoy, tailored blue lace; Mrs. Ira Chandler, emerald green crepe with rhinestone clips; Mrs. C. W. Hill, black chiffon velvet; Mrs. Horace Stevens, duobonnet net fashioned with full skirt banded with peach velvet; Mrs. Robert Fernandez, black taffeta with gracefully full skirt; Mrs. Riley Huber, eggshell satin; Mrs. Lester Tubbs, lovely gown of metallic cloth.

REUNION ENDED

Leaving yesterday for their home in Liberal, Mo., Mr. and Mrs. Joseph Vacca and children, Lora Vacca, Eunella and Edgar concluded a visit with Mrs. Vacca's uncle and aunt, Mr. and Mrs. A. G. Lavery, 1808 Cypress avenue. The Lavery home has been scene of an enjoyable reunion this season, with other relatives joining the group. Mr. Lavery's cousin, Mrs. Jane Garlick and Mr. and Mrs. Frank Garlick of Seattle, Wash., were here for two weeks. Taking part in a farewell celebration before the departure of the Vacaas and the Garlicks were Mrs. V. L. Horton and son, Vere Andrew of this city, Mrs. Golda Mast of Los Angeles and Rex Argo of Burbank.

Mr. and Mrs. Vacca and their family spent two years in the west and were in Buxton, Ore., for much of the time.

SISTERS REUNITED

Concluding a visit during which five sisters were reunited, Mr. and Mrs. Percy Scott, Mrs. W. J. Richardson and Mrs. George Allen of Vancouver, B. C., will leave Saturday for their home, having visited with Santa Ana relatives.

Mrs. C. T. Cleland, 1010 North Broadway and Mrs. M. A. Bruce, 301 South Sycamore street enjoyed the get-together with their brother-in-law and sisters, Mr. and Mrs. Scott, Mrs. Richardson and Mrs. Allen. It had been 35 years since Mrs. Bruce and Mrs. Richardson had met. Mrs. Allen and Mrs. Scott visited in this city last year.

During their Southland stay, the Vancouver residents have been taking trips to various points of interest.

You and Your Friends

Arthur Gallagher and his daughter, Miss Helen Gallagher, 514 East Pine street, are anticipating the arrival tomorrow of their son and brother, John Gallagher of San Francisco, for a week end visit here in his former home.

Miscellaneous Shower
Is Compliment To
Bride-Elect

Mrs. Ralph Chaffee entertained in her home on Huntington avenue, Garden Grove Wednesday evening in honor of Miss Betty Howell of this city, whose marriage to the hostess' son, Lawrence Chaffee is planned for the near future.

The bride-elect had been invited to dinner in the Chaffee home, and was surprised when a group of guests arrived to take part in festivities. Prizes in a series of games went to Mrs. Helen Gedney and Mrs. Pearl Reeder.

Assisting Mrs. Chaffee throughout the evening were her daughters, Miss Ethel Chaffee of Garden Grove and Mrs. Jerry Hunter of Norwalk. Details of refreshments and decorative details as well were in keeping with a Hallowe'en theme. Chrysanthemums were arranged throughout the rooms.

Miss Howell received miscellaneous shower gifts from the guests, who included Mrs. Mary Perdue, Mrs. Ellen Floyd, Mrs. Lyle Jellison, Mrs. Gerald Bower, Santa Ana; Mrs. Genevieve Peterson, Anaheim; Miss Elma Mae Smiley, Mrs. Carrie Chaffee, Mrs. Pearl Reeder, Mrs. Helen Gedney, Mrs. Jerry Hunter, Miss Ethel Chaffee and Mrs. Ralph Chaffee.

Saturday Bride-Elect
Is Presented With
Shower Gifts

It was the privilege of Mrs. Charles Berry and Mrs. G. H. Bent to be hostesses at the final party complimenting Miss Carolyn Billingsley before her wedding tomorrow night to William Le Blanc of Long Beach, and they staged their hospitality most delightfully last night in the Charles Berry home at 112 North Ross street.

An autumnal motif was applied to decorations, and quantities of colorful dahlias lent charm to the scene as guests joined in a succession of merry guessing games. Miss Betty Wakeham proved winner in the contests, and was rewarded with a prize when consolation gift was presented Miss Jean Phillips.

A great basket of ribbon-tied packages was placed before the party honoree, who had the pleasure of claiming an array of dainty personal gifts selected for her by her friends. While these were being generally admired, Mrs. Berry and Mrs. Bent were busy themselves with preparations for serving a tempting refreshment course.

Guests accepting the invitation of the evening included Miss Billingsley, the Misses Betty Wakeham, Georgiana Swain, Jean Phillips, Billie Lonon, Edna Ebersole, Mary Schrock, Thelma Finnigan, Esther Lukens, Mrs. George Berry, Santa Ana; Miss Wilma McIntyre, Buena Park; Mrs. Stanley Searle and Miss Phyllis Searle, Glendale; Mrs. Marie Oelke, Laguna Beach; Mrs. Dorothy Flintham, Elanor Flintham, Charlotte Morrow, Mrs. Everett Berry and Mrs. Helen Flintham, Orange; Mrs. Lou Borkowski and Mrs. Ted Parley, Long Beach.

The wedding of Miss Billingsley and Mr. Le Blanc will occur tomorrow night at 8 o'clock in the Colonial Chapel on East Seventeenth street.

Past Noble Grands

Committee appointments were made and various plans were discussed informally yesterday afternoon by members of Sycamore Rebekah Past Noble Grands, who were luncheon guests in the home of Mrs. John Baker on Irvine Ranch.

Hostesses were Mrs. Baker, Mrs. Emma Chandler and Mrs. Ida Alcock, who served luncheon at a large table centered with a golden pumpkin filled with shining apples and grapes.

Mrs. Leola Dietrick, president, appointed committee members including Mrs. Catherine Clark and Mrs. Effie Means, resolutions; Mrs. Bess McDonald, Mrs. Jessie Overton and Mrs. Fern Smith, finance; Mrs. Fannie Taylor and Mrs. Stella Henderson, flowers; Mrs. Roda Ramlose, press.

Mrs. Lilly Ellis was installed chaplain by Mrs. Bessie Stovall. Present were Mesdames Leola Dietrick, Pauline Decker, Josie Shoemaker, Jessie Overton, Blanche Liebig, Lilly Ellis, Theresa Dunning, Fannie Taylor, Florence Crawford, Fern Smith, Fannie Rose, Roda Ramlose, Anna Miles, Effie Means, Catherine Clark.

The next meeting will be held November 18 at 12:30 p. m. in the home of Mrs. Meta Caldwell, 1246 South Birch street. Co-hostesses will be Mesdames Catherine Clark and Florence Crawford.

Past Matrons Discuss
Business Matters
After Luncheon

Those friendly parties which Hermosa Past Matrons enjoy each month, added the October session to the lengthening list yesterday when Mesdames Minnie Holmes, Marie Beisel, Elizabeth Moore and Lella Jones received the association members at luncheon in the Rosemary cafe.

A pleasant was the reunion after a month of meeting only upon occasion of Hermosa chapter sessions, that it was almost with reluctance that the Past Matrons left the flower decorated luncheon table to confer on business matters in the lounge of Masonic temple.

So many matters of business were to be discussed under the direction of Mrs. Ella Strassberger, president; that there was no program or entertainment of any sort. New by-laws formed one of the subjects for discussions.

Warm welcome was accorded Mrs. Tiesau Whitson, who has been spending the past few months in Tulare but who is here for a short visit with Mrs. Mary Whitson and Miss Martha Whitson of North Broadway. Others present were Mesdames Minnie Atkinson, Katie Barker, Frances Brooks, Marie Beisel, Nona Cloyes, Ida Dunphy, Grace Finn, Edith Harvey, Ada K. Hendrie, Minnie Holmes, Maude Halladay, Lella Jones, Vera Jacoby, Molly Kerch, Maggie Mae Moore, Elizabeth Moore, Martha Medlock, Irene Mitchell, Lola Osterman, Jennie Peek, Cora Rugg, Ella Strassberger, Mae Thomas, Emma Jean Trueblood, Jannette Terwilliger, Maude Watson, Maude Winblier and Grace Wilson.

Bessie Stovall, Millie West, Ruth Zabel, Bess McDonald, Stella Henderson and the three hostesses; with two guests, Mrs. Flossie Baker, noble grand of Sycamore lodge, and Mrs. Anna Sayers, who moved to Santa Ana recently from Corona.

The Maytag tub is square with gently rounded corners, to produce the most effective washing action. It provides extra gallons of washing space. Any washer with a Maytag cast-aluminum tub would be a better washer.

Committees Appointed
When Insurance
Girls Meet

Appointment of committee chairman at last night's meeting of Insurance Girls' Service club at Danigers gave the newly-organized group a complete staff of workers, with Mrs. Ralph Cunningham heading the club as president.

Danigers was scene of the meeting, which was preceded by dinner. Speaker was Paul Ragan, who talked on "Co-Insurance".

Committees named were Betty Campbell, program; Alice Davis, employment; Beverly Weindorf, social chairman.

Present were Betty Campbell, Bobbie Jo Clay, Alice Davis, Evelyn Durfee, Ellen Frazee, Helen Hamilton, Amber Lee, Edith Monroe, Esther Reimour, Madeline Ritter, Katherine Spicer, Dolores Swenson, Beverly Weindorf and the president.

"Life Insurance" will be the program subject at the next meeting, November 18.

Penney Family Enjoys
Costume Party
In Eugene Thomas Barn

Once again the barn on the Eugene Thomas ranch property on Newport Road is finding itself the center of Hallowe'en frivolity, with 100 employees, families and friends of the J. C. Penney company enjoying its hospitality Wednesday evening.

It seemed especially appropriate that Joe Black, window decorator at the Penneys should take charge of the decorating. He provided an autumnal setting of color and variety with bales of hay serving as seats for the costumed merrymakers.

Prizes for their clever costumes went to Harley Babcock, who was dressed in a barrel; Paul Volker, attired as an old crow; Joe Black, as the Hunchback of Notre Dame. They received cash awards following a grand march in which the witches, goblins and other characters took part.

A program of stunts was presented, and dancing was enjoyed for the remainder of the evening. Sandwiches, cider and pumpkin pie were served.

Joe Ojeda provided music for the evening. He was on the entertainment committee together with Joe Black, Jesse Quigley, Guy Miller and Harley Babcock. F. A. Jones was general chairman of arrangements.

Character Delineator
Gives Program
For Ebell Next Monday

Something just a little bit different in the way of entertainment is promised for Ebell society members when they meet Monday afternoon at 2 o'clock in the clubhouse for a program by Adele Neff, well known character delineator.

Miss Neff is the author of her entire repertoire, which is said to express a variety of moods and situations, presented as only a character actress can. Each of her creations is patterned from a real life character, and moulded into a living portrayal of human emotion.

A prominent artist in the realm of drama, Miss Neff has the background of the New York theater, concert stage and radio.

Preceding Monday's program will be a business meeting in charge of the president, Mrs. W. S. Thomson.

Lela Slaback Observes
Fifteenth Birthday

Miss Lela Slaback and a group of her friends who attended Beta Phi Delta's skating party last night at the high school climaxed the merry event with a party which marked the 15th birthday anniversary of Miss Slaback. The home of her parents, Mr. and Mrs. L. W. Slaback, 418 West Pine street, was scene of the celebration.

The young celebrant's mother had arranged a charming setting for the party, observing high school colors of red and white in decorative details. Red zinnias centered the table at which ice cream and nuts were served with birthday cakes. There were individual confections lighted with candles, and a larger cake ornate with red rosebuds.

Miss Slaback received gifts from the group, who included the Misses Rosemary Pearce, Mary Alice Tillotson, Dorothy Farrell, Helen Hawk, Margaret Hawk, Mary Hunter.

Completing the group were Dr. and Mrs. E. F. Bruning, Dr. and Mrs. John L. Wehrly, Dr. and Mrs. Arthur Wade and Messrs. and Mesdames Lyle Anderson, C. W. Hill, Clyde Hill, Ira Chandler, Claude Knox, Bruce Monroe, Wendell Finley.

The many flowers used in decorating for the occasion included dahlias and roses from the home gardens.

Mr. and Mrs. Tubbs were among several Comus club members who entertained out of town guests at last night's dinner dance, which proved a highlight in the organization's formal functions.

PRE-DANCE AFFAIR

Among the pleasant hospitalities preceding last night's Comus club dance was that at which Mr. and Mrs. Stanley Anderson received a little group of friends in their home, 2040 North Flower street. Guests were Messrs. and Mesdames Wayne Harrison, Tevis Westgate, Leland Finley and Robert Fernandez.

Completing the group were Dr. and Mrs. E. F. Bruning, Dr. and Mrs. John L. Wehrly, Dr. and Mrs. Arthur Wade and Messrs. and Mesdames Lyle Anderson, C. W. Hill, Clyde Hill, Ira Chandler, Claude Knox, Bruce Monroe, Wendell Finley.

Various Costumes Make
Appearance At
Copettes' Gala Party

Mrs. Burnette Lane, dressed as a gay senorita and Mrs. R. R. Russick, attired in an old-fashioned evening frock won costume prizes Wednesday evening at a monthly party shared by Copettes. They were hosts in the home of Mrs. Franklin Grouard, 1076 West Fourth street, with Mrs. B. A. Hershey and Mrs. William Heard serving as hostesses with Mrs. Grouard.

Hard times costumes, old-fashioned outfits, typical Hallowe'en apparel and other unusual clothing had been donned by the members. They enjoyed a refreshment interval early in the evening, when pumpkin pie topped with whipped cream was served at tables lighted by tapers in copper candlesticks.

Mrs. Francis Norton and Mrs. William Nielsen, who held the two highest scores in bridge, were rewarded with attractive copper plates made by Mrs. Grouard. Identical prizes were received by Mrs. Lane and Mrs. Russick, while Mrs. Richard Bradley won a dolly for her low score in cards.

Present in addition to the three hostesses were Mesdames Richard Bradley, Paul Cozad, Harry Fink, J. W. Foster, Floyd Howard, George Boyd, Burnette Lane, W. B. Moreland, William Nielsen, Francis Norton, C. L. Neuschwanger, L. H. Nicholson, J. F. McWilliams, and R. R. Russick.

Mesdames Lane, Moreland and Howard will entertain the group in the Moreland home, 206 Wright street November 17.

Panhellenic Society
Meets Next Tuesday

Panhellenic society members will hold their October party next Tuesday evening at 7:30 o'clock at Danigers, where dessert will be served in advance of bridge play.

Hostesses will be the Misses Helen Kennedy and Reva Hawkins and Mesdames E. M. Sundquist, Warren Fletcher, W. F. Croddy, Robert Low and Russel Wilson.

BIRTHDAY CELEBRANTS

Birthday anniversaries of the Misses Abbie Lou Waldron and Shirley Winters were given a pleasant observance Wednesday evening at a meeting of the newly-organized Gleamers class of First Congregational church.

Mrs. Ivon W. MacFarlane, teacher of the group, entertained the girls in her home, 617 East Walnut street. Dinner was served to the accompaniment of colorful Hallowe'en appointments. Decorated birthday cake was a feature of the enjoyable affair.

Present with the hostess were Mesdames Barbara Neff, Caroline Spicer, Abbie Lou Waldron, Mary Smalley, Shirley Winters, Ethelyn Davis and Mary Lou Barrett.

Phi Sigmas Set Date For Father, Son Banquet

Revival of a custom which has lapsed during the past few years was planned by Phi Sigma fraternity members Wednesday evening when they decided to hold a father and son banquet Wednesday evening, November 10 at 7 p. m.

Bill Keeton was host to the group in his home, 411 West Camille street. Paul Beckman was named general chairman of the banquet, the place for which will be determined in the near future.

Highlighting the autumn social calendar for Phi Sigma and their friends will be an annual Thanksgiving Eve dance Wednesday, November 24 at Santa Ana Country club. This will be semi-formal.

Harmony Bridge Club

Enjoying a no-hostess luncheon Tuesday members of Harmony Bridge club assembled at the Rossmore cafe. They spent the subsequent afternoon in Masonic temple, where bridge play formed the program. Prize winners were Mrs. Maude Swarthout, Mrs. Jane Morse and Mrs. Carrie Cole, who held the two high and low scores.

Present were Mesdames Lillian Dawson, Amanda Holmes, Alice Tolhurst, Augusta Whisenand, Jane Morse, Nellie Young, Dora Cole, Carrie Cole, Emma Jean Maxwell, Laura Kesemann, Virgie Holmes, Maude Swarthout, Effie Neusch, wanger, Gracia White, Estella McFarren, Clara Belle Rousseau, Janice Turner and Rose Chast.

Mrs. Jennie Shippe and Mrs. Winnie Dean will be hostesses at the next meeting, Tuesday, November 2 at 12:30 p. m. in the temple.

Church Societies

Questers Meet

An afternoon meeting of the First M. E. Questers was held this week in one of the church committee rooms, at an hour sufficiently early to allow the members to join the Mid-Year Institute for its covered dish dinner in the basement dining room.

Miss Joy Townsend presided over the meeting and Miss Olive Schweitzer led devotionals. Miss Helen Wiese, leader, and Miss Roberta Corcoran had charge of the program.

Present with Mrs. R. I. Matthews, advisor and Miss Wiese, leader, were the Misses Joy Townsend, Ruth Ames, Olive Schweitzer, Vivian Vail, Ruth Townsend, Marjorie Randall, Roberta Corcoran, Irene Williams, Pauline Williams and Mary Ruth Fairies.

Friendship Circle

This week brought two sewing sessions for members of the Santa Ana Church of Christ Friendship Circle, who were entertained Tuesday in the home of Mrs. Edward Bose on North Main street, and on Wednesday were guests of Mrs. Field Rathbone, 712 East Chestnut street.

Eighteen members were present for Wednesday's event, which came as a regular meeting. Plans were made for a father and son banquet to be held Friday, November 12, at 6:30 p. m. in the home of Mr. and Mrs. W. B. McConnell, 1218 Orange avenue.

Announcement was made that the society already is assembling food staples for holiday distribution to the needy. Devotionals were conducted by Mrs. Howard Bosworth. Covered-dish luncheon was served at noon, and the remainder of the time was devoted to quilting.

Tuesday's meeting was a special event, with creamed chicken luncheon served at noon. Comforters were tied during the day. Present were the church pastor, Louis Alan White and Mrs. White, with Mesdames Charles Hoff, Frank Cannon, Joseph Friend, Elton Nichols, Field Rathbone, Joseph Kelly, C. Holloway, Darrell Wakefield, J. B. Smith, George McConnell, Mellie Vance and Miss Mary Armstrong, with the hostess, Mrs. Bose.

JILL

BY
MARY RAYMOND
Copyright, 1937, NEA Service, Inc.

CAST OF CHARACTERS
JILL WENTWORTH, heroine, attractive debutante.
ALAN JEFFERY, hero, rising young artist.
BARRY WENTWORTH, Jill's stepbrother.
JACK WENTWORTH, Jill's brother.
SYLVIA SUTTON, oil heiress.

Yesterday Mrs. Wentworth lays her plans for Barry and Sylvia and plans too that Jill will marry one of the banker Montanoses.

CHAPTER III

THE summer lodge was perfect in its sylvan setting. Great trees towered above it. A blue lake, curving with the sky, washed lightly against green banks, closed by.

High-powered speed boats skimmed the lake's serene surface. Lazy-looking canoes bobbed at intervals, sturdy skiffs tugged at ropes near the pier.

Mrs. Wentworth glanced now at the cocktail and highball glasses. There was no use to overlook the fact. Young people these days expected to be served drinks. They'd dub a party a washout if you didn't. She hoped Barry would be sensible. If only he were like Jack and Jill, who didn't drink at all.

Presently, with a glass in his hand, Barry was singing matches of the St. Louis Blues. Jill glanced across at Sylvia Sutton. Sylvia was wearing a simple white sports dress, which made her look like a patrician angel. Jill thought. Not the cherubic kind. Sylvia's nose was straight and slender. Her coral lips might have been carved by a sculptor bent upon perfection in line and expression. Her eyes were wide and blue and appealing. She was small and slender and beautifully molded.

She should be labeled: "Handle with Care," Jill mused.

POOR Sylvia. She would probably find life a bit rough, if she married Barry. They were well suited in other respects. Barry, with his saturnine darkness, was a perfect foil for Sylvia's delicate blondness. There was something extremely devilish, at least devil-may-care about Barry, which contrasted sharply with Sylvia's angelic qualities.

Jill glanced up at Barry. He was not looking at Sylvia. His eyes met Jill's mockingly.

"Spill it," he said.
"Oh, it's nothing," Jill answered. "I was just thinking that too many Gentile Annes aren't good for a host. Don't forget Sylvia is here."

"Sylvia doesn't mind. She knows it can be mighty monotonous walking a straight line all the time. A fellow has to weave around a little. What a pretty little preacher you're turning out to be, Jill."

Jill said nothing.

THE afternoon merged into a warm cloudless night, which the young people found ideal for boating.

They were out early the next morning and remained on the lake the greater part of the day. Jill and Milo were on their way back to the lodge when they met Sylvia and Barry headed toward the lake.

"You're not starting back?" Jill exclaimed.

Jill took in the situation, anxiously. Barry's flushed face and the little points of light in his dark eyes were danger signals. But he was always difficult to handle when he was drinking.

"Let's make it a real race tomorrow," Jill suggested. "I'd like to race Milo."

"All right, come on," Barry said. "Too late. There's a big black cloud, too."

"Joy-killer Jill," Barry retorted. "Well, you can't stop our fun."

"I couldn't stand Barry's boastfulness another minute longer," Sylvia said, with a laugh. "I've been handling a motorboat since I was 12, and he thinks he can outpace me. Just an old show off."

A man leaped from the car. As he came toward the porch they could see he carried someone in his arms. "He's bringing in Sylvia," Tommy cried.

Jill's. "Don't waste words on obstinate people. Well, so long. I'm betting on Sylvia."

MRS. WENTWORTH met them at the door. "Where is Barry?" she queried anxiously.

"He and Sylvia took two of the boats, planning to race," Jill answered.

Mrs. Wentworth's eyes were focused on the lake. It's surface was rougher. There was a chill in the air. Some ominous looking clouds were massing overhead.

"I don't like the look of that sky," she said.

"Neither did I," Jill said, slowly. "That's wind in them that clouds," drawled Tommy Lane.

"Tommy, don't be funny, you'll frighten Mrs. Wentworth," Lucia Willis warned.

"He's no' being funny." This from Landy Brent. "Those thunderheads carry a lot of wind."

"Landy! You sound so dramatic. Do take me out on the lake, and we can rescue Sylvia and Barry."

"No, please!" Mrs. Wentworth spoke sharply. "You would be two more to worry about. Surely, they will be sensible and come in soon."

"Of course, they will, Mrs. Wentworth," Tommy said, cheerfully. "Hey, Jill. How about you and Milo taking on Lucia and me for a mah jong tussle? Landy, cup-pose you stroll down to the pier and see if you can spot those goofs anywhere."

"What's that?" Lucia cried.

"A put-put as I live," Tommy replied. "They're coming in. And in good time, I'd say."

Without warning the storm broke. Great, gusty waves of water were rolled over the shore. The lake was suddenly a boiling mass, lashing back under the swift onslaught of wind.

A MAN'S figure was balanced precariously on the rocking pier, and then, head down, came

running toward the lodge.

The group on the porch moved to meet him. Mrs. Wentworth had opened the door and was down the steps to greet the hurrying figure.

"Barry! Barry!"

"Don't be an idiot, mother," Barry cried. Dripping with water, wild-eyed, he had reached the porch.

A chorus greeted him: "Where is Sylvia?"

"Sylvia! Good heavens, hasn't she come in?"

"What do you think?" Landy drawled, coldly.

"We were on the way toward the point when the storm came up. It was getting dark. I didn't see her or hear the motor—so I thought—"

Barry broke off. The porch had filled suddenly, as groups from the living room joined the anxious group around Barry.

"Oh, goodness, is anybody hurt? Where's Sylvia?" Millicent Whitney asked in an excited tone.

"We don't know," Lucia answered.

"Some of you fellows will have to help," Landy said. "We've got to get a boat off and search for her. We may all go into the soup—"

"A boat couldn't live in that water now," Tommy spoke grimly.

"But if you go, I'll go with you. Say, wait a minute, someone is coming."

An automobile horn sounded, and two lights loomed up near the porch.

Landy reached for a switch, and an electric lantern that swung by the door poured light out into the gloom.

A man had leaped from the car. As he came toward the porch the watchers could see he carried someone in his arms.

"It's Jack Wentworth!" Tommy cried. "He's bringing Sylvia in. My God!"

Mixing Bowl

From experience, I know that there are days from now on, that leave you at the end of the day, too weary even to think about making a pie or pudding for dinner. Calm your weary heart, lady, and serve crackers and cheese with this delicious vegetable marmalade, tantalizing to the last bite!

Red Pepper Marmalade

3 dozen sweet red (ripe) peppers
2 tablespoons salt
2 1/4 pounds white sugar
3 cups vinegar, pickling strength

Split and seed the peppers, saving six seeds out of each pepper. Grind, add salt and let stand several hours. After dinner, turn the pepper hash into a colander to drain over night. In morning add sugar and vinegar and pepper seeds, bring to a slow boil and cook until thick (about one hour) seal in small jars.

A stamped, self-addressed envelope enclosed with your request for the Safe and Sane reducing diet brings it to you promptly.

Families either love oysters or hate them, but usually it's the first, and that's hard on the budget unless you can serve the oysters in a recipe that stretches them. This does just that in appetizing style.

Egg-and-Oyster Fry

Wash and dry the oysters, spread well apart on a pan and dust with cracker meal. After the bacon has fried about half, put the oysters over the bacon and fry them, stirring or turning until nicely browned. Have eggs well beaten, stir in cream and pour over the bacon and oysters. Turn the whole thing when the eggs are half fried, but if you aren't adept as a turner, it is best to take out half of the fried oysters and bacon and do the thing in two shifts. Season when on platter and sprinkle with parsley. The recipe serves four very generously.

Maple Ice-Box Cookies

2-3 cup butter or vegetable fat creamed with:

1-3 cup sugar
1 egg, well beaten into creamed part with 1 teaspoon maple extract
1 cup walnut meats, run through grinder
2 cups sifted cake flour, sifted twice with 1 scant teaspoon baking powder.

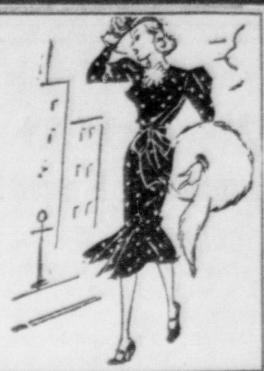

Cream butter, sugar and egg until waxy, add extract and by degrees, flour mixed with ground nuts. Turn onto a lightly floured board and knead for a minute. Divide the dough in two parts, shape into nice rolls, wrap in a towel and chill over night. Slice very thin and bake in a medium hot oven about eight minutes per pan.

I WINDOW SHOPPED AN - HOUR -

By Virginia Weeks

Men into playboys! For the poor tired business man, a window of sport shirts . . . the bold plaids worn with one of the city-dressed scarfs would make the boy friend look disconcertingly like a certain screen star . . . but if said boy friend wants to keep his dignity and still put up a showing, we liked the Esquiritish looking white shirts striped in blue or brown.

For the man with the "heart of gold" but no shoulders to speak of, we found the perfect suit . . . a chesty looking British Lounge in Saxon and Herringbone weaves . . . even a Casper Milque-Toast with no past at all would look important in one of them . . . especially if worn with a new green felt hat worn sort of carefully careless like.

And who wouldn't linger near the window showing what the very young man about town is wearing . . . these three-piece suits, long trousers in navy or brown with matching sweaters and polo shirts would wow any fifth grade lass.

Funny little shoes for sub-debs and debsters always make us hesitate. To think that these shoes which shout "just for fun" and the dainty slippers which whisper "pink party frock" are actually prescribed by doctors.

Black and yellow cats in the window tell us it's getting to be goblin time and the little girls' frocks tell us party secrets . . . the skirts are full, some pleated in anuburst, and the belted waists are higher. And speaking of secrets, if some fairy godmother could see the little white fur coat with matching beret and muff . . . what a birthday that would make!

Those utterly new shoes for fall. Brown and black suede that remind us of the Wings of Victory . . . sounds absurd but it's something about being fleet of foot . . . fitting so snugly and coming high over the instep like a wayward daughter of an oxford but, oh, so much more charming.

The fall interlude which might be so dull can be the most exciting time of the year if your new sport outfit is of that new and strange combination of ma-

hogany and green . . . one of our smartest shop windows shows such a one with a nonchalant tweed of deep reddish brown flecked with mahogany and green . . . and the scarfs are double-dares to a new romance!

One of my favorite shops is showing all sorts of things to make the lady of the evening more glamorous this winter. "Whispers in the Dark" is the only fit and proper name for that almost quaint black taffeta frock . . . scalloped and faced at the hem with red taffeta and topped with a frivolous little red jacket . . . a veiled cocktail hat suggesting Vassar smartness plus plenty of what it takes to crash the stag line.

Only a step away are things for the stylish sleepy head. Corduroy lounging pajamas of turquoise and black for informal hostessing . . . and did I covet those flame halibran p. js . . . easily the most sinful ones we've seen about.

I lingered shamelessly over that (always) attractive sports window and particularly yearned for the spectator sports jacket in biege wool worn with a black gored skirt . . . and the red and yellow and black Paisley scarf . . . and what luck to find afternoon and evening blouses in metal cloth and velvet in a sport store.

In the window of a store whose good taste we can't question is the most amusing salad or buffet set of golden yellow china with a bright red lobster perched atop each piece . . . reminds us of the startling lobster dress of the Duchess of Windsor . . . and we pity the guest who fails to nibble every morsel of avocado or sea food salad and must meet the accusing eyes of the lobsters.

Any housekeepers nose will flatten against the window showing those new and stunning (and hard-to-beat) white kitchen stoves and equipment with their accents

of black and chromium on a background of red linoleum . . . this is our idea of streamlined kit-cheneering.

I leaned heavily against the window filled with fireplace fix-ins and wished the weather and the calendar could come to an understanding for it's definitely getting to be andiron time . . . There were brass screens, andirons and quite unusual wood baskets . . . dignified colonial ones and sets modern enough for any glass and steel house you have in mind.

Speaking of modern homes . . . not so far away is the most sophisticated dining room set you can imagine . . . designed of bleached walnut wood like molten taffy and accented with darker walnut . . . comfortable chairs covered in biege homespun. It's all subtle and smooth and worthy of a Noel Coward set.

Such interesting linens are a godsend to the gal with urban tastes and a suburban budget. For a gay waffle supper take a peak at the satin damask dinner set bordered in bright red . . . or for bridge and the "bosom wife," I liked the peach satin damask and so will you.

If the land in the United States proper were divided equally among its inhabitants, each person would get 18 acres.

PATTERN 4473

By ANNE ADAMS

Come the new season, and what girl doesn't have a yen for a frock with that right-for-Winter look! And when a pattern is as simple to sew as Pattern 4473, Mother or the clever Junior herself will find it a budget-advantage to stitch up this demure style quickly and easily at home! Saucy lacings weave their way in and out the bodice front and match the lively accents of the puffed-up sleeves. And do take notice of that pointed waistline, slightly flared skirt, and becoming youthful collar. A real treat if you make it of wool crepe or synthetic.

TEACHERS OF H. B. HONORED AT RECEPTION

HUNTINGTON BEACH, Oct. 22.—More than 125 persons attended the high school P.T.A. reception for the teachers this week. The evening's activities opened with an exchange dinner in the school cafeteria.

Mrs. Harding, the president of the association, welcomed the teachers and M. G. Jones, principal of the school, made the response. Community singing was led by Orion Behermeyer.

Mrs. Ned Clinton, program chairman took charge of the evening's program the topic of which was "Home Work." The students' viewpoint was discussed by Fay Dodge, Leon Miner, instructor, followed with a talk on the "Teachers' Viewpoint." Mrs. John McIntosh delved into the subject of "The Parents' Viewpoint," and then an interesting panel discussion followed.

Two trumpet solos were given by Mrs. Ed Hensley of Midway City. Mr. Jones discussed the plans for "Grading" in the school and R. M. Elliott, vice principal, discussed "College Requirements." Mrs. Ruth Brown, president of the Fourth District P.T.A., gave a brief talk.

Surprise Affair Held By Bible Class Of Church

BUENA PARK, Oct. 22.—Complimenting Mrs. Otto Austin, who recently moved to her new home on Ninth street, a number of members of the Welcome Bible class of the Congregational church and neighbors gathered for a surprise party at the new Austin home Thursday afternoon. The occasion also marked Mrs. Austin's birthday anniversary.

Prizes for the afternoon's guessing games were presented Mrs. E. A. Kinney and Mrs. La Rue C. Watson, class teacher. The honoree received a number of gifts for her home and birthday presents. Refreshments of assorted cup cakes and coffee were served.

Party guests were Mrs. Luther Strain, of Anaheim; Mrs. Margaret Strain, Mrs. Claude Allen, Mrs. Ora Looney, Mrs. Bill Looney, Mrs. Jessie Welch, Mrs. Harold Welch, Mrs. La Rue C. Oklahoma Man To Operate Market

SAN CLEMENTE, Oct. 22.—Mr. and Mrs. Ambrose Hess, formerly of McAllister, Okla., and recently married, are son to be San Clemente residents. They are closely related to Mr. and Mrs. E. L. Holway and to Mr. and Mrs. Boyd Sturges of the Boyd and Frances sandwich shop. Hess has arranged to take over the meat department of Adair's Red and White market when Isaac Harmel leaves San Clemente.

Harmel, San Clemente pioneer, sold the Harmel Building on Del Mar avenue three months ago in order to go on his ranch at Vista. As soon as their ranch home is completed, Mr. and Mrs. Harmel will leave here. Hess is employed for the present in San Juan Capistrano.

Bowlers Plan Contests At Laguna Beach

LAGUNA BEACH, Oct. 22.—The Laguna Beach Bowling club will be host to over 200 devotees of the game at Heister park tomorrow and Sunday. Overlooking the Pacific ocean, the green are the mecca of many bowlers every day. In the Southland, are nearly a score of clubs, most of whom will be represented at the two-day tournament.

Local experts include Mayor Luther F. Mallow, Judge C. C. Cravath, Andy Hall, Frank Marano, Fred Aufdenkamp and many other well known business and professional men. The Heister park greens have been praised by experts as being among the best-kept and most picturesquely located, anywhere in America.

FULLERTON, Oct. 22.—Members of the Fullerton Ebell club held their annual Spanish fiesta and bazaar at their clubhouse Thursday night, opening with a Spanish dinner. The affair was under the general chairmanship of Mrs. Adrian King.

Serving as a reception committee were Mrs. Harold Lang, president, Mrs. Allen Compton, Mrs. Samuel Cortez, Mrs. Raymond Thompson and Mrs. J. Arthur Miller. Members of the kitchen committee and of the committees serving dinner were Mrs. C. A. Rhodes, Mrs. Eli Biggs, Mrs. John L. Strickland, Mrs. Betty Hennage, Mrs. R. D. Stone, Mrs. Carrie Ford, Mrs. Oscar Schneider and Mrs. Henry Stein. In charge of tables were Mrs. H. H. Crooke, Mrs. W. E. Tripp, Mrs. Lang and Mrs. King, who was in charge of decorations.

Seek Change In Phone Service

MIDWAY CITY, Oct. 22.—A concerted move is being made by the Midway City and Westminster communities to secure a different telephone service for the district. The chambers of commerce of the two communities are sending committees to Huntington Beach next Monday evening to join with the Huntington Beach Chamber of Commerce in the discussion of the subject, the local exchange being a subsidiary of the Huntington Beach exchange.

Plans for a central office will be taken up at that time. Later a committee from the three chambers will contact the Long Beach Chamber of Commerce. Both the Westminster exchange and the Huntington Beach exchange, which serves all of west Orange county, are affiliated with the Associated Telephone company, with headquarters in Long Beach.

LODGE INITIATES

WESTMINSTER, Oct. 22.—One new member, Burdette B. Wise, became a member of Westminster L.O.O.F. lodge No. 72 at Wednesday evening's lodge meeting at which the initiatory team of Fullerton had charge of the ceremony. Forty visiting Odd Fellows were present. The refreshment table had been arranged by Mrs. Estelle Arnett, wife of Richard Arnett, local noble grand, Mrs. Elizabeth Hall, Mrs. Frankie VanUden and Mrs. Mae Mansperger.

FASHION SHOW SPONSORED BY NEWPORT CLUB

NEWPORT BEACH, Oct. 22.—Members of the Costa Mesa Friday Afternoon club were guests of the Ebell club Thursday afternoon at a fall fashion show. Five models, parading before the audience, showed the latest fall fashions and accessories while Mary Strohecker lectured on the different outfits.

Two songs by Mrs. A. J. Rutter, accompanied by Mrs. Margaret Schaefer at the piano, provided the musical portion of the program. Mrs. V. E. Grace, Mrs. King Joslyn and Mrs. Andrew Wilson were hostesses. Coffee and cakes were served.

The next meeting of the Ebell club will be a 12:30 o'clock Mexican luncheon, with Mrs. George Bunnell in charge, on November 4.

CARNIVAL TO BE STAGED BY BEACH P.T.A.

HUNTINGTON BEACH, Oct. 22.—Everything is in readiness for the carnival that will be staged by the elementary school P.T.A. at the school tonight.

Parents are urged to dine in the tea room where Miss Geneva Helbing will be in charge of the supper where "hot dogs," doughnuts, cider, pie and coffee will be sold. Kittle Mac from a Long Beach dance studio will bring her troop of performers and they will stage two colorful and gay stage shows, one at 7 p. m. and the second one at 8:30 p. m. The girls will appear in brand new costumes.

The attractions will include a "zoo" and fortune telling booths. Red lemonade, pop corn, peanuts and candy will be sold by students.

Dinner Affair Enjoyed By B. & P. W. Group

GARDEN GROVE, Oct. 22.—Members of the Business and Professional Women's Social club enjoyed a progressive dinner Wednesday evening. After the cocktail course at the home of Mrs. Hilda Reafsnider on College avenue the group motored to the home of Miss Abbey Chapman in Santa Ana for a salad course and returned to Garden Grove for the main course at the home of the Misses Marcia Carmichael and Marcella Turner on East Garden Grove boulevard.

Games of bridge were played at the home of the Misses Eva and Myra Lake on North Euclid avenue. After the awarding of prizes to Mrs. Charlotte Hepp, who held high score, Mrs. Alice T. Smith, second high, and Miss Marcia Carmichael, third, the hostesses served the dessert course. Lovely flowers, tapers and other decorations in keeping with the Halloween theme were used in the various homes. Mrs. Clara Busker will entertain the group at her home on Louise street, in Santa Ana, in November.

Others present were Mesdames Elizabeth Violet, Blanche Wisner, Irene Reafsnider, Lillian Lovett, Esther Dunham, Mabel Wilkenson, Clara Busker and the Misses Myrtle Ziegler, Helen Knox, Ann Ashley, Frances Hammonree, Mabel Head, Faire Virgin and Dorothy Knapp.

McCallen Firm To Construct Beach Station

HUNTINGTON BEACH, Oct. 22.—The M. M. McCallen Refining & Producing company is enlarging its interests in Huntington Beach with the construction of a de luxe service station and store building at the junction of Hampshire boulevard and Seventeenth street.

The new building is across Seventeenth street from the McCallen plant, and the service station and store will be operated by Harry Mansberger. The store building and service station now owned by Mansberger on the opposite side of the street from the new location will be torn out.

Plan Reports On W.C.T.U. Meeting

NEWPORT BEACH, Oct. 22.—A number of harbor district residents attended the state W. C. T. U. convention in Santa Monica, including Mrs. Minnie Reed, C. T. U.; Miss Sara Coman, Mrs. Flora Beatty, president of the Newport Beach W. C. T. U., Mrs. A. M. Nelson, Mrs. H. O. Ensign, Mrs. Kate Frenzer, Mrs. and Mrs. J. J. Atwood, and Miss Alice Hancox.

The next meeting of the local union will be held at the home of Mrs. A. M. Nelson October 27 at 800 Westminster place, Newport Beach. A luncheon will be served at noon and reports of the state convention will feature the program.

Laguna Cast Ready To Present Play

LAGUNA BEACH, Oct. 22.—With casting complete, and rehearsals in full swing, preparations for the presentation of Community players on October 29 and 30 of George Bernard Shaw's "Candida" are virtually finished. In the title role will be seen Sallia Amour, whose work in earlier offerings of the Community players has been the subject of much comment.

Supporting are John Evans, Betty Shope, William Riddell, Paul Taylor, Frank Seward and others. Production and direction are in the hands of Frank Seward. Business details are, as usual, being handled by Lydia Rankin. Advance reservations denote a heavy attendance.

Hold Dance At Harbor High School Oct. 29

NEWPORT HEIGHTS, Oct. 22.—Sponsored by the P.T.A., the first of a series of seasonal dances for high school students will be held the evening of October 29 at the school. Mrs. Clayton Thompson is chairman of the committee in charge.

Halloween decorations are being arranged by members of the student body.

Laguna Storm Drain Work To Begin Soon

LAGUNA BEACH, Oct. 22.—The city council Wednesday night inspected plans and specifications for the work of Laguna canyon storm drain, later approving the documents insofar as property within city limits was concerned and instructing City Clerk Ed. H. Beaver to execute easements for the storm drain through certain city property, including the sewage disposal plant and other municipal territory.

The plans and request for easements were presented and explained by County Flood Control Engineer M. N. Thompson who stated that bids would be opened by the board of supervisors November 2, with work to commence on the project immediately afterwards.

Redrilling Of Tideland Oil Well Under Way

HUNTINGTON BEACH, Oct. 22.—The Hubbs Oil company, comprising the owners, Walter Hughes and Allen Brown and associates, has started redrilling the W. D. Young, S. E. Andrews and T. B. Talbert well on Ocean Avenue, between Fifteenth and Sixteenth streets.

This well is a whip-stock tideland well and redrilling will be in the zone below the water string, which is set at 425 feet. The well was originally drilled in the spring of 1927 by the Jameson Oil company and then during the slant hole boom was acquired by the late Ted Brice and whiststocked to the ocean and the present owners acquired it from the Brice estate.

Mrs. Elmer Clark Hostess At Mesa

COSTA MESA, Oct. 22.—Mrs. Elmer Clark, of 2427 Orange avenue was hostess recently to members of the Missionary society of the Costa Mesa Community church. Plans for a drive for clothing, toys, staples and tomato juice were begun. Donations will be sent to the Indians on a government reservation near Yuma.

Mrs. Walter A. Compton of 1575 Fullerton avenue, will be hostess for the November meeting.

CLUB LEADER GIVES TALK IN MISSION CITY

SAN JUAN CAPISTRANO, Oct. 22.—Mrs. Albert Launer, of Fullerton, vice president at large of the California Federation of Women's clubs, speaking before the Woman's club this week, entertained her audience with brief sketches of the personalities of women who have made colorful the pages of California history. Mrs. Launer especially stressed the need for women to realize the value of club associations and club work.

Preceding the speaker on the program Miss Marguerite Estudillo played a medley of semi-classical numbers on the piano. Mrs. F. W. Rogers, corresponding secretary, announced the meeting of the Orange County Federation of Women's Clubs would be held at Costa Mesa October 29.

Announcements of the various section meetings were announced. Bridge section members will meet at the home of Mrs. Robert Callie at two o'clock Tuesday afternoon, Oct. 26.

Mrs. M. E. Walters, home economic chairman, announced the meeting of the section November 2, at the home of Mrs. E. A. Louderback in Dana Point.

An evening meeting for the literary section will be held November 9 in order that the chairman, Mrs. Verner C. Beck, may continue her work with the section. The meeting will be held at the home of Mrs. Robert Callie, with Mrs. M. E. Walters reviewing "Of Mice and Men" by Steinbeck, and Mrs. C. C. McCrary reviewing, "Northwest Passage," by Roberts.

Mrs. E. A. Nydegger, president, presided at the meeting. Hostesses for the afternoon were Mrs. Dora Lewis, Mrs. H. S. Barnes, Mrs. C. Russell Cook, Mrs. Guy Williams, and Mrs. Buddy Forster.

Guests who were introduced included Mrs. W. L. Convis, of Los Angeles, mother of the speaker, Mrs. Albert Launer, of Fullerton; Mrs. Edmund Zane, Mrs. Lash Brooke, of San Clemente; Mrs. Ray Leutsker, of Dana Point; Mrs. A. Hess, Mrs. Lynn Shrewsbury, Mrs. John Ray, Mrs. Melvin Rosenbaum and Mrs. Floyd Reed, all of San Juan Capistrano.

Buena Park Club Names Delegates To Meda Meeting

BUENA PARK, Oct. 22.—A make-up and cosmetic demonstration was presented as the program at the meeting of the Woman's club Thursday afternoon at the clubhouse. Mrs. T. C. Bittle acted as model for the demonstration. Delegates to the mid-year county convention and the coming southern district meeting were named, Mrs. M. D. Coger, president; Mrs. Henry Warren, delegates, and Mrs. C. C. Chapman and Mrs. C. W. Wahl, alternates, will attend the mid-year convention October 29 at the Costa Mesa Friday afternoon club. Mrs. Coger and Mrs. J. F. Wagg, delegates, and Mrs. L. H. Blase, alternate, are to attend the southern district meeting in November at Long Beach.

Announcement was made of the annual club bazaar which will be held December 2. Tea, coffee and cookies were served by the hostess committee, Mrs. C. C. Chapman, Mrs. S. M. Craig, Mrs. Katherine Berkey and Mrs. Bittle.

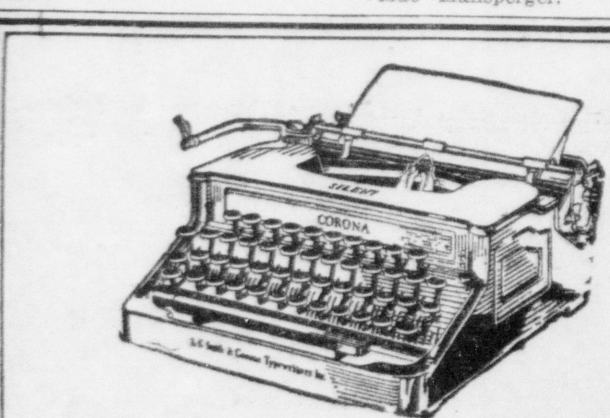

ATTEND MEETING

BUENA PARK, Oct. 22.—A number of members of the two Buena Park P.T.A. organizations attended the presidents' conference Thursday at Seal Beach including Mrs. Charles Baumstark and Mrs. William Gerlich, of the Lindbergh society and Mrs. Marion Whitte, Mrs. Victor Moffett and Mrs. James Swain of the Grand avenue association.

MANILA STOCKS MAY BE LISTED

SAN FRANCISCO — (UP) — Possibility is seen here that the San Francisco Mining Exchange may list a dozen or so of Manila's leading mining stocks "after the storm of speculation" settles in the Philippines.

Over-the-counter trade is being carried on in San Francisco in Benguet Consolidated Mining Co. and Balatoc Mining with fair regularity and although no Philippine stocks are listed on Exchange boards now, interest in them has notably quickened during the past quarter.

Paradoxically, the tremendous mining boom appears to be waning in the Commonwealth, but this very recession may lead to trading in solid Philippine stocks here, it was learned.

Frank J. Carter, secretary of the Mining Exchange, told the United Press he had had frequent inquiries of late by mail and in person from men interested in trading in Philippine mining shares. Carter said no Manila applications are on file at present but indicated the exchange's listing committee stood ready to give prompt consideration to all requests.

"With all the baking powder gone out of their boom, Philippines interests naturally want to branch out now on a more solid and permanent basis and will look to the West Coast and particularly San Francisco for investors," one exchange official said.

"It is highly possible that after the settling process is completed, and a really stable market in Manila established, their leading mining shares will be actively traded here—possibly only three or four, possibly a dozen or more."

It was not believed that the requirement of registration with the Securities and Exchange Commission would deter eventual listing of the "better class" of stocks.

With the volatility of speculation boiled away, the type of buyers attracted will be those interested in solid investment, thus contributing healthy stability to the picture, Carter indicated.

The exchange here lists 64 stocks today, compared with 108 when the Securities and Exchange Act took effect in 1934. There were 58 listed June 1, 1936, and six have been added since then.

The following is a table of volume of business on the exchange since 1933:

	Shares
1933	25,606,000
1934	14,330,000
1935	9,773,000

JAYSEE GRADUATE GIVES GOOD WORD-PICTURE OF WHAT WAR IN ORIENT MEANS TO AMERICANS

The most illuminating of its type to have been received in Santa Ana, embracing a philosophy of the Sino-Japanese conflict, and containing an enlightenment on the attitude of Americans caught in the war zone, unusual news was received from the Oriental front by The Register today.

It came in a graphic letter from Kirby Todd, 1930 Santa Ana junior college graduate, 1932 University of California graduate and brother of Mrs. Edwin C. Palm, 810 Halladay street. Kirby, aboard the President Hoover, United States steamship, when she was bombed by Chinese planes off Shanghai harbor, narrowly escaped with his life.

Gifts vs. Shrapnel

Todd is the son of Mr. and Mrs. J. C. Todd, Route 1, Clinton, Ill. From aboard the President Hoover, United States ship, Todd who is a teacher in Honolulu University of the Hawaiian Islands, wrote:

"Dear Folks: Left Hong Kong August 28 after a week of whirlwind shopping, buying Christmas presents for everyone . . . they may all be full of shrapnel down in the hold for all I know, and any way, bargaining was loads of fun, clouded as it was by war and more war, as incident piled on incident."

"On Monday morning—a bright and sunny day—a first class passenger slashed his throat and then jumped overboard. He should have waited until afternoon, then he wouldn't have had to have gone to so much bother."

Bombs and Screams

"At 5:15, I was just coming up the stairs to dinner when planes roared near and a bomb burst off our prow with a terrific report—people rushed me on the stairs screaming as a second bomb fell even closer. I fought clear of the mob and made for deck in time to see two large, deep patches of blue water where the bombs fell. We were 20 miles off Shanghai."

"I looked up and saw planes far above. Just then they dived for another attack—a third bomb falling off portside and by the time I reached the opposite deck, I saw a bomb hit our top deck, shuddering the whole ship and resulting in a vast tinkling of shattered mirrors, lamps, glass. I saw wood and metal flying in all directions."

"Discovered I was alone on deck so rushed below to find everyone in life belts and holding their ears for the next bomb. Women and children wailed—everything was in utter confusion. Went into my cabin as another bomb burst near the side of the ship—sending strong force of wind through port holes in my face. Afterward, I learned how lucky I had been for that bomb made 400 shrapnel holes

mining exchanges in the west, at Salt Lake City, Spokane, Wash., and Seattle.

Japanese when anyone with a single iota of sense could have figured that they were Chinese planes simply committing a horrible error. And even now, 50 per cent of the Chinese on board still think we were bombed by Japanese after the Chinese government has made official apology!"

SILVER ACRES

SILVER ACRES, Oct. 22.—Mrs. Lydia Richardson, of Long Beach, was a week end visitor in the home of her daughter, Mrs. Eleanor Proudlove.

Mr. and Mrs. Elmer Ralston and Mr. and Mrs. Burl Ralston went to Palm Springs this week to see Mrs. John Von Rader, who is seriously ill in a hospital there.

Mrs. Mary Downing and Mrs. J. Riley Ament were in Costa Mesa Wednesday on business.

Miss Marie Carter who moved here recently from Phoenix, is making her home with Mrs. Eleanor Proudlove.

Mrs. Frances Lindman was a guest of Mrs. A. Lipscomb of Costa Mesa, at a woman's club luncheon. Mr. and Mrs. Gilbert Trudeau spent a day in Los Angeles recently.

Mrs. Eleanor Proudlove has returned from a two day business trip to Barstow.

Mrs. Frances Lindman and son, David Lindman, spent a day in Long Beach.

Charles Claybaugh, of Chanute, Kans., arrived this week for a visit with his sister, Mrs. Mary Downing. On Wednesday, they drove to Lomita, where they were guests of their aunt, Mrs. Cal Rice.

Mr. and Mrs. John Dinkel, of El Monte, were guests Sunday of the latter's parents, Mr. and Mrs. Cyril Van Keirsbelk.

JIMMIE FIDLER IN HOLLYWOOD

HOLLYWOOD, Oct. 22.—With at least three pictorial magazines making capital out of candid camera shots of movie stars caught in undignified and often ludicrous poses, Hollywood had a new worry. And most of the stars are taking a sudden and very militant interest in every publicity picture sent out by their respective studios.

For years a few smart players—Mae West, Claudette Colbert, Carole Lombard, Marlene Dietrich, Clark Gable, Myrna Loy—have insisted upon their right to censor every "still" picture in which they appear. Now, with the "candid" craze reaching an all-time high, just about every well-known player wants the same privilege. The studios are on the spot—on the one hand they do not care to offend the powerful pictorial magazines; on the other they do not want their stars pictured unflatteringly. Several of the majors have banned outside picture takers, hired well known candid cameramen, and assigned them the job of "shooting" their stars in informal poses. By so doing they can retain the right to censor the most objectionable pictures and protect their contract stars.

It is easy to understand Hollywood's apprehensions if ever someone has made a catch-as-catch-can snapshot of you. The studios spend untold thousands building up a beautiful girl—and one candid camera shot, published in a widely read magazine, can undo

the whole publicity campaign. Hollywood's human commodities are exceedingly rare, exceedingly valuable—and exceedingly fragile.

If there is any one thing that irks me more than another, it is for someone to be habitually late for appointments—that is, unless the someone is Ginger Rogers. Ginger has never been known to keep any appointment on the dot.

Frequently she is an hour or more late—but when she arrives, she invariably is so apologetic and so flustered that the waiter's wrath dissipates like a morning mist. Ginger is late because she has so many interests that time, as a mechanical matter of hours, minutes, and seconds, never enters into her calculations. I wonder if she knows that the girl who makes appointments for her interviews always makes provision for her tardiness. If the interviewer is told to be there at noon, Ginger is told to be on hand at eleven. Thanks to the ruse, members of the press seldom wait more than half an hour for her.

Met a business man today who owns a factory in Long Beach, but has a Hollywood address and his letter head. "It pays cash dividends," he explained, "because everyone in the world has a romantic interest in that name, Hollywood." And I got to thinking how odd that is, for, as a matter of fact, there is no Hollywood. The name is given, vaguely, to the Northwestern section of Los An-

geles, and the district has no exact boundaries and no railroad stations. You cannot find it on any official map. And most of the movie stars that have made the name famous are no longer in "Hollywood." I asked the business man to define "Hollywood" and, after fumbling for a moment, he said, "Well, wherever the movies are made. At the moment, he is taking in quite a territory—movie location units are working in Alaska, Indo-China, Louisiana, Washington and Mexico City."

After years of fending off high-powered salesmen, Clark Gable has developed super-sales resistance, but a kid magazine peddler stopped him yesterday. The youngster stopped him at the studio gate and asked: "Do you like race horses, Mr. Gable?" Clark admitted that he does. "You even own one, don't you?" the boy persisted. Gable again had to say yes. "Well," concluded the master psychologist, "you ought to be interested in this magazine—it has a beautiful picture of a horse on the cover!" Clark bought.

Wendy Barrie tells me that she has discovered the perfect formula for routing burglars. The other night she was lying awake in her bedroom, immediately above the entrance to her house, and suddenly heard someone trying to pick the lock on the door. "I knew I should call the police and I had started to tip-toe to the telephone when I had a fool impulse. I popped my head out of

the window to see if I could scare him away. And the only thing I could think of to say was 'Boo!' It worked like a charm—I've never seen anyone run as fast."

There is an amusing story going the rounds. Seems Fred Astaire wanted to play a round of golf with the now famous John Montague, so Randy Scott, who knows the great Monty well, arranged a date. Monty birdied the first hole, parred the next three and then birdied two in succession. Fred, five down and out a goodly sum in spite of the strokes Monty was giving him, snorted, "All I can say is I'm damned glad this guy didn't take up tap dancing!" Copyright, 1937, McNaught Syn. PRESENTING THE WIDE WORLD IN PICTURES

Wide World Photos, Inc.

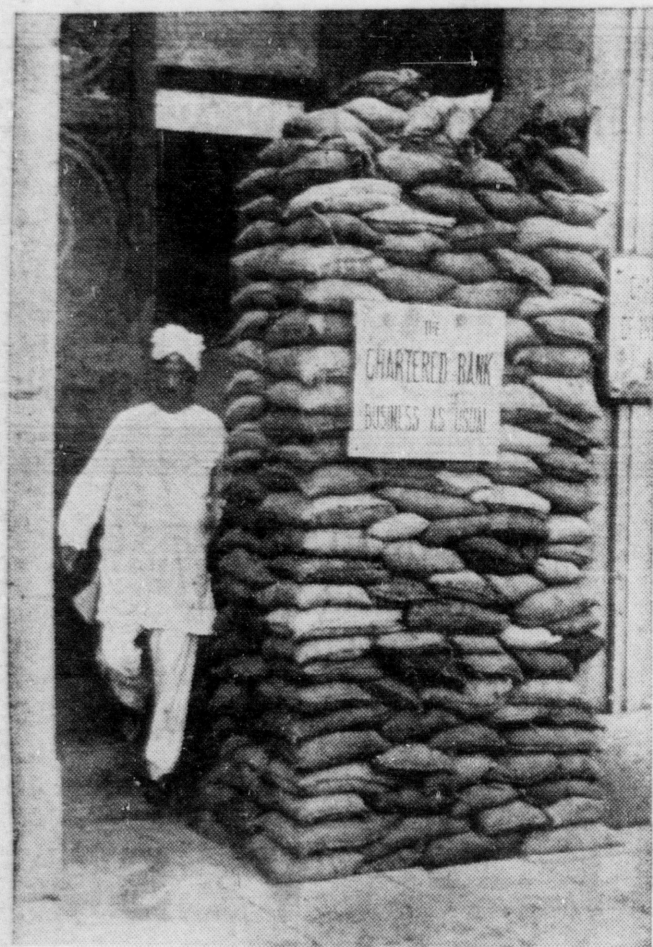

ON AN ERRAND OF MERCY IN MID-OCEAN: Passengers on the United States liner Manhattan watch the ship's lifeboat return with Bernard Edwards, who was severely injured on the freighter Silver Sword. Brought aboard, he was cared for in the ship's hospital until arrival in New York.

CHINESE GENERALISSIMO'S PICKED TROOPS: Soldiers of a crack regiment of Chiang Kai-shek's forces, led by an officer carrying an old beheading sword, move forward toward a Japanese position on the Shanghai front.

"DUCE, THANKS": A view made from a high tower showing youngsters living at one of the camps established near Rome for Spanish refugee children, forming the words in Italian as an expression of their thanks to Premier Benito Mussolini, during one of his visits to the reservation.

SHANGHAI BANKS FUNCTION BEHIND BARRICADES OF SANDBAGS: The branch of a British bank protects its entrance with a high pile of sandbags as the danger from bombs and shells in the International Settlement increases.

STARTING COLLEGE CAREER AT AGE OF 15: Miss Leona Norman, honor graduate of Malden High School, Mass., who is attending Massachusetts Institute of Technology with the intention of studying for a Ph. D. degree in public health. She is the youngest girl ever enrolled at the college.

MARTYR TO THE X-RAY: Prof. Charles Vaillant of Paris, who has won the Legion of Honor and other decorations for voluntary exposure to the rays in the cause of science, and who recently underwent his fourteenth operation, a stomach incision. Both his arms have been amputated.

CALLED AID TO CHINA: Field Marshal Vassily Galentis-Blucher, commander in chief of the Soviet armies in the Far East, who, according to a Japanese report, has been directing the strategy of the Chinese against Japanese forces by telephone daily from his Siberian headquarters.

FUTURE BRIDE OF EGYPT'S KING: A new portrait of Sasi Naz Zulficar, 16-year-old daughter of Youssef Bey Zulficar, Judge of the Mixed Court of Appeals in Alexandria, who is engaged to the young King Farouk. According to their present plans they will be married next year.

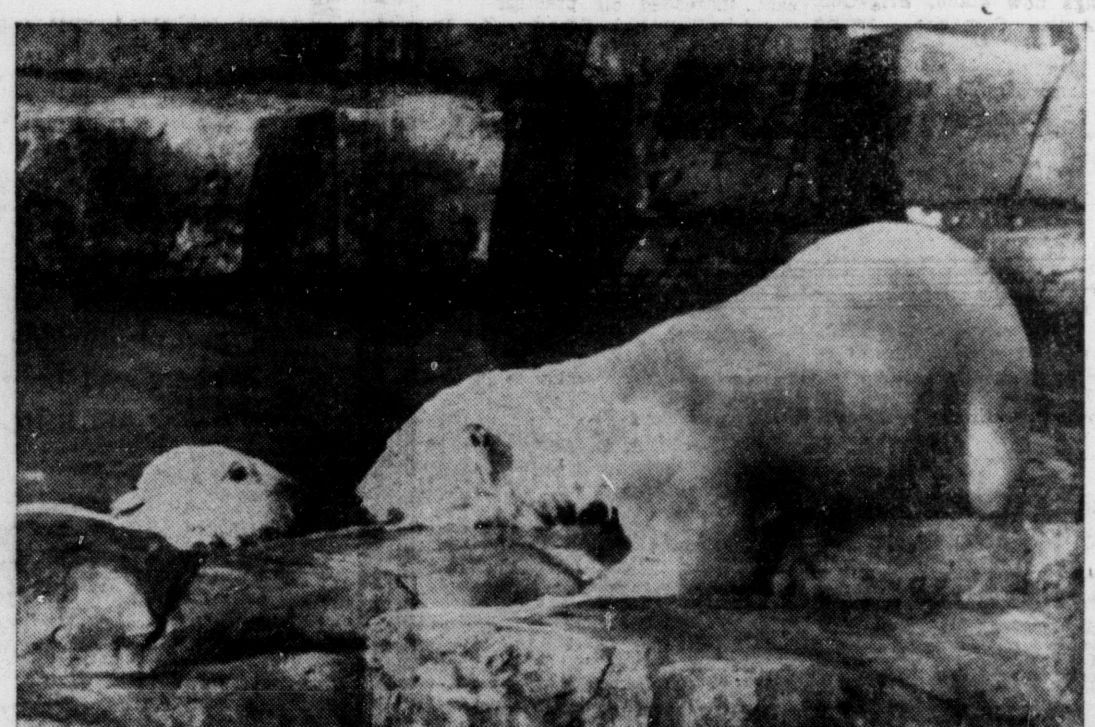

BATTERED BUT STILL UPRIGHT AFTER A JAPANESE BOMBARDMENT: An ancient god, carved in marble, standing amid the ruins of the Municipal Library in Shanghai's Civic Center after an enemy barrage.

THE FRENCH MINISTER OF DEFENSE RIDES ALONG THE BATTLEFRONT IN A TANK: Edouard Belandier, French Cabinet Minister (seated at left), uses one of the Army's new light tanks as an auto to inspect the progress of field manoeuvres in Normandy.

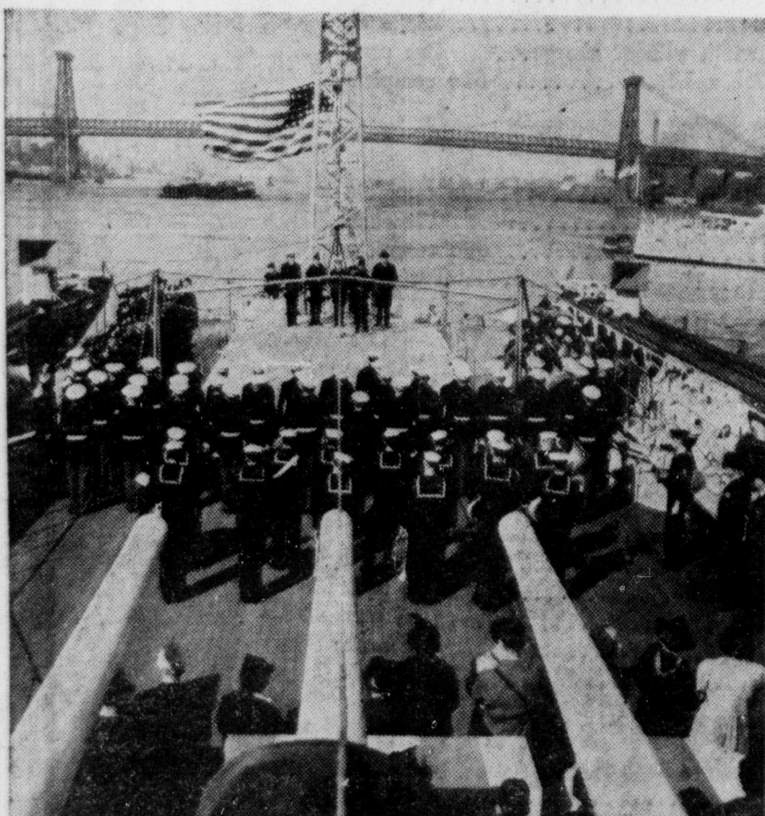

FOR THE AUTUMN BRIDE'S WEDDING: The bride's gown is traditional white satin made with a diamond shaped insert at the waist which gives the new corset line. The skirt is pleated and shirred on the lower edge of the insert. The bridesmaid wears a gown of violet satin trimmed with deep purple velvet ribbon to match her hat and gloves.

HOPING THAT THIS WINTER WILL BE LONG AND COLD: Billy and Pete, two of the polar bears in the Zoological Garden at Brookfield, Ill., become more active as Autumn chills the air and take turns sliding off the rocks which surround their swimming pool.

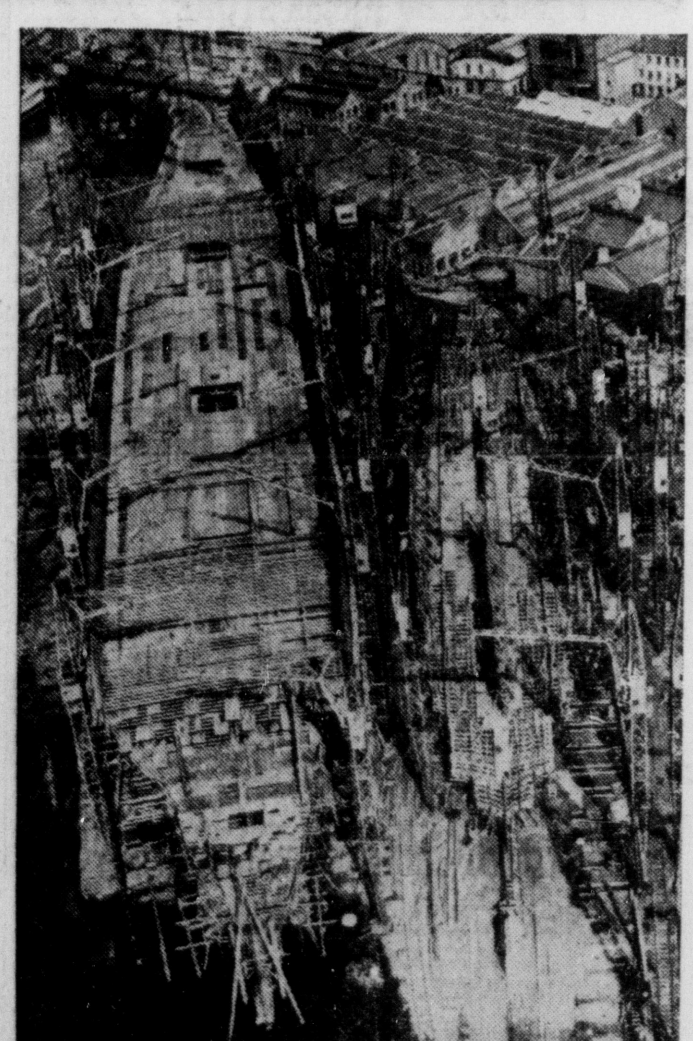

ONE METHOD OF CHEATING THE UNSUSPECTING HOUSEWIFE: Matthew J. Diserio, Deputy Commissioner of the Department of Markets of New York, shows how some shop keepers alter the weight registered on the machine by means of a concealed foot lever.

AS CRUISER BROOKLYN WAS ACCEPTED BY U. S. NAVY: Scene on the deck of the 10,000-ton ship as she was commissioned at the Brooklyn Navy Yard, New York. Her main battery consists of fifteen 6-inch guns which have a high angle of elevation and can throw 105-pound shells for twelve miles.

THE NEWLYWEDS LEAVE THE CHURCH IN A DOWNPOUR OF RICE: Mr. and Mrs. James J. Fry, leaving the church in Boyertown, Pa., after their wedding, bow their heads as they rush for their automobile through a hundred-pound shower of rice thrown at them by their friends.

WORK ON THE SISTER SHIP OF THE QUEEN MARY PROGRESSES: Aerial view of the "532" now under construction at Clydebank, Scotland. The engine hatches and the girders of B deck can be easily identified. The rudder casting is now being placed in position.

GENERALS JAM HATS INTO 1940 MEXICAN RING

BY WILLIAM H. LANDER
(United Press Staff Correspondent)

MEXICO, D. F.—(UP)—Politicians—most of them generals—are busy maneuvering for position in connection with the next Presidential election.

The voting will take place in July, 1940, and the new term of office starts Dec. 1, 1940. However, to obtain a big following and the eventual designation by the official government party—the Partido Nacional Revolucionario (National Revolutionary Party)—much groundwork must be laid down far in advance.

As things now stand, Brig-Gen. Manuel Avila Camacho, acting secretary of war, seems to be the foremost candidate. He was under secretary of war for several years, and has been acting secretary since the death of the secretary, Gen. Andres Figueroa on Oct. 17, 1936.

Avila Camacho is exceedingly popular with the army which, after all, is the bulwark of the government. Under his administration salaries have been increased and better barracks and hospitals have been built. The army has modern equipment to replace the old rifles and cannons sold to Spain.

I certainly appreciate the Alpha Beta canned Food Sale! I bought a big order and made a nice savings. The Alpha Beta boys were pleasant and courteous. They carried my order to my car at their free parking lot, where I park my car any time I trade at Alpha Beta Market or any other stores.

Josephus Daniels made a highly eulogistic speech at the time.

Rodriguez previously was private secretary to President Cardenas, and was dubbed the vice president. He is a great orator. His middle name is Ignacio, but he does not use it any more, because of its religious derivation. Rodriguez in July issued an astounding decree: that whenever peasants are murdered, the land on which the murder occurred will be immediately taken from its owner and given to an agrarian community. The law was much criticized but Rodriguez got busy, came to Mexico, and persuaded President Cardenas to

July 22 to issue an order telling the governors of all the other states to do likewise.

Heads Press Bureau
Augustin Arroyo Ch. is the other strong civilian potentially. He was governor of Guanajuato, when under state of interior. When Cardenas decided to create a strong, centralized propaganda bureau, he appointed Arroyo Ch. to head it. It is the DAPP—Departamento Autonomo de Prensa y Publicidad (Autonomous Department of Press and Publicity). It is so powerful that even cabinet members are afraid to talk to newspapermen unless it is through the

DAPP. He controls radio stations, the government printing office and tourist advertising.

This is the situation as it now exists. It was different a year ago, just before ex-President Emilio Portes Gil ceased being president of the PNR. He was then reported to be grooming his protégé, Marte Gomez, now governor of the border state of Tamaulipas, for the Presidency. Gomez is now the forgotten man.

Our Children

BY ANGELO PATRI

THE PROBLEM CHILD

In some quarters lately there has been a tendency to teach Art as a cure for behavior problems, the notion being that if a troublesome child is allowed to use paint and paper freely he will release the demon in him and be whole. It simply is not so.

There is no specific cure for a behavior problem. Human behavior is never the simple thing that this would imply. It is about the most complicated process under heaven, and only the angels understand it, and sometimes I doubt that they do.

When a child does things that are clearly out of balance with life as it is lived today, when he persistently fights, lies, steals, runs away, or does any of the disturbing things that are related to these disorders, the first thing to do is to try to find the cause of his behavior and remove it.

This means a long session of examinations and tests, many consultations with the teachers and the experts, much time and patience. Usually, given enough of these last two elements, the child will come through. Nature works behind a screen through which we never see clearly, and she works marvels beyond human understanding or power. If the child has a good ancestry, a good home, sound health, then time and patient teaching will pull him through. The sick and the ailing child, the deficient child, needs more special teaching, longer time and a finer quality of patience.

How about occupations like painting and art weaving? Fine, if the child can enjoy them. Bad if he cannot. Even the most enthusiastic promoter of free art for problem children would hesitate to prescribe writing poetry for his case. Why? Why should not one Art form be as good a release as the other? It is; provided always that it is the peculiar release of the individual child. Otherwise it is time and effort wasted—time for the teacher and pain for the unhappy student.

Work is the best possible release, or escape, for humanity. "Blessed is he who has found his work," said Carlyle, and he knew what he was talking about. But he said, "his" work. Not somebody's else. If a child wants to paint, let him. Teach him all he can learn. He will be the better for it mentally and physically, and his behavior will be better because he is happier. If he wants to write poetry, and can manage to do it, don't stop him. You won't be able to help him much, but let him alone. Encourage him and feed him the works of the great poets. He, too, will be happier.

My point is that Art instruction is no cure for problem children as a group. There is no sense in introducing art classes into probationary schools, for example, in the hope of curing the behavior traits of the pupils. Give them a variety of occupation and let them stick at the one in which they seem to do best. If whitewashing the walls or fences helps, fine. If sewing patches helps, fine. Let each

have his work and there will be some hope of cure. Provided always, that the doctors and teachers and specialist have been permitted to do their share toward the cure. Behavior problems are not wiped off with a brush full of color. They go deep.

WORTH LISTENING TO

We believe it will be of advantage to every resident of Orange county to tune in on radio station KECA tonight at 8:45 o'clock when A. J. McFadden of Santa Ana, president of the California State Chamber of Commerce, will speak over the blue network of the National Broadcasting system.

Mr. McFadden will discuss major problems now facing the state, and will tell of the statewide gathering to be held in Los Angeles on October 28 and 29, at which a statewide program will be initiated.

That Mr. McFadden will have something of importance to say is conceded. For it is our opinion that he is a student, well versed in state affairs, and his opinion is worth listening to, and heeding, at all times.

COPY KANSAS CITY!

That the juvenile auto death toll in this country need not remain the insoluble problem it usually seems to be is amply proved by the experience of Kansas City.

In the average American city of 400,000 population, a child is killed by auto traffic once in 27 days. In Kansas City, however, an entire year has passed since the last child traffic fatality.

Kansas City did it, apparently, simply by deciding to spend the time and the money necessary to keep the youngsters safe. Elaborate safety campaigns were staged in the schools and over the radio. The police furnished traffic patrolmen for every corner where children had to cross streets. Motor traffic was patrolled constantly. Drivers were compelled to remember that a little heedlessness could cost a child's life.

The result is something for Kansas City to be proud of—and something for her sister cities to copy.

Here in Santa Ana we have one of the finest child safety records anywhere in the nation. It is over six years since a child has been killed in a motor accident here. This year, due to Chief Howard's safety campaign not a child has even been injured.

WISE EXPERIMENT

The Chamber of Commerce at Huntington Beach has just completed an experiment and found it a success.

The pertinent question of whether or not Huntington Beach should build a beach pavilion and auditorium was one of long standing. Some time ago plans were drawn and a request made for a federal grant. At an election the voters approved, by a vote of 2 to 1, the immediate construction of the pavilion. That was more than a year ago.

Recently WPA officials warned the Huntington Beach chamber and city council definite decision had to be made by Sunday, October 17.

At the city council meeting last Monday there was some question as to the attitude of the voters today. The chamber of commerce stepped into the picture with an offer to conduct a straw vote by postcards. The offer was accepted.

A postcard was sent to every registered voter in the city—2116. A fifty per cent return of cards followed, heavily favoring immediate construction of the auditorium. The council was told of the results. Action was taken which clinches the pavilion for the city.

This was a wise and economical experiment. The cost of 2000 postal cards settled the issue. There was no coercion. Fifty per cent of the voters responded—a good percentage in any election.

The Huntington Beach Chamber of Commerce proved itself to be a live-wire organization and the move will prove beneficial to the city.

LET'S TELL THE WORLD

We wonder if the best interests of Orange county are being served by the board of supervisors in refusing to place an exhibit in the San Francisco International Fair in 1939. This same question was brought up when the board declined to enter an exhibit in either the state fair or the Los Angeles county fair.

For more than a quarter of a century Orange county products have been displayed at county, state and international fairs.

The board contributes yearly to the All-Year Club of Southern California to advertise Orange county throughout the nation. Why discriminate now?

Santa Ana and Orange county have received a great deal of benefit in worthwhile publicity through its exhibits in the past.

Supervisor N. E. West of Laguna Beach balked at entering an exhibit in the San Francisco fair claiming: "San Francisco gets everything, why should we help?"

If we maintain that policy in everything Orange county never will get anything. It's a known fact that you can't get without giving. How can we expect support from other parts of the state and nation if we don't go out of our way to aid them?

Orange county, by entering the San Francisco fair, could gain worlds of good-will and favorable publicity. Millions will pass through the fair gates in 1939.

We have something to be proud of in Orange county.

Let's tell the world about it.

The place where two friends first met is sacred to them all through their friendship, all the more sacred as their friendship deepens and grows old.—Phillips Brooks.

IS THE SHOWDOWN COMING?

As we see the stock market wipe out the gains made in the last two or three years, caused by the stimulant of inflation, and as we see the columnists and the economists attempting to explain the seriousness of what it means, we wonder whether we are not approaching, much quicker than we might have thought, the final showdown for our violation of the natural principles of nature.

We have a letter from a business associate in Akron, Ohio, which does not speak too well for things in the east. He says, "Locally, conditions are worse now than they were a year ago. Twin Coach at Kent, (they are on the Big Board), closed down last night with orders for 50 big buses and a number of smaller ones on their books, for lack of finances. Looks as though we might finally be coming to the showdown. Local rubber companies have laid off better than 6000 in the past two weeks and seem to be getting their houses in shape."

The fact that no one wants to own stocks undoubtedly comes from their sincere belief that there will be mighty little profit made in owning businesses in the immediate future. They cannot help but believe this because private ownership is no longer private management, with the government determining with whom you may associate in the line of employment and the government declaring that your loss belongs to you and a large part of the profit belongs to the government.

It would seem about the only thing that will again stimulate business, under these conditions, will be another scare as to inflation. When people come to believe that their credits are gradually getting of less value, there undoubtedly again will be an active spurt of employment because of people attempting to convert their credit into things.

How soon this will come is the question. When it does come, however, as long as the government refuses to permit private enterprise to select its own help and produce what it thinks society most needs, there will be little reason to believe that we can have permanent prosperity.

REAL WAGES CAUSE OF ALL STRIKES

We often hear the statement made that the wage question is not involved in strikes. This statement was recently made in regard to the Northrop plant and the Ford motor car strike at Kansas City.

In reality, however, a strike is on account of wages, whether the contending parties will admit it or not. It might not be that the strike is about the weekly or hourly wage, but the strike invariably is about the piece wage and the piece wage includes more than the money wage. It includes all the conditions connected with the work.

It is only the piece work cost that any successful employer is interested in. They might readily agree to the hourly wage but object to the piece cost for the sole reason that it will bring their piece work rate up to a point which they do not believe is in comparison with piece wages of their customers.

So the next time you hear or read about a strike being on any other question than wages, whether it is a closed shop or open shop, in the final analysis it resolves itself into the wage cost the employer is obliged to pay to get a given unit of service performed. Wages are the real important question.

WHO IS TO BLAME?

As unemployment becomes greater again, the live question before the American people will be who is responsible for this breakdown. The politicians, the demagogues, the labor leaders and the theoretical educators will contend it is a deliberate action on the part of capitalists and employers to beat the present administration. Theoretical dreamers and educators have been saying for years that low wages was the cause of unemployment. Now they will contend that the employers are deliberately closing down their factories in order to force labor to work for less.

On the other hand, those who are losing heavily in business and having their savings wiped out, will point out that the breakdown is due to government interference and the belief of the theorists that this is a land of plenty; that one man's opinion is as good as another; and that government interference, which makes it impossible for private initiative to function, is the cause of the breakdown.

This will be the question that eventually will have to be fought out.

CALIFORNIA PAYS

Figures released at Washington which show California third in number of income tax returns, third in net income and fourth in amount of income tax paid are matters to be considered with mingled feelings.

They mean that California, though fifth in population, is well above the average in production of wealth so far as that is measured in income. That is a matter for congratulation.

They also mean that California now and in the future, will pay more than her share of the heavy bill for federal extravagance. Not only will every son spent in leaf-raking and shovel-leaning projects in California be paid out of California pockets, but those in a dozen other states will be paid for here, too.

The figures are for 1935, based on the 1936 returns, and therefore do not reflect any effect of the state income tax in driving wealthy residents out of California. It will be interesting a year hence to see if California's relative position changes. If we shift downward a notch or so it will not be particularly surprising.

New York, first in population and wealth, naturally stands at the head of the list with \$52,000 returns and net income of \$2,106,000,000. Pennsylvania was second with \$89,994 returns and \$1,273,000,000 net income, and California has 367,757 returns and \$1,172,000,000 net income. The closeness of California to Pennsylvania is notable. Illinois nosed out this state for the doubtful honor of paying the third largest income taxes.

Californians gave up \$42,023,000 for support of the federal government and relief of other states. A good share of this amount could have been spent to better advantage if it had remained here.

When talk of the "federal bounty" heaped upon this state is heard, the figures furnish an eloquent answer.—Los Angeles Times.

Register Clearing House

(The articles under the Clearing House are published for the purpose of an exchange of ideas and are not necessarily the opinion of this newspaper. Contributors are urged to confine their articles to 300 words.)

Editor Register:

You flatter and honor me when you invite me to enter into a discussion of economics in the columns of The Register. But I must refrain from such a discussion. It is sufficiently exciting to poke around out here in the fog of my own field, without venturing into other fields and their attendant fogs.

Permit me to remain a simple commentator, (or critic) upon the theories of others, in matters pertaining to economics. It is a science as yet so immersed in theory, that for a simple commentator to attempt "to explain in detail" any of its phases would be something beyond mere folly.

But now do not bid me, please, to "put up or shut up." Give me the right to express ideas and the right to criticize, justly and with reason. And give me the privilege of expressing my opinions, even if those opinions are colored by prejudice.

Once upon a time you dubbed me an idealist. It so happens that the plans and purposes of TVA shape themselves into my ideals. I see it as a proposition which will, if it can, outside the storm of opposition, exerted against it, bring modern comforts and decent living conditions into thousands of homes where, up until the advent of TVA, there was a sad absence of those modern blessings. I have a queer notion that until the standard of living among all the under privileged masses of people in our country is greatly heightened, you and I are not worthy of freedom.

We are tied with their bonds, a factor which is certainly beyond our comprehension, and those bonds are being held tight by the very power interests which the TVA is threatening to displace.

In your editorial you spoke of the creation of new wealth. I have been under the impression that the idea of new wealth is a fallacy, that all the wealth that ever was in existence is in existence now and always will be and that the most glaring fault of the present economic system is that it permits vast pools of wealth to be cornered by special privileged groups of individuals.

Now, the idealistic vision sees a social system coming eventually which will spread wealth evenly throughout society, making it unnecessary for the John Fors to live under the slavish pressure of mortgaged homes and economic fear. Every man and woman will hold his or her job as a birthright, which the very power of the state itself will not venture to take away from them so long as the jobs are ministered in the interest of society as well as of the individual.

You also allude to the present competitive system. I am afraid such a system no longer is in actual existence. It certainly did not exist in the Tennessee Valley, as far as Power was concerned, before TVA came along. Every corporation in the country is controlled by an interlocking directorate system. The directors and themselves are so interlocked that a few leading executives control all the big business of the country. It is now a system of apportionment and not of competition. At least, so I have been informed—perhaps I have been misinformed.

Even little business is no longer truly competitive. It is now so-called co-operative, what with the Rotarians, the Kiwanis, the Lions, and what not.

And then you mention revolution. I pray that our country shall never suffer the misfortunes of France, Russia and Spain. Such revolutions can only serve to bring about the seizing of power and the misuse of force by certain misguided individuals. I hope for the bringing about of just and honorable leadership through the channels of right education.

Whether the individual be the President or a ditch digger, he will be educated to minister his job in the best interests of society as well as for himself. To be honest will be the first principal of education.

"I serve," will be the watchword, not, "I get mine."

PAUL VELEY.

Editor Register: At a union meeting of the three Christian Endeavor societies of the United Brethren Church of this city official action was taken to commend your staff on your stand against liquor advertisements in your paper.

Sincerely,

Y. P. S. C. E. Sec.

of the President of the United States. The producer would have got no financial backing and various police chiefs and public officials would have prevented performances on the ground that they threatened the public order.

Now we have a bright new musical play, which opened before the jingling money-changers of the American Bankers association at Boston, "I'd Rather Be Right!"

With an antiquated song-and-dance man in the lead, this production deliberately burlesques not only President Roosevelt and his cabinet (who may be legitimate subjects for theatrical cartooning) but also his wife and his mother.

This goes beyond political license and raises the issue of common decency and good taste. If an ordinary man or woman is publicly mocked in a book or a play, he or she has recourse to the law of libel. A claim of damages, a demand for deletion or complete suppression can be made, and the author and producer can be called to an accounting before the courts.

Only at the risk of raising a hullabaloo against "censorship" can a man in Mr. Roosevelt's position take steps to protect the ladies of his household from public and intentional mockery. This is hitting below the belt, a practice which is condemned in pugilistic circles and one which should be prohibited as a matter of course in the case of public officials.

I am not drawing a magic circle of unctuous president-worship around Mr. Roosevelt or any other chief executive. He is a political leader, a dynamic and picturesque personality, a reformer who has defended many powerful interests. He is properly subject to criticism and opposition in his capacity as head of the majority party.

That he should be vilified and lampooned by those who seek to drag him down is perhaps natural; it is certainly inevitable at this stage in our political evolution. He can take it and the chances which it will strengthen his political standing with the mass of the people. His wife and mother are also probably used by now to pole-cat tactics and are resigned to the political nastiness of "nice people."

So "I'd Rather Be Right!" will probably work out to the advantage of those whom it pillories, if only on the old principle that every knock is a boost.

What arouses my curiosity is the mentality of the men who employ such childish methods of political argument and who are prepared to throw mud at the head of the American nation and to discredit his high office as soon as it can no longer be controlled in the interest of the tax-dodgers de luxe.

Suppose the Communist party were to produce a play making a similar attack on the person, the office and the family of the chief executive. We all know how eagerly the police would waste in to stop the performance. When the Federal Theater Project tried to stage a radical musical satire of the steel industry, "The Cradle Will Rock" was suppressed on WPA orders from Washington.

Yet here we find the bankers, whose business is based on federal authority, whose safety depends on "law and order," and whose very lives Mr. Roosevelt saved four short years ago, guffawing fully so at the calculated mockery of the men and institutions which saved them. Perhaps the philosopher was right when he observed that the Bourbons learn nothing and forget nothing.

SKIN IS LIVING TISSUE, HENCE REFLECTS MANY ORGANIC INFECTIONS

This is the first of a series of articles in which Dr. Morris Fishbein discusses diseases of the skin.

Your skin is living tissue—not just an envelope on the outside of your body. The skin has, indeed, been called the mirror of the body because many of the conditions which affect the human being as a whole have symptoms related to the skin as one of the signs that there is something wrong.

In the skin are the nerve endings which make us aware of the sensations of cold or of warmth and which let us know when something from outside is touching the body.

The skin of a grown-up person weighs about six pounds. If spread out flat on the ground, it would cover an area of about 16 to 20 square feet. The blood vessels in the lowest layers of the skin runs in waves or little hills. These are responsible for the ridges on the palms of the hands or the tips of the fingers. No two human beings have these ridges in exactly the same form.

Some forms of skin disease are quite definitely hereditary. Color of the skin is dependent largely on inheritance and to some extent on the amount of blood in the

vessels beneath the skin. If for any reason these blood vessels contract so that they do not contain the normal amount of blood, the person looks pale.

The skin on the palms of the feet, the soles of the feet, the shoulders and the back of the neck is the thickest of that anywhere in the body. It varies, however, from 2-100 of an inch to 16-100 of an inch in thickness from the thinnest to the thickest portions.

Hairs begin to grow on the skin in the two to three months before the baby is born. This is a downy growth which will later be lost. Two months before the baby is born the real hair begins to develop. The nails start to develop on the fingers about six months before the baby is born.

Very few substances are absorbed through the skin into the body. Water certainly is not. Some fat substances may be absorbed, particularly if rubbed into the skin.

News Behind the News

By PAUL MALLON

World Copyright 1937 by King Features Syndicate, Inc.

WASHINGTON, Oct. 22. — Inner officials and outsiders here can and will tell you of the record exactly what happened in the stock market.

The official will explain in darkest secrecy that it was a job by market professionals and that the public did not sell.

A marketeer who knows his Wall Street will inform you, strictly confidentially, that the big professionals were caught flatfooted and that public selling was wholly responsible.

The only fact every one agrees on in these confusing efforts to cover up both responsibility and ignorance of what happened is this: Insufficient justification existed for what happened.

The inside on the Wall Street viewpoint is this: We business people have been kicked around so much we have defeatist jeebies-jees. We get to the middle of a recovery movement and see rocks ahead. Psychologically we are just not fit to meet them. When we could not see our way clear we just got scared. It was not the size of the rocks that scared us, but rather our own timidity.

And why not? Tax laws and the increased labor costs have diminished the margin of profits, made stocks less valuable, made business more hazardous. Then we have war threats, blockade threats, unclear budget statements, special sessions of congress—none of them real immediate troubles in themselves, perhaps, but accumulatively harrowing in view of the fact that we felt licked before we met them. Some of us thought we were too far out on a limb, started selling, lost our nerve, over-sold.

The inside slant of the administration is: you people are thinking too much in terms of 1929. The profits of those days have gone, never to return, but there are still profits available for the energetic business man who is meeting the new situation with new methods.

We cannot keep stock prices up, cannot control the psychology of the market. The reasons for the extent of the drop are technical, no matter what caused it in the beginning. Six or seven waves of margin sales went out up to Wednesday, over-accumulating a bad situation. The market will naturally right itself when these situations have run their course.

The purpose behind the Landon speech was almost obvious. The 1936 nominee desired to inform his 17,000,000 voters that he is the leader of the Republican party. He chose the time considered propitious for Republicans to assert themselves in active opposition.

The effect on the country was difficult to gauge here in the center of New Dealism where most of the backstage criticism concerned Landon's radio voice and presentation.

Within Republican circles, however, unanimity of opinion was lacking. Some would have said nothing he said at this time, believing that the future of the party lies more in what happens to Roosevelt than in anything Republican leaders can say.

Technically Landon's political position was judged by the experts to be just about perfect. He took his stand upon a spot to catch all the votes to the right of Roosevelt for the Republican party.

The federal communications commission tried subtly to expose the visionary aspects of television the other day. It was too subtle. Its exposure was lost in the middle of an innocuous handout which contained this phrase:

"... There does not appear to be an immediate outlook for the recognition of television on a commercial basis."

What the FCC was trying to hint was the fact that commercial development of television is not expected before 1940 at the earliest. Further it wanted to warn people against any misrepresentations in buying television stocks.

The reason it could not make clear what it was trying to say is because it did not step on the toes of the SEC.

First mistake of the usually cautious New Deal in timing its announcements was in the release of the new budget estimates. It happened to pick the day when the stock market was at its worst.

Reason: Announcement had been made several days prior to the market fainting spell that the budget figures would be out for release Tuesday. Therefore, it could not be delayed without arousing more dangerous suspicions than the figures justified.

The only significance in the incident is that it proves again the government had no reason to suspect the stock break was coming.
